conditions

In some conditions the gain from the use of **Scott's Emulsion** of cod-liver oil is rapid. For this reason we put up a 5oc. size, which is enough for an ordinary cough or cold or useful as a trial for babies and children.

In other conditions gain must be slow, sometimes almost imperceptible, health can't be built up in a day. For this Scott's Emulsion must be taken as nourishment, food rather than medicine, food prepared for tired and weak digestions.
