## CONSERVATIVES RETAIN EAST MIDDLESEX

Ald. Glass Returned by Comfortable Majority Over R. G. Fisher, Who Contends That 'Thugs' Were Active Against Him—Bad Weather Kept Down Vote.

LONDON, Ont., Oct. 21.—(Canadian Press.)—Ald. S. Frank Glass of this city was elected to the house of commons from East Middlesex, in succession to the late Peter Elson, M.P. The Conservative candidate's majority over R. G. Fisher, Liberal, is 385. Only one of the four municipalities in the riding gave the latter a majority. Of the 45 subdivisions all but 16 gave majorities for Glass. Eight of the remainder were in Westminster Township, a Liberal stronghold, which on this occasion voted Mr. Fisher 112. The vote in detail:

	Glass.	Fisher.	Maj. for Glass.	Maj. for Fisher.
London Tp.	1093	621	382	...
W. Nisour	263	245	18	...
Westminster	424	536	112	...
N. Dorchester	363	233	30	...
Totals	2063	1635	428	112

The vote was about 500 short of that needed in the riding in the general election of 1911, when Mr. Elson was given 661 majority. Rainy weather and bad roads interfered with the getting out of the vote.

Mr. Glass in addressing a gathering at the committee rooms emphasized his belief in the doctrine of protection for Canadian industries, and in Canadian aid to the imperial navy.

MAJORITY DECREASED. While the vote shows a decrease of 212 in the Conservative majority in comparison with that of 1911, the showing is considered quite satisfactory.

A Winning Combination. The combination of pretty girls, beautiful gowns, catchy music and pleasing comedy, is one that makes Klav and Bringer's production, "Oh! Oh! Delphine," now running at the Princess Theatre, a popular entertainment.

## MEXICAN REBELS TAKE MONTEREY

(Special to The Toronto World.) MEXICO CITY, Oct. 21.—Persistent and alarming reports, partly verified, of a rebellion at Monterey from capture of rebels, are current here tonight. From railroad sources it is said the city had been cut off from communication and is almost entirely surrounded by rebel bands, who marched overland after being on all day at Santa Catarina, seven miles west of the city.

## LISBON UPRISING WAS NIPPED IN BUD

Ex-King Manuel's Adherents Had Prepared a Formidable Showing of Arms and Were Ready to March on Portuguese Towns, But Were Attacked and Dispersed.

(Special Cable to The World. Copyrighted by The Toronto World and N.Y. World.) LISBON, Portugal, Oct. 21.—A formidable uprising of former King Manuel's adherents was nipped in the bud this morning. Whether or not it was timed to occur at the hour the ex-king escorted his bride from the hospital in Munich to her father's home at Sigmaringen is not clear. More than 100 arrests have been made. The city is quiet tonight, but heavily guarded.

Among the names given by El Mundo is that of the editor of "Dia," who is declared as one of the leaders. A large number of police were involved in the disturbances and one of the sinister incidents of the plot was the smashing of the telephone apparatus connected with the head of the police court.

Other Conspirators. El Mundo states that had the insurrection proved successful the more numerous conspirators on the Spanish frontiers led by Pizarro Conzales, were to advance northward, Portugal and march upon Oporto and Lisbon.

The government, however, had full information of the entire plan and thus quelled it in its initial stages. Telegraphic and railway communication with Oporto was interrupted today and the Oporto express was delayed five hours. Two bridges were found dynamited. Prompt steps were taken to restore both means of communication and order was restored in Lisbon tonight, but rigorous vigilance is being exercised in the suburbs. More than 100 arrests have already been made.

## AUSTRIA SHOWS CLEAR HOSTILITY

Aim is to Check Emigration to Canada, But Not to the United States.

LONDON, Oct. 21.—(C. A. P.)—The Vienna correspondent of The Daily Mail says that the draft of a new emigration law was published yesterday. Its provisions are clearly aimed against Canada, for Austria objects less to emigration to the United States, experience showing that a large proportion of those who emigrate there never learn the language or acquire citizenship, but return after a few years with their savings.

## MRS. PANKHURST'S MEETING WAS NOT GLITTERING SUCCESS

Madison Square Garden Barely Quarter Filled, Audience Being Largely Composed of Women—Leader Defends Militancy as Necessary to Wake Up Tradition-Bound Government.

NEW YORK, Oct. 21.—(Can. Press.)—Mrs. Emmeline Pankhurst, addressing tonight in Madison Square Garden her first American mass meeting on her present eventful trip, explained why militant methods for the cause of woman suffrage are carried on in England but not in America, and defended the employment of such methods.

Her experience with the immigration authorities, Mrs. Pankhurst spoke of with praise, declaring the work at Ellis Island admirably done and the immigrants cared for there far better than are the poor, alien and native, in Great Britain.

"I have been accustomed to pleading my own case in England," she said, "I wanted to go to Washington and plead my own case there. I want to thank those who pleaded for me there and thank the American public. I do not thank the Washington authorities and I do not thank President Wilson wants to be thanked. He would say, 'I did my duty.' I congratulate the American people who have officials in high places who, perform their duties as they see them."

Some leading suffragettes of this country and a few "hunger strikers" from England sat with Mrs. Pankhurst on a stage draped with a tricolor flag bearing the inscription, "Resistance to Tyranny is Obedience to God." Wearing small, steel-pointed hats signifying that their militancy had resulted in jail terms, were Mrs. Elsie McKenzie and Miss Mary Keegan, English girls come here to accept business opportunities and Miss Lucy Burns and Miss Elizabeth Freeman, American girls who went to England to fight for "the cause."

Other American suffragette leaders sat with them. The government of the country is the biggest white slave firm we have got."

MINNEAPOLIS, Minn., Oct. 21.—(Can. Press.)—Sir Thomas G. Shaughnessy, president of the C.P.R., was served with papers in a damage suit when he arrived here today. The railroad president was just entering the office of the president of another railroad when a deputy sheriff, informed displaying a bright badge, informed Sir Thomas that a man in Chicago was bringing action against the railroad because a trunk had been smashed.

The action was unique as it was brought under a new law against the head of a foreign corporation temporarily within the state.

## ANOTHER SCHEME OF BLACKMAIL IS FOUND

Letters Filled With Deadly Germs Sent to Wealthy Families, Who Must Pay Highly for Serum to Prevent Disease or Become Infected With Mysterious Fever.

(Special to The Toronto World.) CHICAGO, Oct. 21.—A blackmail scheme with a new terror is giving the post-office secret service men a field in which to exercise their talent. He sends to wealthy families a letter filled with a million or so of deadly germs, which he alleges will infect the person opening the letter at once. Death will occur in nine days from some mysterious fever, which he does not name.

By opening this letter you have liberated 2,000,000 of healthy bacilli, propagated by myself, and without a doubt you are infected by this time, but do not become excited—my prophylactic will destroy any number of germs of this zymotic disease in the body if used by the ninth day.

"Read further and do not leave the room, as you do not want to infect the whole house. Take off the garments that were exposed to the germs and leave them spread out on the floor or over a chair in the next room."

"Next burn this letter with a match also in the same room to avoid spreading of the disease."

"A copy of this letter and further directions you will find in the germ-proof envelope but don't open it till later."

"Take germ-proof envelope and leave the room, which it should be advisable to keep locked for six days."

The writer gave minute details for the transfer of the \$2500 he demands. He declares that Mrs. Steele's name was chosen from a list of 500 known to be subscribers to charity. The money he directs is to be left at the Grant monument in Lincoln Park.

The letter contained a pasty substance between the pages. It was turned over to the laboratory. The chemists found germs but cannot classify them.

## DOUBLE BOILER EXPLOSION CAUSES DEATH AND INJURY AND TIED UP STATEN ISLAND

NEW YORK, Oct. 21.—(Can. Press.)—Six men were instantly killed, four others badly injured, one probably fatally, and practically all of Staten Island was left in darkness and without trolley service tonight as the result of a double boiler explosion at the plant of the Richmond Light and Power Company at Livingston, N.Y.

The first explosion occurred in a small boiler and was immediately followed by the bursting of the main boiler, which wrecked the interior of the building. The cause is unknown. Until the list of employes is checked up it will not be known whether more men are missing.

Trolley cars are stalled all over the island, and probably will remain so for a day longer.

## THE COLD CALLS FOR AN OVERCOAT

Now that the snap of severe weather has arrived it is unwise to go longer without adequate protection in the shape of a stylish, well-out overcoat. Dineen's 140 Yonge street, are selling their new line freely and the values are certainly convincing.
