LIVERPOOL, Feb. 28.—The market opened quiet, unchanged, to \(\frac{1}{2} \) higher, being influenced by the steadier American cables yesterday. Selling was stimulated by the continued favorable European crop advices, fears of larger tenders on March contract than were expected, and a poor demand for both cargoes and procels and the easiness of spot Crop advices from India were favorable, and Plata offers are freer at a decline, with very bearish advices from Australia.

The railways reported 75 carloads, consisting of 1175 cattle, 818 hogs, 401 sheep and lambs, 119 calves, and 38 horses.

The quality of cattle was better than usual, as there were several lots of good to choice, brought in besides these brought from the Junction.

Trade was about on a par with the market at the Union Yards on Monday. Prices were no better nor not any worse for the good to choice cattle, but there were some lots of the same quality of medium cattle that did not bring as high prices as last Thursday.

Many drovers complained of not having made their expenses, let alone profit for their trouble and time.

Others again complained of having lost heavily. One had stated that he had cattle here last week which he sold at \$6.10, and had better cattle here to-

large. Prices on the average were about 7 per head lower. Prices ranged from \$40 to \$75, one cow selling at the latter figure. The bulk of the cows sold from \$50 to \$60.
