

- Hernia, encysted, 475
 —, gangrenous, 493-507
 —, gangrenous, treatment of, 494, 507
 —, infantile, 475
 —, interstitial, 475
 —, intestinal obstruction due to diaphragmatic, 222-224
 —, intestinal obstruction due to internal, 222-229
 —, Littre's, 479
 —, lumbar, 492
 —, of the bladder, 476
 —, of uterine appendages, 478
 —, operation for simple strangulated inguinal hernia, 469-472
 —, persistent obstruction after successful reduction, 481-483
 —, rarer forms of, 489-493
 —, reduction *en masse*, 480
 —, retrograde strangulation of, 476
 —, Richter's, 479
 —, rupture of the sac, 480
 —, sciatic, 490
 —, strangulated, diagnosis of, 466
 —, strangulated femoral, 483-486
 —, strangulated, treatment of, 467-472
 —, strangulated umbilical, 486-489
 —, tearing of sac at neck, 480
 —, through the pelvic floor, 492
 —, ventral, 489
 Hernial sac, abnormalities of, 475
 —, diverticula of, 475
 —, vermiform appendix in, 477
 Herpes, simulating acute abdominal lesions, 501
 History in abdominal diseases, 30-37
 Hypersecretion, intermittent, 246
- ILEO-CÆCAL valve, anatomy of, 7
 Ileum, rupture of, 539-542
 Ileus paralytic, 229
 Incision, technique of abdominal, 70-74
 Incisions, site of abdominal, 67-70
 Infection, biliary, 305
 Inferior vena cava, 19
 Influenza, simulating acute abdominal lesions, 554
 Injuries, coeliotomy in abdominal, 515
- Injuries, intraperitoneal hemorrhage in abdominal, 517
 —, physical signs of abdominal, 512-515
 —, symptomology of abdominal, 500-515
 Inspection of abdomen in disease, 41-47
 Intestinal colic, 294
 —, diverticula, 279
 —, neuroses, 292
 —, obstruction, acute, 145
 —, obstruction, after-treatment of, 162-170
 —, obstruction by adhesions, 198-201
 —, obstruction by bands, 201
 —, obstruction by carcinoma of cæcum, 191-198
 —, obstruction by carcinoma of colon, 191-198
 —, obstruction by carcinoma of rectum, 201-203
 —, obstruction by carcinoma of small intestine, 241-244
 —, obstruction by volvulus, 203-207
 —, obstruction, chronic, 145
 —, obstruction, constitutional signs of, 151
 —, obstruction, differential diagnosis of, 154
 —, obstruction due to adherent Meckel's diverticulum, 207-209
 —, obstruction due to diaphragmatic hernia, 222-224
 —, obstruction due to hernia into duodenal pouches, 227-228
 —, obstruction due to hernia into lesser sac of peritoneum, 224-227
 —, obstruction due to impacted calculi, 215-219
 —, obstruction due to internal hernia, 222-229
 —, obstruction due to intussusception, 170-174
 —, obstruction due to pressure of tumour on the bowel, 239-241
 —, obstruction due to simple stricture, 210-215
 —, obstruction due to strangulation through mesenteric apertures, 219-221
 —, obstruction, etiology of, 146
