

THOS. H. HOGG NOMINATED BY C.D.

Four Controllers Want Him for Parks Commissioner, But Majority of Council Favor Chas. Chambers—Application to Be Made for Suburban Railway Service.

Thomas H. Hogg, B.Sc., was recommended by the board of control yesterday for the position of parks commissioner. The mayor and Controllers Foster and Church favored the appointment of Charles Chambers, the only dissenter, Controller Hogg, who was absent from the meeting, stated later that he was quite agreeable to the nomination. The matter was sent on to the council with almost no discussion.

It is well known that the majority of the members of the council favor the appointment of Charles Chambers, the present acting parks commissioner, and hence the recommendation will in all probability be not concurred in. Mr. Chambers' supporters number two-thirds of the council the appointment will be made on Monday, but if not the matter will likely be referred to the board of control. The name of C. H. Wright, professor of architecture at the University of Toronto, has also been mentioned in connection with the vacancy, and it is rumored that in the event of Mr. Hogg's appointment being turned down the board will send on the name of Professor Wright.

The city solicitor reported that he had drafted an application to the Dominion Railway Board for an order requiring the G.T.R. and C.P.R. to establish and operate a general suburban service between the city and outlying points and to establish communication rates between such points. The city solicitor recommended that when the application was presented the city should submit evidence as to the necessity of such a service. As to the communication rates he pointed out that formerly in a test case the railway board held that the railways were not bound to establish such rates.

The controllers decided to ask for communication rates within a radius of ten miles of the Union Station, and Mayor Geary promised to take the matter up with the minister of railways at the next time he is in the city.

Controller McCarthy again brought up his motion that the city should own radial lines and rights of way into the city which could be leased to the different radial lines requiring them, but the motion was held over until the controller could take the matter up with the corporation counsel. In his report on the scheme the city solicitor claimed that in his opinion the necessary legislation could not be secured.

Controller Church brought up his motion to enlarge the scope of the hydro-electric commission in order to convert the body into a public utility board to deal with such matters as the commission might delegate to it. It was pointed out that it was now too late to secure the necessary legislation, but the matter will be dealt with in the future.

Fair Wage Officer.
James Simpson appeared before the board and asked when the motion providing for a fair wage officer would be given its third reading. The motion stands on the order paper and Controller Church promised to bring the matter up for its third reading at the council meeting on Monday.

The city treasurer, in a letter, recommended an additional appropriation of \$20,000 to the separate school board. The controllers agreed.

Horses Poisoned; Rival Suspected.
KINGSTON, March 15.—(Special.)—Charged with poisoning three horses belonging to Ernest Babcock, driver at Fifth Road, George Chubb, a rival driver, was placed under arrest. Three weeks ago Babcock's horses died from strychnine. Provincial detectives, with local police, worked on the case. Babcock's neighbors felt so sorry for his misfortune that they presented him with a purse to replace his loss.

Eastern Ontario Orangemen.
KINGSTON, March 15.—(Special.)—The Grand Orange Lodge of Eastern Ontario will open here Tuesday. On Wednesday a big parade will be held to St. Patrick's church, when W. F. Fitzgibbon will speak on "The Anzian Position."

HE COULD NOT WALK OR SLEEP BUT DODD'S KIDNEY PILLS CURED HIM.

Quebec Postmaster's Remarkable Recovery is the Talk of the Whole Country.

RUMBLEVILLE, Megantic Co., Que., March 15.—(Special.)—The remarkable cure of Mr. Achille Vachon, the well-known merchant and postmaster here, is the talk of the whole country. Mr. Vachon was confined to his bed with kidney trouble for nine months. Dodd's Kidney Pills cured him. But let him tell his story in his own words:

"I was troubled with kidney disease," Mr. Vachon says. "I got so bad I could not walk, while my sleep was broken, and I could not rest. It was then I saw the advertisement for Dodd's Kidney Pills. From the second day after starting to take them I rested better, and before I had finished the box I was in excellent health."

"You can publish this statement, for I want my friends to know what a grand remedy Dodd's Kidney Pills are. Dodd's Kidney Pills always cure sick kidneys. They have never been known to fail. Cured kidneys make pure blood, and pure blood will cure nine-tenths of the ills to which the flesh is heir. If you haven't used Dodd's Kidney Pills yourself ask your neighbors."

W. J. McKAY SHOULD DO GOOD

Rev. W. J. McKay, in Canadian Baptist, Says it is to Be Hoped That Better and Saner Methods Will at Once Prevail, and That Discipline Must Be Changed.

Rev. W. J. McKay, D.D., makes the following comment in The Canadian Baptist on the Mimico School revelations:

"Only good should result from the investigation of the Mimico Industrial School. The revelations have not been at all assuring, but it is to be hoped that better and saner methods will at once prevail, now that it has been published far and wide that discipline residing in the times and places of the inquisition has been in vogue in enlightened and Christian Ontario. It is not to be supposed that the boys who reside at the Mimico Industrial School are of heavenly disposition and need no correction; we know better. But that does not justify handcuffs, ankle-cuffs, merciless strapling and bread and water diet for 30 days at a time. If the physical and mental and moral development of the inmates of that institution is to be chief object, which surely it must be, the discipline must be changed from what has been revealed in the past few days. The wonder is that men who govern and superintend the institution should have been in ignorance so long of the worse than doubtful methods employed there for the correction and transformation of the lives committed to their care."

LAYMEN'S MISSIONS

New Policy for Next Three Years to Be Formulated.

When the Laymen's Missionary meeting opened yesterday afternoon in the Confederation life building, both S. J. Moore, president, and J. B. Patterson, vice-president, were away. The former presided in their absence. The secretary's report, for the past three months was read and adopted. Three years ago the missionary congress held in Massey Hall drafted a policy covering the Dominion, and the policy expires at the end of the present month. The laymen appointed a committee to outline a new policy to supplement the old one for another term of years. The treasurer's report showed a small balance and enough security and savings for a three-year period.

Rev. Dr. Taylor of Shanghai, China, was present, and he and Rev. Dr. MacGillivray and Dr. McKay were appointed a committee to co-operate with the present committee to relieve the famine in China.

MAY ISOLATE DESPERADOES

Rigorous Treatment in Prospect for Stony Mountain Thugs.

KINGSTON, March 15.—(Special.)—The desperate prisoners from Stony Mountain, who tried to escape from the guards at Toronto, may be kept in the isolation building some months until they come to their senses, officials say. This is the treatment "takes the toughness out of the toughest," it is claimed.

The department was closed for about five years and was just reopened a few months ago. Two guards are required for day and night service in this department, and the building is surrounded by a high picket fence. The idea is to keep exceptionally bad prisoners away from the rest so that they cannot create a riot.

CAUGHT IN REVOLVING PULLEY

Brantford Workman's Tendency Costs His Life—Scalp Torn Off.

BRANTFORD, March 15.—(Special.)—George Jordan, an employee of the Hays-Harris Company, received terrible injuries here this afternoon while attempting to put a belt on a revolving pulley. Jordan was long aproned, and had to climb onto the pulley in order to reach the pulley. The apron caught and he was wound around the pulley. His scalp was practically taken off and the base of his skull exposed. He was reported still living at the hospital to night, but the doctors stated that recovery was impossible.

Officials at the factory state that Jordan's attempt to put the belt on was the height of folly.

KINGSTON'S License Reduction Fight

—Duties returning officers who acted on the vote for license reduction appeared before J. B. Walkem, K.C., local master in chancery, to give evidence on the license reduction bill.

Liquor men are endeavoring to quash it on the ground that seventy-five votes cast should not have been allowed.

T. J. Rineau, acting for the hotelmen, will put in evidence at the hearing at Osooke, Ont., on Monday.

Tale Find Near Madoc.
BELLEVILLE, March 15.—(Special.)—A valuable deposit of tale has been discovered on the farm of Chas. Conner, near Madoc, Ont. The mine is situated almost due east of the old Henderson mine, from which the finest tale in the world is now being mined. It is reported to be a continuation of the same vein, being only three hundred and fifty feet from the drifts of that mine.

Food Expert Wiley Quits in Disgust

Manufacturers of Adulterated Articles Overrode His Authority, He Says.

WASHINGTON, March 15.—(Can. Press.)—In a statement issued late today at the termination of his service with the government, Dr. Harvey W. Wiley, the pure food expert, declared he had resigned from the department of agriculture because almost from the beginning he had been antagonized in the enforcement of the pure food law, and that one by one he had seen the fundamental principles of that act either paralyzed or discredited.

Dr. Wiley said that interests engaged in the manufacture of adulterated food had made appeal after appeal to escape the rulings of his bureau, and as a result, one after another of his activities in behalf of the people had been rendered ineffectual.

Matters that properly should have come to the chemistry bureau, he said, had been taken away from him. The differences had been irreconcilable, he had lacked support, and finally, had come to the conclusion that he could do no good in the service of the people as a private citizen.

J. W. Bengough's Narrow Escape.
LOS ANGELES, March 15.—W. Bengough of Toronto and his wife had a narrow escape yesterday, when the Mountaineer Hotel at Hollywood, where they were guests, was destroyed by fire.

They escaped with their lives in due to the heroism of Mrs. Benjamin Fowler, who conducted the hotel.

She gave the alarm, and the guests fought their way through the dense smoke in the corridors to the open air.

Coal Scarce in Kingston.
KINGSTON, March 15.—(Special.)—Coal is getting very scarce. Dealers say in a short time the price will be raised from \$7.25 to \$8. The supply of chestnut coal is practically at an end.
