trations *London* ; | John Weale, High *Holborn*, |  
MDCCCXLVIII.

The above volume edited, according to the Preface by G. G. Lewis Colonel Royal Engineers and J. Williams, Captain Royal Engineers contains a large "Plan of the Town and Basin of Quebec, and part of the adjacent country, showing the principal encampments and works of the British army, commanded by Major Genl. Wolfe, and those of the French Army by Lieut. Genl. the Marquis of Montcalm, during the attack in 1759. "The following note appears on the map." The letters refer to the account of the Siege by the Engineer Officers. The Yellow parts show the British works, the Red, British troops, and the blue, French." Engraved by Day and Son, Lithographers to the Queen. Size 30 x 19.

Pages 1 & 2 of the Volume give explanatory references to the plan above mentioned ; and pages 3 to 20 contain a description of the expedition in 1759 "by an engineer upon that expedition," said in a footnote to be Major Moncrief.

The rest of the Volume is occupied by miscellaneous scientific articles of interest to the profession.

There is no mention of this volume in any of the bibliographies on
