So it proved. Grapes are plentiful, two car loads coming in on Friday, consigned to two firms. TO HELP OUT YOUR SUIT MEN'S \$3.50 AND \$3.75 TROUSERS FOR \$2.49

THE STANDARD OF VALUE

IN MEN'S SHOES

We are proud to say that the quality of leather. the quality of workmanship and the quality of all the et ceteras which go to make up

the Victor Shoe is as good and better to-day than ever it was. But have you had any oc-

casion to note the steady rise in the price of leather since the opening of the great Russo-Japan war? Have you any business with leather at all? Whether you have or not, the fact is that leather is "sky-high" and still soaring. You

need no further proof than is witnessed by the scramble of other brands of shoes to cheapen the cost of their production and to raise their selling prices.

-VICTOR PRICE REMAINS THE SAME. -VICTOR QUALITY IS STANDARD

This store takes up any extra burden due to the increased cost of leather. Victor Shoes are sold at \$3.50 per pair and always have been. But they have always been worth more than other \$3.50 shoes and are still more so now that other shoes are cheapened.
