TRACK ALLOWANCE REPAIRS.

Orders That Work Must Be Done by Exhibition Time,

And on Yonge, Queen and King-Streets is to Begin Now—Controllers Not Experts on Hose and Failures on Elevators—Dunn to Move to Reduce Fleming's Salary.

A decent track allowance before Exhibition time and work at nights to do it. Such is the pavement policy mapped out by the controllers yesterday afternoon. Among the plethora of tenders opened were those for paving the track allowance on Yonge-street from Bloor to Davenport-road; on King-street, from Simcoe to Spadina, and on Queen-street, from Yonge to Bathurst. Between the tracks scoria will be laid in all three places, as well as on the devil strip on the latter two. On the Yonge-street devil-strip will go down Canadian brick. The prices as given below will be seen, by a comparison with the Engineer's, to be exceedingly satisfactory, and if the remaining contracts are let as cheaply as the Dominion Contracting and Paving Company engages to do those awarded yesterday, the chances are bright for a plump unexpended balance from the $110,000 appropriation for this bicyclists' boon.

Track Allowance and Other Contracts.

The pavement contracts were awarded as follows:

Track allowance repairs—Dominion Contracting and Paving Co, Yonge-street, Bloor to Davenport, scoria between tracks, $2.34 per square yard, Canadian brick on devil strip, $1.24 per square yard; King-street, Simcoe to Spadina, and Queen-street, Yonge to Bathurst, scoria throughout at $2.34 per square yard. Engineer's tender: Scoria $2.65, brick $1.40.

Cedar block—Murray-street, Caer Howell to north end, Bryce & Co., $1413; Engineer's tender $1544. Shaw-street, Queen to Arthur, Dominion Contracting and Paving Co., $4468; Engineer's tender $4701.

Brick pavement—Dundas-street, Queen to Arthur, Dominion Contracting and Paving Co., $10,613; Engineer's tender $10,902.

Asphalt pavement—Cowan-avenue, King-street to Queen, Construction and Paving Co., $7589; Engineer's tender, $7703.

Macadam roadway—Bernard-avenue, Arthur to Bedford-road, J. H. McKnight, $1972; Engineer's tender, $2154.

Concrete sidewalks—Albert-street, south side, James-street to Teraulay-street, Construction and Paving Company, $1.60 per lineal foot; Engineer's tender, $1.70. St. George-street, Bloor to Harbord, Gardner & Co., 94 cents; Engineer's tender, 95 cents. Queen-street, south side, 66 feet west of Victoria, Gardner & Co., $1.80 per foot; Engineer's tender, $2 per foot. Queen-street, north side, James to Teraulay, Gardner & Co., $2.50; Engineer's tender, $2.60. Elizabeth-street, east side, College to first lane north, J. H. McKnight, 73 cents; Engineer's tender $1.10.

Tamarac pavement—Scott-street, Esplanade to Front, Dominion Contracting and Paving Co., $3517; Engineer's tender $4516.

By suggestion of Ald. Hubbard the Engineer is to report as to the advisability of having the track allowance work done at night in order to finish it by Exhibition time. Cast iron reguniticos will also be insisted upon as to the time limit allowed the contractors, Ald. Burns having so advised.

Not Experts on Fire Hose.

When the tenders for fire hose were opened the multiplicity of brands left the board in a quandary. 'Twas ever thus in the hose line, but Controller Burns, with a total disregard of time-honored tradition, condemned the system of tendering as a loose one. There were only two tenders submitted, but they were not indexed in a manner to enable the controllers to compare the prices. The Mayor confessed a blank ignorance of hose, at least of the rubber or canvas variety, and by his solicitation Chief Graham was induced to say that of all kinds, the "Eureka" and perhaps the "Paragon" had given the best satisfaction. The matter remained still entangled, however, and Ald. Burns will have to fall back with the others upon the chief's recommendation respecting a choice from the following tenders:

Gutta Percha Co.'s Variety.

For 3000 feet of 2½ inch hose without couplings:

Tender No. 1: Price per foot.	Name of brand.	Weight per 50 ft.	Pressure sq in. Guarantee.
1—$1 00	Maltese Cross	50 or 55 lbs.	400 lbs. ..... 5 years
2— 85	Crescent	58 lbs.	400 lbs. ..... 4 years
3— 70	Beaver	60 lbs.	400 lbs. ..... 3 years
4— 1 00	Eureka, three ply	50 lbs.	500 lbs. ..... 5 years
5— 85	Paragon, two ply	45 lbs.	400 lbs. ..... 4 years
6— 70	Red Cross	38 lbs.	350 lbs. ..... 4 years
7— 85	Baker Fabric	45 lbs.	400 lbs. ..... 5 years
8— 70	New Peerless	49 lbs.	400 lbs. ..... 4 years
9— 70	New Surprise	62 lbs.	450 lbs. ..... 4 years
10— 80	Victor, double jacket	50 lbs.	600 lbs. ..... 5 years
11— 85	Jubilee, one ply	45 lbs.	400 lbs. ..... 4 years
12— 55	Underwriters', one ply	36 lbs.	400 lbs. ..... 3 years
Canadian Rubber Co. Submits Two.			
Tender No. 2:			
1— 82	Maple Leaf, double jacket	50 lbs.	400 lbs. ..... 5 years
2— 87½	Electric Rubber	60 lbs.	400 lbs. ..... 5 years

Lamb Jollies Again in Vain.

Ald. Lamb with a Mosaic meekness approached the Board with a further little bid to put the finishing touches on his bridge over Keating's channel. The aforesaid touches were to consist of a sidewalk on the eastern breakwater and were to cost $1595. The petitioner jollied the board in his usual bland and convincing manner. He was profuse in his thanks for the way they had gorged him with favors in the past, but noticing their embarrassment in seeking a way to refuse he very modestly withdrew his request.

Boswell and O'Donoghue to Be Heard.

It was agreed that the Technical School Board should be given a hearing at Friday's meeting when the fluent rhetoric of Mr. O'Donoghue and the others is to urge the necessity of providing a new school building. Commodore Boswell of the R. C. Y. Club will also present yet once again the claims for damages for the closing of York-street. The Mayor has consulted the City Solicitor and Assessment Commissioner, and has been buttressed in his belief that the claims are excessive.

No Faith in Lennox or Themselves.

The board then fell to it again about the elevator tenders. His Worship still talks Sprague, but he has lost faith in Architect Lennox's capabilities as an elevator expert, and did not hesitate to say so. He has likewise lost faith in his own. He was forced to confess to a fact that has long been patent to an observant public that "the more we work at it, the worse it gets." The question will also come up on Friday.

Lamb's Government Pest-House.

Ald. Lamb's prolific brain has delivered itself of yet another new idea. Dr. Sheard read at the Local Board of Health yesterday the report of the sub-committee on a new smallpox hospital site. Nobody, of course, wants the pest-house as a neighbor, and rumors are afloat to the effect that this fact was impressed upon the committee in its search by infuriated citizens with shot guns. At any rate the report, while mentioning four possible sites, three on city property, confesses, "We consequently find that it is an almost insurmountable difficulty to secure a new location acceptable to all." The four sites mentioned are: First, a spot about 1000 feet north from the present one and protected by bluffs; second, a spot on the lake side, west of Exhibition Park, and adjacent to Fort Rouille; third, the site of the old caretaker's cottage in the northeast corner of High Park; and lastly, Dovercourt Park. Ald. Lamb's solution is to have the Ontario Government establish a provincial hospital. Of the 740 municipalities in the province, he says only 570 have local Boards of Health, and Toronto alone has a smallpox hospital. The consequence is that all cases will be loaded on this city a la Belleville. He would have the Government likewise maintain an ambulance car for the railways, with other necessary services. Upon his motion the Provincial Board of Health will be invited to take action on this suggestion, providing a report from Dr. Sheard consents to it.

The Medical Health Officer's monthly report was adopted, and everybody interested was also warned by resolution that the dumping of sewage anywhere near the mouth of the intake pipe will not be tolerated.

R. J. in a Hole.

Controller Hubbard is to confer with the sub-committee and the Assessment Commissioner this morning to help the latter out of the "hole" he has crawled into in making the unsanctioned agreement with McColl to lease the Don Flats lot in consideration of the company forfeiting all claims for damages owing to Don improvements.

Will It Be Ruled Out.

Ald. Dunn is button-holing his colleagues this week to get his soundings before moving a resolution at next Monday's council to reduce R. J. Fleming's salary of $4000 per year. Ald. Bowman promises to move an amendment to increase it.

Always Increasing.

Following is the last monthly statement of the receipts of the Toronto Railway Company: Gross receipts, June 1, 1898, $85,706.63; city's percentage, $7,496.69; gross receipts, June, 1897, $92,015.16; city's percentage, $7,361.21; gross receipts, May, 1898, $92,493.63; city's percentage, $7,399.49.

On account mileage for quarter due July 1, $16,000.

City Hall Notes.

The Court of Revision revised slightly Ward 2 assessments yesterday, and will finish the Ward to-day.

The Massey-Harris Co. have invited the Mayor and City Council to visit their factory within the next ten days.

The employes of Carswell & Co., civic printers, will hold their annual picnic to Niagara Falls on Saturday, July 16.

Who Gets North Simcoe?

Major Campbell of Collingwood is in town, and, in conversation with The World, said that in his opinion Lawyer Lennox of Barrie was likely to be the choice of the Conservative party in North Simcoe. There was a movement on foot to send Leighton McCarthy, nephew of the late D'Alton McCarthy, to the Federal Parliament by acclamation, but after a spasmodic life the movement succumbed. In the Major's opinion Mr. Stewart of Collingwood is the probable choice of the Liberals. As to Mr. Hamilton Hall's chances for the nomination of the Conservatives, the Major thinks that Mr. Hall, being an out-and-out Conservative, stands even with Lawyer Lennox. "It is a toss-up who gets it," said the Major.

The Best Liniment for Horses.

Messrs. Ritchie & Co., the large ranchers of B.C., write: We consider Griffiths' Veterinary Menthol Liniment unequalled for horses. One of ours had a bad sprain on its left leg, which was swollen to an enormous size. Griffiths' Menthol Liniment was applied two days, when the swelling and soreness entirely left it. We consider it superior to any other liniment. All druggists, 25 cts.

Zion Congregational Church.

A successful entertainment was given on Tuesday night last in the Moss Park Rink, under the auspices of the Y.P.S.C. of the Zion Congregational Church. The 48th Highlanders' band, under the direction of Mr. J. Slatter, rendered an admirable selection of music, which was much appreciated by the large audience present.

A Good Offer.

Rev. Donald Guthrie, B. A., a graduate of the Presbyterian College and late of Knox Church, Walkerton, has been offered the position of successor to Rev. Dr. M. A. Hodge of Richmond, Va. His salary will be $2500, which will be raised in time to $5000.

COUNTY AND SUBURBAN

Toronto Junction, July 6.—(Special.)—Fire broke out in the planing factory of S. Phillips on Keele-street north this morning, and did damage to the extent of $125. The firemen were on the scene soon after the flames broke out, and in a few minutes had it under control. The building is insured, but the contents are not. The factory is situated in the rear of E. R. Rogers' hardware store, and, in recognition of the services rendered by the firemen in preventing the flames spreading, Mr. Rogers at once sent a cheque to Chief Robinson for the benefit of the brigade. It is thought that the fire originated from children lighting fires on the vacant lot near the factory, a spark from which may have got in the sawdust and smouldered until it finally broke into flames.

The annual meeting of the Toronto Junction Gun Club was held last night. Encouraging reports were read, and a very successful season is looked forward to. The treasurer reported a balance on hand of $80, and the auditors reported the finances in a satisfactory condition. Officers for the current year were elected as follows: President, Philip Wakefield; vice-president, George McGill; financial secretary, John Wilson; corresponding secretary, W. Sheppard; treasurer, James Hardy.

Lambton Park was to-day visited by the Sunday school children of St. Cyprian Church, Toronto. The day was pleasantly spent.

East Toronto.

The social event of the week took place last night at the residence of Mr. George Meech, Main-street, when Miss Nellie Meech, sister of Mr. C. Meech, Parliament-street, and R. Meech, Yonge-street, and George Meech, was united in the holy bonds of matrimony to Mr. Coleman Curtis of Port Hope. The ceremony was performed by Rev. T. R. O'Meara of Little Trinity Church. The bride was handsomely dressed in a green poplin gown, trimmed with white satin and chiffon, and certainly looked the picture of happiness. Miss Emma Butler made a charming bridesmaid, in her becoming dress of white organdie muslin. Mr. Harry Blaylock made a model best man. Afterwards the invited guests adjourned to a large marquee, erected on the lawn, and which was tastefully decorated with flags and Chinese lanterns, where a sumptuous repast awaited them. The health, prosperity and success of the happy couple having been proposed and replied to, dancing was indulged in until the early hours of the morning to music supplied by Prof. Wiggins and his orchestra. The bridal couple left for their home in Havelock amidst the usual shower of rice and old slippers. The presents were very handsome and numerous, and were also very useful to the young housekeeper.

Mr. Spencer H. Over of Norway left yesterday morning for a trip to England via Montreal. He will be absent about two months.

Mrs. Daniel Kerr has returned home much improved in health from her visit to the Eastern States.

Mimico.

The Canadian Pacific Railway train narrowly escaped being derailed by a herd of cattle at the Mimico crossing yesterday morning. Mr. Cousins, watchman at the crossing, endeavored to keep them back, but two got past him, and the rest made a rush to follow just as the train came by. There were eight cows on the crossing when the train whizzed past, only one of which was killed. It was thrown about 70 feet. It belonged to Mrs. Donpolly.

Esplanade Constable Williams was dragging the lake all day yesterday for the victims of Sunday's storm, but without success. They went down in 75 feet of water.

James O'Donnell, for assaulting John McGraw on Mimico bridge, pleaded guilty, and was fined by Squire Ramsden $1 and costs.

The adherents of Christ Church, Mimico, will have high tea and hold a dance at Long Branch this evening.

St. Olave's Garden Party.

The beautiful grounds of Mrs. McDonnell, on the corner of Lakeshore-road and Indian-road, were last night prettily illuminated with Japanese lanterns and decorated with flags and bunting. The Sunnyside band discoursed sweet music and a Punch and Judy show and a ventriloquist entertainment provided enjoyment for the young people. It was the annual garden party of St. Olave's Church, Swansea, and proved to be a very successful event. In addition to the many other attractions the following program was rendered: Instrumental duet, Misses Clayton and Smith; vocal solo, Millard's "Waiting," Miss Margaret Reid; triple-tonguing cornet solo, Lilly Bletsoe; Honeysuckle Polka, costume singing, by the two little maids, Misses Clayton and Winters; instrumental selections; cornet solo, "Children's Home," Fred H. Cowen, Lilly Bletsoe; song, selected, Miss M. Reid; costume duet, Misses Clayton and Winters.

Saturday's Meeting of Veterans.

A final meeting of the Veterans of '66 and '70 to fill in application forms for medals will be held in the Armouries on Saturday night, the 9th inst., at 8 o'clock. All Veterans entitled to receive medals should be present on that occasion, as the officers of the "'66" Association have the forms of application and also J.P.'s to take the declarations.

Under Great Pressure The Nerves Suffer

Hot weather exhausts nerve force and saps vitality. The best strength-giving, reviving tonic is needed to make up the loss of force and vigor, and to have the best you should take

Dr. Ward's Blood and Nerve Pills

They give you strong, steady nerves, refreshing sleep, rich red blood, strength, energy and the capacity to enjoy life even in the heated term.

A HEARTFELT TESTIMONY

Gentlemen,—God has at last placed it in my power to befriend my suffering brethren. For years I suffered the miseries of the lost, from ill-health and a general breakdown of system; Nature's sunniest smiles strick back from my heart no answering chord, for the demon of disease held me tightly clasped within its tenacious clutch. Nervous prostration had laid me low. For weeks, aye, months, a living death was all that I did represent. All healthy functions of my body seemed paralyzed within me. Sleep I had but little on account of my nerve-racked body. All pleasure in life had from me departed, even my faith in mankind itself was shattered, owing to my being swindled right and left by bogus medicines and unskilful doctors. In this hour of my deep and black despair, when death seemed to offer the only rest from my earthly torments, did God in His infinite mercy save me by placing in my power a medicine that has made a new man of me. Till the ending of my days I pray that God may bless and prosper the noble work that Dr. Ward's Blood and Nerve Pills are doing for suffering humanity, for they are the pills that have restored me to a full enjoyment of all His heavenly gifts. Thankfully yours, Rev. James Swartz, Evangelist, Hamilton, Ont.

Dr. Ward's Blood and Nerve Pills are sold at 50c per box, 5 boxes for $2, at druggists, or mailed on receipt of price by The Dr. Ward Co., 71 Victoria street, Toronto. Book of information free
