MUSTN'T BE FRIGHTENED
PRESS TELLS GOVERNMENT

Advice and Comment Relative to
Reform Measures and
Repression.

St. Petersburg, Aug. 28.—The court at Peterhof apparently is divided as to how to meet the campaign of the terrorists.

Premier Stolypin and his cabinet, however, have taken a stand against repression upon a scale which would drive the whole population into revolt. The premier's views are reflected by The Russia today, which declares the government must not be frightened into abandoning the reform program. It is only necessary, the paper asserts, to draw a line between loyal opposition and those who by word and act seek the destruction of the government.

The Novoe Vremya proposes "as an exit from the horrors of the worst kind of civil war," to confer upon the cabinet authority to "prepare a constitution which will realize the hopes of the sane Liberals."

The Svet continues to advocate a concert of the powers to suppress anarchy and anarchy.

Against these moderate propositions the reactionary party appeals for a dictatorship, "which will realize the hopes of the sane Liberals."

CHARGING FIVE CENTS A MILE
FOR CAR FARE AT THE FALLS

International Railway Has a High
Scale—Operates Under
Federal Charter.

James McCullough, barrister, Stouffville, was in the city yesterday, having just returned from a holiday trip across the line.

He has been reading The World, and is in hearty sympathy with the campaign for cheaper fares on electric railways. He is a two-cent-a-mile man.

But he has a grievance, and it is due to the exorbitant rate charged by the International Railway Co. (Canadian division) for a trip from Table Rock to Chippewa, a distance of less than three miles. The cash fare one way is 15c at the rate of 5c a mile. This is the fare to every one but residents of Niagara Falls or Chippewa, who may buy five tickets for twenty-five cents.

The International Railway Co. is said to be under Dominion charter, and thus another worry may be spared the Ontario municipal and railway board. But Mr. McCullough thinks that the railway commission of Canada should look into this matter.

If an Ontario electric railway under Ontario charter is made to charge only two cents a mile, it is considered a fair proposition that an Ontario electric railway under Dominion charter should not charge more. If so, why the difference?

UP TO OTTAWA'S COUNCIL.

Can See That Power Consumers
Get Full Benefit of Law.

Ottawa, Aug. 28.—(Special).—Those who are opposed to the machinations of the electrical ring believe that Mayor Ellis is endeavoring to be loyal to the hydro-power commission in its effort to obtain cheap power for the city.

Certainly the air is clearer after this second session of the commission than it was after the first.

The commission has the power to bring the electrical ring to terms, and only the weakness of the civic rulers can prevent the consumers of power from getting a square deal.

Power can be supplied at \$15 a horse-power by using 40 means afforded by the commission.

If this means is not taken advantage of then Ottawa is in disgrace.

It is yet too early to say that the electrical ring has been vanquished and the cheering should not begin till the city has completely fallen in with the scheme of the hydro power commission.

Sold Beer at Cobalt.

78 CARS AT CITY YARDS
TRADE IN FAT CATTLE DULL

Prices Lower—Hogs, Sheep,
Lambs and Calves Find Ready
Sale at Steady Prices.

Not being able to get the returns from the G. T. R., we cannot give a detailed statement of the receipts. There was in the neighborhood of 78 car loads of live stock at the city market to-day.

The quality of fat cattle, with the exception of a few lots, was not good. There were too many half fat horses, heavy steers, that are not fit for butchers or export purposes, neither are they fit for feeders, there are being offered on the fat cattle market.

Trade for the few lots of prime cattle was fairly good, but slow and draggy for the common to medium cattle, with prices easy at quotations given below. It will be seen that there were few fat cattle sold over \$4 per cwt, the bulk of sales ranging from \$3.25 to \$3.50 per cwt.

Few offered and few wanted. Those reported sold for export went at \$4 to \$4.25 per cwt and none at \$4.50 per cwt, let alone \$4.75, as reported in some of the evening papers.

Butchers.
Two lots of picked butchers of prime quality were reported as being sold at \$4.50; and one lot of \$4.25 per cwt. Outside of these all the butchers' cattle were reported as being sold under \$4 per cwt, and several lots of calves were reported as being unsold at the close of the market.

Feeders and Stockers.
Trade dull and draggy, there being little demand. A few steers, 100 to 150 lbs. each, sold at \$3.40 to \$3.50; good stockers sold at \$3.25 to \$3.40 per cwt; common stockers at \$2.25 to \$3 per cwt.

Milch Cows.
About 40 milch cows and springers sold at \$35 to \$50 each.

Veal Calves.
Deliveries were not large and prices were firm at \$7 to \$7 cwt, the bulk going at \$5 to \$6 per cwt.

Sheep and Lambs.
The market for sheep and lambs was fairly strong. Lambs sold from \$6 to \$7 per cwt, with a very few picked ones and weathers at the butchers' prices. The bulk of the lambs sold at \$6 to \$6.50 per cwt. Export sheep at \$4.50 to \$4.75 for ewes and \$3.50 to \$3.75 for bucks.

Hogs.
Receipts light, with prices unchanged. Mr. Harris reported sales at \$5.55 and lights at \$6.40 per cwt.

Representative Sales.
McDonald and Maybee sold: 24 butchers, 1000 lbs., at \$4.50; 9 butchers, 1100 lbs., at \$4.50; 24 butchers, 1020 lbs., at \$4.05; 22 butchers, 1000 lbs., at \$3.50; 10 butchers, 1140 lbs., at \$3.55; 16 butchers, 800 lbs., at \$3.45; 24 butchers, 980 lbs., at \$3.35; 8 butchers, 1140 lbs., at \$3.35; 8 butchers, 900 lbs., at \$3.30; 13 butchers, 800 lbs., at \$3.20; 1 milch cow, 542 lb., at \$3.25; 1 milch cow, 555 lb., export, 1380 lbs., at \$3.25 per cwt.

Maybee, Wilson & Hall sold: 14 butchers, 1000 lbs., at \$5.50; 8 butchers, 1070 lbs., at \$5.50; 18 butchers, 940 lbs., at \$3.90; 7 butchers, 1000 lbs., at \$3.90; 3 butchers, 1000 lbs., at \$3.80; 3 cows, 1200 lbs., at \$3.80; 11 butchers, 800 lbs., at \$3.20; cows at \$1.00 to \$3.50.

Corbett and Henderson sold: 11 butchers, 1080 lbs., at \$4.50; 9 butchers, 1200 lbs., at \$3.80; 23 cows, 1120 lbs., at \$3.50; 3 butchers, 1000 lbs., at \$3.50; 3 cows, 1200 lbs., at \$3.50; 12 butchers, 1100 lbs., at \$4.10; 3 butchers, 1000 lbs., at \$3.50; 6 cows, 1050 lbs., at \$2.50; 1100 lbs., at \$2.15; 12 butchers, 900 lbs., at \$3.05; 10 butchers, 880 lbs., at \$2.85; 10 butchers, 850 lbs., at \$2.85; 3 milch cows, 544 each; 1 milch cow, 555 lb., export, 1380 lbs., at \$3.25; 150 lambs, \$6.75 per cwt; 40 sheep, \$4.75 per cwt.

James Ryan bought 7 milch cows at \$35 to \$40 each.

Fred Rountree bought 12 cows on Monday and 19 cows on Tuesday at \$37 to \$39 each.

George Dunn bought one load fat cows, 1050 to 1300 lbs. each, at \$3 to \$3.50 per cwt.

William McClelland bought 7 choice heifers, 1075 lbs. each, at \$4.50 per cwt.

E. Puddy bought for Puddy Bros., Abattoir Co.: 200 lambs at \$3 to \$3.75 per cwt; 150 hogs at \$6.25 per cwt, at country points f.o.b. cars.

BARTLE

is Cuba's Largest Canadian Colony

Mr. Chas. T. Phillips, one of the best living authorities on Cuban investments, says: "After careful extended study and observation in all parts of the Island I chose Bartle as the best spot in Cuba for investment and orange culture—the soil is perfect. With some associates from Atlanta, Ga., I purchased 1000 acres which we will at once plant in oranges, grape fruit and lemons."

"The climate," says Mr. Phillips, "is ideal, Bartle being several hundred feet above the sea, with beautiful breezes, absolute freedom from swamps, having only virgin soil requiring no fertilizer."

"That Bartle's location and situation are ideal is shown," says Mr. Phillips, "by the fact that during the summer months Bartle attracted more new citizens than any other Cuban colony."

Dr. H. F. Preston, of Utica, N.Y., has chosen Bartle as the site for his new \$50,000 tourist hotel, "because," he says, "Bartle is the healthiest and most pleasant spot in Cuba to live in, easy to get at, peopled by sturdy Canadian and United States families, all full of that kind of enthusiasm which characterizes people who are making money."

Bartle offers good grazing lands, and the famous Brampton Jersey herd, which has 50 beautiful fawn animals at the Toronto Exhibition, will establish a branch Jersey herd at Bartle this winter.

Call at Cuban Realty Co., Limited, Office, Temple Building, or at the Brampton Jersey Exhibit on the Exhibition Grounds, but do not buy land in Cuba till you know why Bartle is Canada's Largest Cuban Colony.

DUNCAN O. BULL, GENERAL MANAGER

OPEN DOOR AT THE CITY HALL
THAT VISITORS MAY VIEW IT

Commissioner Harris Draws Con-
trollers' Attention to a Desir-
able Innovation.

The city hall should be open on holidays and at any time the city can show it to its visitors. It cost enough to be used as an advertisement, instead of fooling outsiders who go to see it and leave with bad impressions because it is locked. Even on ordinary days there is a foolish system of locking doors at unreasonable hours in case someone might want to go thru the corridors. If the employees can't be induced to keep the hall open when the ordinary workmen of Toronto might have a chance to see it and show his visitors thru it without using half a day's pay, the city could drop these employees and get some men who are willing to do the work. There would be lots of desirable applicants.

The matter was before the board of control yesterday, but the controllers seemed in a scared sort of manner on the proposition and laid it over after a proper Commissioner Harris, in a most reasonable view, favored the open hall on some occasions when the citizens were entitled to it. The hall might also be illuminated thruout at night during the times of visitors.

For New High School.
The board of education can have the site at the southeast corner of Gerrard and Jones-avenue for \$10,000 for the new Riverside High School. The sale was approved by the board of control.

The application of the new bill of T. H. Woods, for a lot of room in the hall was laid over for further particulars.

Mayr Coatsworth and President McKenzie of the Toronto Railway Company will have a conference to-day relating to the relaying of the street car tracks thruout the city. The mayor hopes for a settlement.

For Cheap Rentals.
The mayor has promised to deal with the suggestion of Industries Commissioner Thompson, that the city should take steps on a plan to provide houses for artists.

Approve the Sale.
The board of control yesterday gave the city solicitor permission to make the deed of the land on the Don improvement sold by the city to the James Bay Railway Company.

The following sales of city property were confirmed: 32 feet, east side of Booth-avenue, to William W. Smith, at \$15 a foot; 20 feet by 100, west side of Jones-avenue, to Maria Johnston, at \$10; 83 feet by 110 feet, east side Logan-avenue, to Charles J. Richardson, at \$14.

A petition from the employees in the Lombard-street shop of the city water-works department, was presented to the board, asking for two weeks' holidays

JACK THE RIPPER MURDER.

Victim's Brother-in-Law Held by
Police for Crime.

New York, Aug. 28.—A woman known as Mrs. Annie Moore was found murdered early to-day in a furnished room at 6 Second-street. She had been horribly ripped and slashed.

No weapon was found and there were but few blood marks around the room. James Moore, who had posed as the woman's husband, and who says she was the widow of his brother, was held by the police on suspicion. It was he who notified them of the murder.

Three life insurance policies were found in the room. They were issued on May 1, 1906. One of them, for \$275, was on the life of the woman, and made payable to the prisoner.

The others were on the life of Moore, made payable to the woman.

The women recalled at once to the minds of the officers and doctors who were called, the "Jack-the-Ripper" murders of some years ago.

Moore, who is a bricklayer, 38 years old, maintains that he is innocent. He told the police that he left the house in Second-street at 7 o'clock last night and went to a saloon, where he remained until 1 o'clock this morning.

Police enquiries at the saloon developed the information that Moore had been there until just before 10 o'clock, when he left. Lodgers in the house told the police that Moore returned home at about 10 o'clock and that he did not go out again afterwards.

The murdered woman, before her marriage to the prisoner's brother, was Annie Fitch. Moore, the prisoner, is

DYNES TOO POPULAR.

Jealousy May Have Been Cause of
Gallen, Mich., Murder.

Windsor, Aug. 28.—Albert Dyne, father of Lloyd Dyne, the Windsor telegraph operator, who was found murdered in the Michigan Central Railway office at Gallen, Mich., arrived here with the body to-day.

It is the general opinion that Dyne was killed by someone who was jealous of him because of his popularity among women.

Another theory, but one not widely accepted, is that he was killed by a woman who intended to rob the station, but were frightened away by an approaching train before they got any valuables.

DUTY ON STRIPPERS.

Australia Substitutes Specific for
Ad Valorem Charge.

Melbourne, Victoria, Aug. 28.—In the federal house of representatives to-day the minister of trade and commerce moved a resolution in favor of the substitution of specific duties of \$50 and \$40, respectively, on stripper harvesters, for an ad-valorem duty of 25 per cent.

Mr. Hays Goes West.
Montreal, Aug. 28.—C. M. Hays, president of the Grand Trunk Pacific, left for the west to-night to join General Manager Morse in a trip thru the Pacific terminals of the Grand Trunk Pacific Railway.

FATALITY AT CROSSING.

Girls Pass Under Gate and Are
Struck by Second Train.

Utica, N. Y., Aug. 28.—Two girls, 9 and 10 years old, were standing on the north side of the Schuylkill-street crossing of the Central Railroad in this city this afternoon. The crossing gates were down, and a freight train was passing.

As soon as the freight passed the girls dodged under the gate bar and started to cross the tracks. They were struck by one of the fast mail trains and instantly killed.

One of them was thrown about 75 feet and the other about 50 feet.

Two to Five Feet of Silver.
The 800-pound nugget of silver recently found at the Nevada mine to be seen under the grand stand at the exhibition.

Mining Engineer Coll of the T. & N. O. railway commission says that the new vein has been stripped 100 feet in length, and that it runs from two to five feet in thickness.

Abandons Trip to Pole.
Hammerfest, Norway, Aug. 28.—According to advices received here to-day from Spitzbergen, Walter Wellman, leader of The Chicago Record-Herald polar expedition, starts south within a week, having decided to abandon for this year his attempt to reach the pole by means of an airship.

Free to Men Until Robust Health, Strength, and Vigor is Regained

Happy, glorious Manhood—the strength that pushes the world! Success in its completeness! And what is wealth? Failure, despair! But why be weak, when a cure is within your reach for the asking? All men with very few exceptions were made strong and should be so through life. Many have abused this grand privilege and thru dissipation have become weaklings, puny, lack confidence, can't face the slightest difficulty, have drains, losses, impotency, varicose veins, rheumatism, lame back, etc., and are mere playthings in the hands of their associates. How deplorable, but all these men can be made full of strength, vigor and life if they will only turn to the right source. Electricity cures these cases. I have been curing thousands every year for nearly forty years. So positive am I of what my world-famous Dr. Sander Electric Belt will do that if you will call or send for one you can use it

FREE UNTIL CURED.

Not a penny on deposit or in advance. I will take your word for results, and only charge price of belt—many cases less as \$4.

My wonderful success has brought forth many imitations of my belt, but my valuable experience to advise and guide my patients cannot be imitated. It and my belt can be had free until a cure is effected, but only at address as below.

Call and get one to-day, or write. I also send two best books ever written upon health and strength of men. Free, sealed, by mail.
