TO THE CONGREGATIONAL CHUNCHES OF THE DOMINION OF CANADA, WITH THEIR PASTORS AND DEACONS:

DEAR BRETHERN,—The Directors of the Congregational Publishing Company, impressed with the important service which the CANADIAN INDEPENDENT newspaper the Canadian independent newspaper can render you in your work, locally, as individual churches, and also in the larger fellowship of the churches as a denomination, appeal to you for continued and increased support.

creased support.

The CANADIAN INDEPENDENT is maintained to explain and defend the distinctive principles of the Body, and to serve as a medium of communication among the churches, that each may know what the others are doing in their several spheres of labour, that the strong may help the weak, the vigorous encourage the struggling. That this may be efficiently done, pastors and deacons should systematically communicate church news to the Editor, and the members subscribe to the paper and pay for it in subscribe to the paper and pay for it in advance. The subscription is kept at the nominal price of one dollar per annum, that the paper may reach every family in the denomination. Thanks are due to many wilnomination. Thanks are due to many wil-ling workers by whose exertions a most gratifying increase to the list of subscribers was secured during the past year. We anticipate their renewed efforts, and are happy to know that others are now working most energeti-cally that a still larger increase may be obtained in the new year. One pleasing fea-ture of the past is worthy of mention, which is, that in several cases where NEW causes have been begun, the friends have made it a first object, that with the planting of the churches, the CANADIAN INDEPENDENT shall be introduced, to the families associatshall be introduced, to the families associating themselves together in church fellowship—a wise arrangement, the far reaching influence of which for good will be felt in the future. Were friends in other fields which though begun years ago, are still in a feeble condition, to go and do likewise, the probabilities are that prosperity would be secured. It is not too much to say that the churches ought to adopt the CANADIAN INDEPENDENT as an institution that is to be cared for, and sustained, as the Missionary Society, the College, and the Provident Fund in both its branches, should be cared for and sustained. Brethren, let us earnestly urge that each

branches, should be cared for and sustained.

Brethren, let us earnestly urge that each church immediately appoint a canvasser, to care for the CANADIAN INDEPENDENT's interests, within the bounds of the congregation, by obtaining new subscribers, collecting subscriptions as they become due, noting changes of residence, irregularities in receiving the paper, and, generally, taking advantage of opportunities as they may occur for securing the hearty support of all who can thus be reached. A deacon might be charged with a general oversight of this work. Expenses for postages and money orders may be deducted from collections so made. Subscribers ought to remit at once, as although the individual amount may be small, yet the aggregate is important. Specimen copies, will be supplied on application, to introduce the paper where it may not be already known. known.

Another way in which our work can be supported, remains to be mentioned. The Company is incorporated under a General Act of the Province of Ontario. Its capital stock is \$5,000, in 1,000 shares of \$5 each. Up to this time less than one fourth of its stock became the subset of More irrequired to carry has been subscribed. More is required to carry on our operations economically. In our churches there undoubtedly are many friends who upon a representation of the case, would take one or more shares of the stock. This take one or more shares of the stock. This we commend to them, as a means of usefulness to the body at large, and hope that our ppeal will be successful, because, on commercial (business) principles, having capital t command, the Company can make conracts for publishing, or purchase books for he Book Room, on more advantageous rms than when credit has to be sought.

In regard to the editorial management of the paper for the coming year, as already mounced in the paper, the Directors have on successful in securing the services f Mr. H. J. Clark, who has underaken the office of Editor-in-chief, without lary, for the year 1880. We bespeak for in the hearty co-operation of the pastors and other church officers.

We remain on behalf of the Directors, Yours truly,

AMES SMITH, A. CHRISTIE,
President, Business Manager.

"THE MAGNETICON."

The Celebrated English Magnetic Appliances FOR THE CURE OF DISEASE.

CANADIAN OFFICE:

125 CHURCH STREET, TORONTO,

The Parsonage, South Caledon, August 25th, 1879.

Mr. Thos. J. Mason.

DRAM SIR,—I am glad to report that the "Magneticon" obtained from you last May has been of immense service to me. After wearing the Belt and Sciatica appliance three days there was a marked improvement, and in from two to three weeks the pain had ceased. Since that time I have had no pain of any moment, although much in tig saddle and exposed to the weather. I look upon this cure as remarkable, having been a very troublesome case of Sciatica of over two and a half years standing. Heartily recommending the "Magneticon,"

I am yours truly,

FRANCIS WRIGLEY.
Pastor South Caledon Cong'l Church.

EXETRE, Avenut 20th, 1870.

Mr. Thos. J. Mason.

Dank 51s,—I informed you some time since of the benefit I had received from the "Magneticon" Chest Protector which you sent me from England, and having now given your Belt a thorough trial also, I am glad to say that it has quite relieved me of the weakness and pain so long sustained in my right side.

I have at the same time been carefully watching the effect of the 'Magneticon' appliances upon a large number of others, being led to do so not only because of the benefit I had received but from their apparent adaptability to the requirements of such a diversity of cases, and the singularly good effects following the action of their genele, constant currents of magnetism whenever applied Among the instances thus noticed have been three cases of nervous and constitutional weakness; three cases of weak and effected lungs two cases of neuralgia two cases of brouchitis, two cases of swelling on the knee, four cases of lame back, rheumatism, etc. With each of the persons thus afflicted I have had a personal acquaintance, and in almost every case there has been a decided cure. I have much pleasure in thus bearing testimony to the value of your appliances, and we will be cased to the persons thus afflicted I have much pleasure in thus bearing testimony to the value of your appliances, and we will be called the case of the persons thus afflicted I have much pleasure in thus bearing testimony to the value of your appliances, and we will be called the case of the persons thus afflicted I have much pleasure in thus bearing testimony to the value of your appliances, and we will be called the case of the persons thus afflicted I have much pleasure in thus bearing testimony to the value of your appliances, and and we will be called the cases of the benefit I had received but from their substitutional weakness:

Illustrated Pamphlets, containing Price Lists, Testimonials and all information are supplied free on application, or sent by post to any address. See also descriptive adv't in former Nos. of this paper. The Appliances are sent by Post or Express, to any address, on receipt of price.

THOS. J. MASON, American Representative, 125 CHURCH STREET, TORONTO.
