
Mr. Beaudoin on Teaching of U.N. Principles: Following is text of statement, by Mr., L.R. Beaudoin, M.P., on the Norwegian resolution regarding the teaching of the principles of the United Nations Charter, in the Third Committee of United Nations Organization. on Monday, November 10, 1947: "I would like to state the position of my Delegation in connection with this proposal. It recommends the teaching of the purposes and principles, the structure and activities of the United Nations in the schools of member states, with particular emphasis on such instruction in elementary and . The secondary schools of hearth 1.15

"In Canada, under our system of Confederation, there is a and an federal Government and nine provincial Legislative Assemblies. By our constitution, the Government of each province has complete and exclusive jurisdiction and control over educational matters. "Therefore, everyone will understand that my Government could not, if this proposal is adopted, take measures to encourage waste of the teaching of the United Nations Charter jetc. in the schools oto trad er**of:Canada.**poedá no tero pá escuçum nicosil iso ecrángoist oda

"We will refrain from expressing our opinion on the merits of moisulees the proposal of it is adopted, my Government will gladly atransmit the recommendation to the proper authorities in each of ods your mine provincial Governments. As it is from them and for them and only; to decide what to do, as far as its implementation is concerned, my Government will gladly communicate to the Secretary-General whatever information our provincial Governments will care and and antosend in as to the measures or steps, if any, taken by them to implement the recommendation. The contribution of my Government would necessarily be confined to acting as correspondent between Left block the Secretary-General and the conpetent authorities overwhile provincial namely, our nine provincial of Governments.

"I am sure that the Honourable Delegate of Norway, who introduced the proposal, and other members of this Committee will John of gunderstand and appreciate the scrupulous respect which my Governas means ment entertains towards provincial rights. The state of the state of

the proposal be amended by adding within the framework of their constitution. TROUGHE OF WE do not think that an amendment of this form would change our restant position. We contend that such an amendment is unnecessary because anything that we do here must be, and it cannot be otherwise. within the framework of our respective constitutions. This view has already been expressed by the head of our delegation in the

"We feel, Sir, that the proper course for us to follow is to abstain on the Norwegian proposal and amendments to it.
