

Personals

Dr. and Mrs. Washington, Wolseley, have returned from their visit to the Pacific Coast.

We sympathize with Dr. W. J. McKay, of Saskatoon, who has been called upon to meet a loss in the death of his wife, who met with her death in a terrible manner, being severely burned on the 2nd of October. Her death occurred next day, after intense suffering.

William Caniff, M.D., M.R.C.S., famous as a historian and physician, passed away at Belleville, Ont., on 17th October, of senile decay at the age of eighty years. The deceased had been living in Belleville the last few years in seclusion, owing to ill health. He will be remembered as having been medical health officer of Toronto many years ago, and as the author of "The Settlement of Upper Canada."

During the last few years he had been engaged on the revision of this work in two volumes. The original edition of 1868 is now so rare that secondhand copies sell at as high a figure as \$10 each. The deceased has a brother living in Toronto, Philip, and relatives in this neighborhood.

The village of Cannifton, three miles from Belleville, was named in honor of his progenitors. Mr. W. H. Canniff, of the Toronto Post Office, is a son of the deceased.

An exceptionally bright week socially was concluded Saturday afternoon, October 15th, by the large reception given by Mrs. W. M. Martin, Regina, in honor of her sister, Mrs. W. E. Graham, a bride, who with her husband, Dr. Graham, is staying over for a little visit in Regina on her way to her new home in Calgary.
