THE great popularity acquired by these Pills during the I twelve veers they have been offered for sale in this Province is a convincing proof of their value, as no undue means of increasing their sale have been resorted to by puffling ad certisements—no certificate published concerning them.

These Pills are confidently recommended for Bilious complaints or morbid action of the Liver. Dyspessia, Costiveness, Ireadache, want of Appetite. Guidiness, and, the numerous symptoms indicative of derangement of the Digestive organs. Also, as a general Family Apericat. They do not contain Calomel or any mineral preparation. are effectual in their operation, yet so gentle that they may be taken at any time with perfect safety, by persons of hoth sexes: nor do they as do most other Pills, necessitate the constent use of Purgative medicines, the ingredients of which they are composed effectually obviating this common difficulty.

HOLLOWAY'S PILLS.

THE blood furnishes the material of every bond, musck, gland and fibre in the human frame. When pure, it secures health to every organ; when corrupt, it necessarily prodduces disease. HOLLOWAY'S PILLS operate directly upon the elements of the stream of life neutralizing the principle of disease, and thus radically curing the midady, whether located in the nerves, the stomach, the liver, the bowels, the muscles, the skin, the brain, or any other part of the system.
