

The Great Southern PIANO House!!

WM. KNABE & CO.
Of Baltimore & 5th Avenue, New York,
THE OLDEST PIANO MANUFACTURERS IN AMERICA.

This firm has one of the finest and largest factories in the world, five stories, covering about 2½ acres. For nearly half a century the name has been a guarantee to those looking for the **VERY BEST PIANO** that could be produced. They have unostentatiously won their great reputation by solid merit alone. During their history hundreds of firms in their line have had a puffed up, mushroom existence, and passed away, while they have steadily gone on; until now they enjoy a reputation not surpassed, if equalled, in the world.

Owing to the large demand for these Pianos in the States and Canada, and even in Europe, combined with the high price they command, they have never been offered to the people in Nova Scotia, but being

Determined to be First in our Line,

We have the pleasure to announce that we have secured the Sole Agency for these **NOBLE Instruments**, and now with our varied stock can please the **ARTIST**, the **WEALTHY**, the **REFINED**, and **EVERYBODY ELSE**.

ZOEDONE.

A Delicious Beverage.

The BRITISH MEDICAL JOURNAL says:

"We can confidently recommend it to the attention of physicians and others who are occasionally at a loss what to direct their patients to take when parched by feverish thirst or depressed by exhausting ailments—namely in cases where alcoholic stimulants would be prejudicial. We feel that it would be found exceedingly useful in mitigating the discomfort oftentimes experienced by those suffering from thirst, loss of appetite, and general malaise connected with the last stage of phthisis and chronic bronchitis. We would also, from our observations and experience, advise its introduction into clubs, taverns, and places of public amusement, where it would judiciously supersede vinous and alcoholic stimulants, seeing that it contains, as its name implies, life-giving ingredients in a form easily assimilated."

A BRAIN AND NERVE TONIC.

The LANCET says: "ZOEDONE contains the soluble phosphates of lime, iron, soda, and potash in medicinal quantities. Very efficient and pleasant."

The MEDICAL PRESS AND CIRCULAR says: "Is commendable equally for the style in which it is put up and the delicate flavour which it possesses, and also on account of its special merits as a nervine tonic."

NON-ALCOHOLIC. STIMULATES BY STRENGTHENING.

CAUTION.—Dealers should be on their guard against numerous imitations of ZOEDONE, put up in the same style and offered as substantially the same article. The composition of ZOEDONE is protected by Letters Patent, and the Zoedone Company will proceed against infringements.

Every Chemist that has introduced ZOEDONE has found a large and regularly increasing sale for it.

It is put up in Champagne Bottles, and there is no trouble with empties, as the bottles are included in the price.

NEWS FROM ABROAD.

London, Aug. 27.—The speech from the Throne on the prorogation of Parliament today declares the relations with foreign powers amicable and cordial. Satisfactory assurances have been received from France regarding Tunis. Self-government has been secured to the Transvaal, which it is hoped will tranquilize South Africa. The withdrawal of British troops from Afghanistan is not expected to lead to any trouble on the northwestern frontier of India. Although negotiations have been temporarily suspended, the best efforts will be made to conclude a commercial treaty with France. In reference to Irish affairs, the Queen says it is her earnest hope that the new land act will be productive of benefits commensurate with the care given to the measure. It has been the study of Her Majesty to use the exceptional powers conferred to her in Ireland with vigilance and firmness, but with discrimination. The desire is expressed that the condition of the country will so improve that the use of these extraordinary powers may be dispensed with or abated.

How to get Sick.

Expose yourself day and night, eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised; and then you will want to know

How to get Well.

Which is answered in three words—Take Hop Bitters.—See other column—Express.

THE COMMON EXPRESSIONS, "I feel so dragged," "My Food don't Digest," "I don't feel fit for anything," which we so often hear during the Spring and early Summer months, are conclusive evidence that the quality of people require at that season especially a RELIABLE medicine that will strengthen the organs of digestion, stimulate the circulation of the blood, and "tone up" the debilitated constitution.

HANINGTON'S "QUININE WINE AND IRON," taken according to directions, produces buoyancy of spirits, vigor of mind, and gives lasting strength to the whole system.

Mr. George Sewell, of Memramook, N. B., writing from Moncton, N. B., under date of May 17th, 1878, says:—

DEAR SIR,—In January last I came to Moncton from Memramook to consult a physician, as I was in the last stages of Consumption. When I arrived here I had at once to go to my bed, and was so low I never expected to leave it. A physician was called, who pronounced my case hopeless; that I might live a week or two, but not certainly more. As a last resort he recommended "Robinson's Cod Liver Oil with Lacto-Phosphate of Lime." I purchased a bottle, and after taking the first dose commenced to improve. It seems, after taking a dose, as if I had eaten a good, hearty meal. I have continued taking it ever since, and am rapidly improving. I am confident that had it not been for your Oil, I would have sunk in my grave long ago. You are at liberty to use this in any way you wish, as I am anxious to let others who are afflicted in the same way know, in the hope that they too may receive the same benefit.

I remain, dear sir, yours respectfully, etc.
