Business Manager**

Canadian-produced board games have become international best sellers in recent years. With QUIZIMAZE and KALEIDOMAZE, Wilfred Enterprises ensures that tradition will continue. Our three-dimensional maze games offer players the never-before challenge of zig-zagging through ever-changing mazes.

QUIZIMAZE is a question game based on the MAZE OF KNOWLEDGE. It turns learning into fascination by depicting questions and bringing a new dimension to trivia games. KALEIDOMAZE is the strategy game of the MAZE OF LIFE. Elements of chance and credit are required to win through the maze of life-like stresses and obstacles.

Both games are elegantly packaged for sales impact. Gameboards are made of uniquely designed durable plastic and all components feature attractive, top quality designs.

Combining original concepts and superior workmanship, Wilfred Enterprises offers these fine Canadian games to the international market at competitive prices.

Three-dimensional mazes provide a new creative challenge to board game enthusiasts.

Windridge House Pottery Ltd.

6464 144th Street

Surrey, British Columbia

Canada V3W 5R4

(604) 596-4528

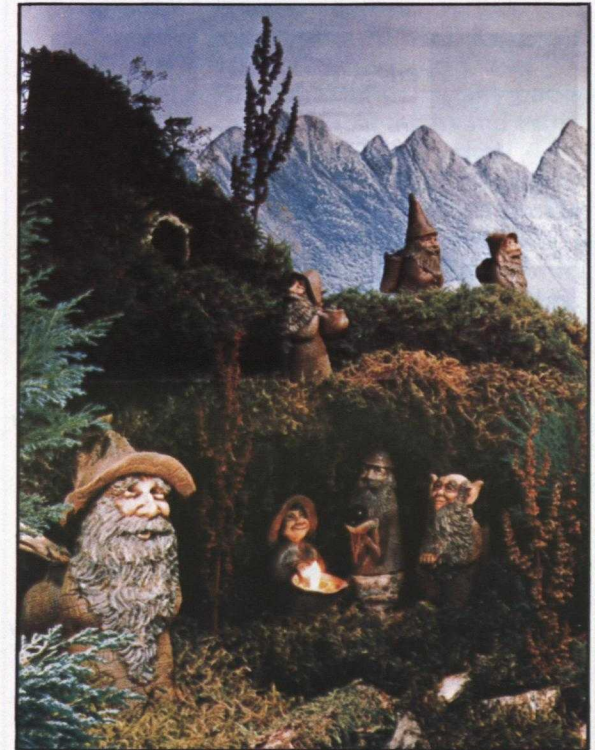

**Contact: Susan & Darren Perkins,
Owners**

Known for its GENTLEFOLK stoneware figurines, Windridge House Pottery has been making cheerful, imaginative gnomes, elves, dwarves and wizards since 1977. They have found loving homes in collections across Canada and the United States. Our GENTLEFOLK have also travelled extensively as welcome gifts in many countries around the world.

New are the COUNTRY FOLK figurines, designed to express the simple joys of country life. Pigs, large and small dogs and dragons accompany and compliment the folk.

Steins and vases with wise bearded faces are also available.

All Windridge House products are carefully and expertly handcrafted from stoneware in British Columbia for giftwares retailers. New figures are added annually.

Friendly homes everywhere will want to welcome these delightful little people.
