

TEMPERANCE STREET WOMEN LEARN WIDENING IS DELAYED

Works Committee Asked to Make Another Report—Remodeling of Brockton Hall Would Cost \$16,000, According to the City Architect.

The civic guild were successful yesterday in having the board of control refer back the proposition to widen and extend Temperance street. J. B. O'Brien and Edmund Burke represented the guild and said that the matter had not been given the consideration it merited. They pointed out that in the future there would likely be laid under this street and that there was a possibility of the new Canadian Northern station being placed at the north end of it. It was imperative, they said, that the street should be 36 feet in width. The controllers agreed to refer the matter back to the works committee.

The question of a reorganization of the works department came up, but in the absence of Controller Hocken it was decided to lay the matter over. Controller Hocken made his appearance a few minutes later, but the question was not discussed.

The board received the report of Diver Margerson, which showed that in the last week some additional scouring had occurred on pipe number three; otherwise the conditions had only changed slightly since the last report. Under pipe number two 700 sand bags had been placed, while pipe number four had been bolstered by 350 sand bags. The city engineer's report stated that the rough weather had greatly interfered with the work last week.

A communication was read from the city engineer to the effect that owing to the low depth of water in the reservoir it was impossible to supply Water Toronto from this source for some time yet.

Letters were read from K. L. Aiken, manager of the hydro-electric branch, and from the city engineer, which stated that the complaints of Inspector Howe of the Underwriters' Association were quite without grounds. According to the letters there was and had always been an adequate supply of electric power available at the pumping station. The mayor thought that the complaints were most unfortunate, but Controller McCarthy was under the impression that conditions were not satisfactory; he did not want to discuss them at that time, however.

The question of remodeling Brockton Hall came up, and City Architect McCallum told the board that he considered it unsafe to use the hall for its use. To remodel it, he said, would cost \$16,000. Aid. May, who is a builder, thinks this could be done for \$4,500, so the board ordered Mr. McCallum to submit another report upon the matter.

Oppose Apartment House.

A delegation of the property owners on Jameson-avenue protested against the proposed erection of an apartment house on the northeast corner of King and Jameson-avenue. The city architect was instructed to withhold the permit until the matter could be investigated.

Prof. Coleman Told of Ontario's Mines in Address Before the Women's Canadian Club.

Prof. Coleman addressed a large meeting of the Women's Canadian Club at the Guild Hall, McGill-street, yesterday afternoon.

President Miss Gustavo Rudyard Boulton introduced the lecturer as one of the most distinguished scientists in the British Empire. The lecture was upon the mines of Ontario and was illustrated by numerous views taken by Prof. Coleman personally.

Twenty years ago, said Prof. Coleman, the farmer was the most important man in the province, and mining was of comparatively small importance. Now the farmer is still the most important, but the miner comes second.

When the bureau of mines was established 20 years ago, Ontario's mineral output was \$4,700,000. For 1910 it was over \$29,000,000.

Ontario's most important metals are silver and nickel. The nickel was the most important as it was the most prominent source of financial revenue.

Prof. Coleman sprang a surprise by flashing the picture of a dreadnought on the screen. It was, he said, the eager desire of all the great nations—except Canada—(laughter)—for dreadnoughts—that made Sudbury boom. This was because the addition of nickel made crude steel five times as strong as the ordinary.

Toronto women, as well as their husbands, were actually interested in the prosperity of the mining towns of the northern portions of the province, for their development would be a strong factor in increasing the prosperity of Toronto.

Incidentally, Prof. Coleman emphasized the necessity of foreign labor being available for the underground work in the mines, which is almost exclusively performed by Poles and other foreign labor, Canadians directing the work.

A group of American millionaires was shown, who are the chief beneficiaries of the Ontario mines, thru the purchase of the mines as soon as their value had been demonstrated.

mit until the matter could be investigated.

Harris Wants \$731,274.

The sum of \$731,274 is being asked by Property Commissioner Harris to operate the street cleaning and scavenging services this year. The expenditure last year amounted to \$657,123.20, and hence the increase is \$74,150.80. The scavenging service is the largest item in the estimates, the amount asked being \$267,875.

Building Permits.

Building permits were issued last month by the city architect representing an expenditure of \$774,165 as compared with \$438,880 for January, 1911. There were 142 permits issued for 222 buildings last month, while in January, 1911, 137 permits were issued for 176 buildings.

TAFT WIN? WHY, SURELY

Let Anyone Who Doubts, Ask Secretary Hilles About It.

WASHINGTON, Feb. 1.—In the first authorized statement he has issued in connection with the Taft campaign, Charles D. Hilles, secretary to the president, today said:

"President Taft's nomination in June is as certain as anything can be. I am confident that there will be comparatively little opposition to him in the national convention, and when the nomination is made the Republicans of the nation will rally to the party standard and with a great victory in November."

"I would not make this prediction did I not feel that my information from all parts of the country warrants me in doing so."

WORKING FOR ROOSEVELT.

CHICAGO, Feb. 1.—(Can. Press.)—"We are going right ahead with our movement, and the people are with us," said Alexander Rovell, president of the Roosevelt national committee here today, after a visit to Theodore Roosevelt in New York.

GREAT ASSEMBLY OF LAYMEN

Three Thousand Delegates Going to New York—Taft Will Speak.

NEW YORK, Feb. 1.—(Can. Press.)—Announcement was made to-night that the national men and religion forward movement will hold its culminating congress in New York City, April 18-24. The delegates, all men, will be limited to 3,000, and will be apportioned among the cities where the movement has held campaigns during the winter.

It is said that the congress will be the most representative large gathering of Christian laymen ever held in North America.

Sessions will be held in Carnegie Hall, with auxiliary meetings in neighboring churches. The lay speakers already secured include President Taft, Ambassador Bryce, William Jennings Bryan, John Mitchell, Booker T. Washington and J. A. Macdonald of Toronto.

MIGUEL AND MANUEL MAKE UP.

LONDON, Feb. 1.—(Can. Press.)—According to information from an authoritative source, at a meeting at Dover on Tuesday, as reported by the Paris newspaper Excelsior, between ex-King Dom Miguel of Braganza, the latter voluntarily offered to help in every way in his power to restore Manuel to the Portuguese throne. The reconciliation between the two branches of the house of Braganza, it is added, is complete.

N. W. White for Senate.

OTTAWA, Feb. 1.—(Can. Press.)—It is stated that N. W. White, ex-M.P., will be appointed to the senate to succeed the late Hon. Thomas Mackay. In 1886 Mr. White was among the nominees to the senate made by the Tupper government after its defeat, but which the Earl of Aberdeen refused to ratify.

A FEW OUTSTANDING FACTS FROM THE SIXTY-FIFTH ANNUAL REPORT OF THE CANADA LIFE ASSURANCE COMPANY

A Splendid Year.	The business of the year 1911 was, in all its material factors, the most important in the Company's long history of sixty-five years.
Greatest Surplus Earnings.	THE SURPLUS EARNED by the Canada Life in 1911 was \$1,293,597.00, the greatest on record. A new "high mark" for surplus earnings was reached four years ago, and in each year since then a new record has been established.
Interest Rate Increasing.	THE INCOME , both from premiums and interest, \$6,543,201.00, shows a substantial increase over previous years. The rate of interest earned each year by the Canada Life has steadily been growing since 1899, and a further increase is expected for 1912. This is an important factor in making surplus.
Assets Doubled in Twelve Years.	THE ASSETS were increased by \$3,436,484.00, the largest growth in any year. The TOTAL ASSETS now stand at \$44,257,341.00, having more than doubled in the past twelve years.
A New Record.	THE NEW PAID-FOR POLICIES amounted to \$12,507,063.00, exceeding the best previous years. The TOTAL ASSURANCES now in force are over \$135,615,253.00.
Large Benefits to Policyholders.	THE PAYMENTS TO POLICYHOLDERS in 1911 totalled \$2,295,073.00. In the past twelve years the Canada Life has paid or credited to its Policyholders or their beneficiaries nearly \$50,000,000.00.
Only High-class Investments.	THE INVESTMENTS of the Canada Life are carefully selected and distributed over a wide field of suitable securities, thus ensuring safety and good interest returns. In Western Canada the Company has invested \$3,200,000.00 in mortgage loans, upon which no loss has ever yet occurred. The total mortgage investments of the Company are over \$14,152,708.00.
Strength and Security.	THE CANADA LIFE now actually values over one-half of its business on a 8% interest basis, and the remainder at 3½%, which means that it holds Reserves much stronger than are required by any Government Insurance Department on the North American Continent.

A copy of the Financial Statement and Report of Directors, together with the proceedings at the Annual General Meeting held 1st February, 1912, at the Head Office, Toronto, will be mailed on request.

Prof. Dr. Ehrlich's 606 Cures Blood Poison—Syphilis

Every man or woman suffering from blood poison, no matter of how long standing, ought to know that this fearful disease—syphilis—can now be positively and permanently cured with the aid of the wonderful discovery made by the world-famous Professor of Medicine, Privy Councillor Dr. P. Ehrlich, Vienna. Sufferer, the effect of blood poison creeps on like a thief in the night. As many a sufferer who has had symptoms was suddenly awakened a few years afterward to find himself stricken with the horrible after-effects, such as Locomotor Ataxia, Heart Failure, Blindness, Lost Memory, etc., etc., can you take this terrible chance? No one who has ever had blood poison should get married before taking "606," for although the symptoms may have disappeared, they will surely re-appear in later years, or your offspring will be affected. Tens of thousands of cases cured in Europe and America. The treatment recommended by the greatest medical authorities in the world. Articles concerning "606" appeared in the leading medical journals all over the world. They will be forwarded on request.

The success of this most marvelous remedy depends almost wholly upon the manner in which it is administered. Don't allow yourself to be experimented upon, but call and consult me.

GUELPH'S POULTRY FAIR

Over 600 Aristocratic Pigeons on View—Major Barker Busy Man.

GUELPH, Feb. 1.—(Special.)—The winter fair poultry building was a very busy place today. There are on exhibition there over 600 beautiful pigeons of all classes in the International Pigeon fanciers' Association. The official opening took place to-night when the proceedings were enlivened by the presence of the Guelph Band.

Mayor Thorp delivered a short address and presented several of the winning birds. The judges were busy engaged to-day in awarding the prizes and they had no easy task, the entries in almost every class far exceeding those of any previous year. The energetic secretary of the association, Major Barker of Toronto, is a courteous and capable official and is leaving no stone unturned to make the show a success.

REMEMBERED BY OUR GERMAN CITIZENS.

The secretary-treasurer of the Toronto Liederkreis, Limited, has sent to the treasurer of the Muskoka Free Hospital for Consumptives a cheque for \$25, and encloses in the same letter another cheque for \$50 to the Toronto Free Hospital for Consumptives—a donation from this well-known German organization in our city.

London Phoned Rotterdam.

LONDON, Feb. 1.—(Can. Press.)—Telephone communication between England and the continent is developing rapidly. Conversations took place last night between London and Amsterdam and Rotterdam.

The postmaster-general hopes to be in a position to open an Anglo-Swiss telephone service as soon as negotiations with the Swiss and French administrations have been completed.

Chinaman Has Smallpox.

MONTREAL, Feb. 1.—The latest victim of smallpox in this city is a Chinaman, and as a result 100 of his fellow countrymen are in quarantine at the moment.

WINNIPEG'S CIVIC SCANDAL.

WINNIPEG, Feb. 1.—Judge Mathers today dismissed the application for the dissolution of injunction recently granted preventing the destruction of ballots cast in the recent St. Boniface municipal election. The ballots will therefore be available for scrutiny by the civic graft investigators, who began their work this afternoon under the direction of Judge Prudhomme.

JACOBS GETS \$2000

Recovers From Street Railway Company for Loss of Foot.

Ernest Jacobs, who brought suit against the Toronto Street Railway Company for unstated damages for injuries sustained by a Parliament-street car starting off before he had time to alight, was awarded \$2000 yesterday afternoon.

The accident occurred on Oct. 9 of last year, just three days after the plaintiff had arrived in this city. He tried to get off at the front of the car, but the motorman turned on the power too soon and Jacobs' left foot was injured so severely that it had to be amputated.

Conversational Guide.

Proper things to say:

To a young woman who has forsaken school teaching for matrimony and housekeeping. "Don't you feel lost without anything to do?"

To a motorman: "Don't you sometimes get tired of stopping for people?"

To a doctor: "I should think your irregular hours would almost kill you."

To a newspaperman: "But, of course, I never believe more than half that I read in the papers."

To a postman: "Don't your feet ache by night?"

To a librarian: "You must enjoy reading the new novels ahead of everybody else in town."—From The Newark News.
