#### NOTES OF BOATS AND BOATMEN.

The Lakeside Takes Over a Big Load—Other Incidents of a Day on the Wharves.

A large number came over yesterday from St. Catharines on the Lakeside, the trip being delightful. On the return voyage she carried her largest cargo of the season and also a big cargo of freight.

On Saturday afternoon locking was resumed at Port Colborne. The rules at that port will be the same as the ones in force last season, the locks opening at 9 o'clock every Sunday evening.

The steamer office of the Garden City was opened yesterday after being closed all winter. The building will be thoroughly renovated and made attractive for the season. Manager Thomas Nilan is expected to arrive in the city to-day.

The Hamilton wharves Montreal Thursday and will arrive at Millroy's Wharf next Saturday night.  
The Emerald clears this morning from Church-street Wharf.  
The W. T. Emery, which has been under going repairs at Church-street Wharf for several weeks past, is now ready for service. It is likely to sail to-day.  
The Van Stralens cleared for Oswego yesterday to take on coal for a Hamilton firm.

The Antelope came in yesterday from Charlotte with 602 tons of coal for the Dougal Coal Company. After unloading she cleared light for the same port.

The steamship Niagara cleared light for Toledo yesterday in command of Capt. Morgan. Her first cargo will be a load of timber for a Kingston firm.

No service has as yet been arranged to Long Branch, although it is likely that the steamer plying to Grimsby Park will touch at that pleasure resort.

#### THAT SCHOLES RECEPTION.

A Correspondent Says That Rev. Mr. Neel is a Very Narrow-Minded Man.

Editor World: I notice that the Rev. T. W. Neel of the McCaul-street Methodist Church has taken it upon himself to lecture the Mayor for publicly doing honor to a young citizen, who has distinguished himself abroad, and by his many public advertisements not only his native city, but the entire Dominion.

The Mayor is quite capable of defending his own actions in this regard, and I shall only say that by showing his appreciation of physical culture generally, and his appreciation of Mr. Scholes' wonderful victory, the Mayor made many friends, and will not soon forget his kindness and affability in according to the wishes of the Reception Committee.

It may surprise Mr. Neel, however, to learn that Mr. Scholes never engaged in a prize fight in his life, and if declarations of contempt for anything, the chances are that he never will.

Mr. Scholes went to England under the auspices of the Athenaeum Club, and I beg to say that that club has persistently and consistently opposed prize fighting, and has never encouraged it in any way, in spite of large money inducements tempt from its ranks. Nevertheless, like every other athletic club in the world, it has endeavored to encourage a prize fighter, and a prize fighter as a physical exercise.

Mr. Neel does not know the difference between a prize fighter and a prizefighter. David Harum says that there are men in the world with views so narrow that fourteen of them could ride in one buggy seat. I think I could pick out two or three parties in Toronto who would enjoy such a ride.

#### Provincial Appointments.

The Ontario Government has made the following appointments: W. H. McCrea, to be Clerk of the Fifth Division Court of Leeds and Grenville, vice Whitmarsh; Jas. Yates, to be Clerk of the First Division Court of Huron; Court of Senegal; Councilor Murray, to be bailiff of the First Division Court of Lincoln; John H. Fete, to be bailiff of the Fifth Division Court of Hamilton; and J. Wesley Macassar, to be bailiff of the Seventh Division Court of Norfolk.

#### Beautiful Park Grounds.

The grounds surrounding the Parliament Buildings have been made very beautiful by the small army of gardeners who have been employed there for the past couple of weeks. The lawns are now in the best of all the beds, the new trees are all in, and the lawns are delightfully green. The seats have been placed along the walks, and a large number of people spent a pleasant hour there yesterday.

#### Caterer Kennedy's Departure.

Mr. William Kennedy, who has resigned his position as caterer and Speaker's messenger, moved out of the Parliament Buildings yesterday, and leaves this morning for Detroit, where he will reside. His successor at the buildings is Mr. Tolchard, late of Osgoode Hall.

### THE DOMINION ALLIANCE

#### Executive Committee Met in This City Yesterday and Issued a Manifesto.

#### EACH PROVINCE MUST DECIDE

#### Whether It Wishes a Prohibitory Law - Grounds of Appeal - Plan of Action.

The Executive Committee of the Dominion Alliance has issued an appeal asking its friends to support the plan adopted by the Dominion Alliance, composed mainly of members of Parliament, favorable to prohibition.

Only an Instalment. The Alliance Executive regrets that no more comprehensive action than that proposed is at present open for their support. They will not accept a settlement of the liquor question anything short of total national prohibition. Nothing else can be fully satisfactory. Nothing less is final.

The new proposal, though far ahead of any other, will only be taken as an instalment. Whether or not it is secured, the agitation must go on for a still better law, and for what is now, more needful than ever, the election to Parliament of men who will fairly voice the demand of the liquor traffic.

Government Should Have Acted. The prohibitionists of Canada claimed and claim, that the substantial majority for prohibition received in the Dominion, including the splendid majority of 107,948 in that part of the Dominion outside Quebec, ought to have been sufficient to warrant the Government in introducing into Parliament such legislation as would fairly embody the will of the people thus expressed, and they were deeply disappointed and disgusted when informed that the Government had refused to take such action.

Committee's Position. When the Dominion Alliance met at Ottawa, they had to deal with the situation of this part of the Dominion, which was found to be endorsed by many members of Parliament. The recorded vote of the Dominion of Quebec, namely, 28,222 for prohibition, and 122,614 against, and the fact that this great vote against prohibition is peculiarly features, such as being mainly polled in one large area of the country, and by the electors of one special national constituency, were advanced as reasons against interfering with existing conditions in that province. The committee had to decide on a course of action, knowing that the Government had a strong majority in the House of Commons, and being convinced that Parliament would not enact a prohibitory law to take effect in the Province of Quebec.

Only Course Open. There is much in the argument that Quebec, being a part of the Dominion, ought to be treated as a part of the Dominion, and that the decision of a majority of the Dominion voters in the Dominion would be a benefit to that province. We have, however, to take into account the facts that in the opinion of our friends Parliament could not be induced to enact a law of national prohibition, and that at present we can only secure prohibitory legislation for the other parts of the Dominion.

Substantial Progress. The legislation proposed in the report of the committee will be a long step in advance. It will enable each province to secure prohibition of a more thorough and effective character than is now provided by a Provincial Legislature.

It was suggested that Parliament might be asked to enact such legislation directly without any further voting. In reply to this it was claimed that Parliament would not accept even such a measure for the Dominion prohibition in different provinces, and that the people of the provinces would support a narrower measure.

It was also argued that the right of Parliament to enact special legislation for the Dominion, which is not a province, is a right which principle is already recognized in the Canada Temperance Act.

For similar reasons it was thought that the aim aimed at might be most readily attained by a direct action of the Dominion, and that the Dominion, which principle is already recognized in the Canada Temperance Act.

The further voting proposed will be, not like the prohibition already taken, mere expressions of opinion, but actual law-making action, bringing prohibition into force by a majority vote in any Provincial Legislature.

The proposal to vote at the time of a general election, and to have no repeal voting before the law has had a fair opportunity to go good. Penalties and provisions for enforcement must also be strong, definite and simple.

#### THE QUEEN'S REQUEST.

#### Wants All Her Immediate Relatives to Be on Hand on the Next 24th of May.

New York, May 1.—The London correspondent of The Journal says that Queen Victoria has expressed a desire that all members of her family who can possibly be in England shall attend at Windsor Castle, May 24, when she celebrates her 80th birthday.

#### Some Points About Canada.

Messrs. Hunter, Rose & Co. have just turned out one of the handsomest works yet given to the Canadian public. It is entitled, "Canada, from Ocean to Ocean," and was printed by Messrs. Hunter, Rose & Co., for the Dominion Publishing Company of Toronto. The work has been compiled by J. Lawlor Woods, and the different Provincial Governments have all given their aid in the way of supplying suitable information, etc. "Canada, from Ocean to Ocean," deals with facts as they are at present throughout the Dominion, and its editor has not built any castles in the air, nor allowed any romantic ideas of this country to appear in its columns. It is a plain, matter-of-fact work, dealing with Canada as she is to-day. The work contains a vast amount of interesting matter, and both business men and he who takes pride in the history of his country will take much pleasure in perusing its columns.

#### A Brahmin to Come.

In the near future, Mr. J. C. Chatterji, translator of the Bhagavad Gita and otherwise eminent for his literary and scholarly attainments, will visit Toronto and expound as only a learned Brahmin can, the philosophy of the Vedas and other of the East. It will be interesting to hear what "the heathen" has to say for himself and his religion.

#### The Demon Dyspepsia.

The Demon Dyspepsia—in other words it was a popular belief that demons were invisibly through the ambient air seeking to enter into man and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitations in those who are careless of their living habits. And once he enters a man it is difficult to dislodge him. He that fits himself so possessed should know that a valiant friend to do battle for him with the unseen foe is the famous Vegetable Pills, which are every ready for the trial.

### COUNTY THIEVES GALORE

#### Make Chief Lawrence Hustle for His Reputation as a Terror to Wrongdoers.

Chief Lawrence of North Toronto has all he can handle these days. He has been kept busy working on the burglary at the Rosedale Hotel last week, and the theft of E. Gallanough's horse and buggy from Thornhill on Saturday night. Another case of shoplifting was reported yesterday morning. It was at Dennis Daniel's coal and wood office, corner of St. Clair-avenue and Yonge-street. The thieves ransacked the office on Sunday night and rifled all the drawers. When Mr. Daniels opened the place yesterday morning he found it in a state of disorder. An attempt had been made to open the safe. The handle was broken off and the lock tampered with. William Henry of York Township had a shirt, collar and two pocket handkerchiefs stolen from him on April 18 and three days later Alex. Bryce of Eglington reported the loss of a shirt, collar and two pocket handkerchiefs. Similarly, the case of John Robinson, a 14-year-old lad, and information was laid yesterday against him before Magistrate Justice, charged with stealing the articles. Alex. Robinson, the boy's father, has also been summoned on charges of shoplifting. The father and son will be tried on Thursday.

#### IS ALIAGED OUT OF IT?

#### People Are Saying That He Has Fought His Last Political Battle, and He Knows It.

Chicago, May 1.—Ex-Governor John P. Altgeld has fought his last political battle. Dr. Nicholas Senn says the ex-Governor is certainly a very sick man, and it seems probable that he will not fight his last political battle, which is in itself serious, the ex-Governor is completely broken down in spirit, and is despondent to the last degree. The chief cause of his despondency is the loss of the fact that his present illness is not a development of his old ailment, locomotor ataxia. In this knowledge, he is naturally depressed of spirit, and is sufficiently restored to health to wage another political fight. Still, unless completely cured, he may linger longer than anyone would expect.

#### THE RACIAL TROUBLES.

He predicted that 2,500,000 were able to carry arms and predicted that, if the carriers of colored men in the south did not stand up and fight, a conflict between the black and white men of the south. He said that his brethren in the south looked to the north for salvation.

#### WHOLESALE DOG-POISONING.

#### Pet Canines of All Breeds Have Been Killed and Their Owners Are Desperate.

Highland Falls, N.Y., May 1.—Mourning and grief talk are heard in nearly every household in this village over a wholesale poisoning of dogs, which took place here on Thursday night. The dogs were poisoned by a man who did it for a living. It was a very large party, and there would be a big white party, if the poisoner could be located. Several persons in the village were about midnight, and in at least two instances a man was seen running away from the place. A man named Adams, who is a winning colic, owned by Senator Louis Goodsell, valued at \$5000, was also poisoned.
