

## I FAILED TO PROVIDE FOR OLD AGE

During my productive period of life. I thought I could invest my money better than in a Life Insurance policy. But **Reverses** and **Sickness** came, and with it **Old Age**. Now I am compelled to saw wood. I carried Insurance in an **Assessment Association**, and like all **Assessment** organizations, the older it became the more the assessments increased, until all that could get into a new organization that was cheaper had left it. And all of those that were unable, on account of old age or failure to pass a medical examination, were left to die unprotected. **Take Warning**, do not neglect, as I have, to provide for old age.
