

## HORSE SHOW WILL GET \$750

Board of Control Decides Upon That Sum as a Sufficient Grant From the City.

## INFANTS' HOME WANTS MONEY.

So Does the Day Nursery on Hayter Street—Separate School Board Asks Rebate.

The Board of Control was waited upon yesterday morning by W. D. Beardmore, W. E. Wellington, Stewart Houston and others on behalf of the Horse Show. A grant of \$800 was requested, and the deputation maintained that the show was of advantage to Toronto and the public generally. On the motion of Controller London, the board made a grant of \$750.

## Encouragement for the Home.

Another request for funds was made by a deputation of ladies from the Infants' Home. They were introduced by ex-Ald. McMurrich. Mrs. Bouthie stated that in last year's estimates an appropriation of \$1200 was made for the Infants' Home, a reduction of \$900 compared with the previous year, the only \$900 had been drawn. The ladies were desirous of having the balance, \$208, paid over. Speaking of the subject of deserted children, Mrs. Bouthie stated that only one foundling was reported to the home last year, compared with nine for the previous year. Generally speaking, however, the responsibilities of the home were not less than they had ever been. Expenses were much higher, probably 20 per cent., than in recent years, despite the fact that rigid economy was practiced. Incidentally, Mrs. Bouthie observed that the number of feeble-minded women with infants was larger now than it had ever been.

Controllers London and Richardson thought the ladies' request should be granted, but the matter stands for a report from Relief Officer Taylor.

## The Day Nursery.

The Day Nursery on Hayter street was represented by Mrs. Moss. Last year \$250 was given by the city to this charity, and the management hoped that this amount would be increased. If possible, as the cost of maintaining the institution had increased. From 25 to 28 children were taken care of every day for ten cents each.

## Want a Rebate.

The Separate School Board wants a rebate of the rent charged for rooms in the City Hall. The amount involved is \$1218 for one year. The matter will be further considered at the next meeting.

On Friday the board will consider the G. T. R. plan showing the proposed location for a siding across Front and John streets.

## At the Estimates Again.

The Board of Control met yesterday afternoon for further consideration of the Property Committee's estimates for 1903. The items relating to the City Hall were attacked first, and a general cut took place. The sum of \$5508 being lopped off the total of \$10,424. It was decided to make \$200 cover all expenses connected with the City Hall, by the order of the City Hall, the City Hall night watchman from \$14 weekly to \$12.00.

The City Hall clock will now be lighted up at night, the sum of \$270 being recommended for this purpose. The estimated expenditure of \$1716 for its maintenance, will, after this, stand at \$1946, the item of \$804 for stable maintenance being struck out altogether, and an appropriation of \$250 placed instead.

The board will meet at the City Hall at 2.30 on Friday to go over the market estimates.

## Will Issue a Writ.

The City Solicitor was instructed to issue a writ against the Toronto Railway Company to collect \$8000 interest on arrears of mortgage dues, which the company withheld from payment until forced to do so by the judgment given by the City Council. The arrears covered the term between 1893 and 1894. The City Solicitor also recommended settlement of the term of 1895 to Toronto, being a suit to set aside a tax sale deed made by the City in 1901. Mr. Seal said in his letter that it was a complicated case, and the plaintiff had agreed to pay the city \$1000 for back taxes and interest, and the case might be disposed of in this way.

Work on the New Market. Messrs. Siddall & Jarvis, architects of the new St. Lawrence Market, have made arrangements with the contractors to start the full scale of masonry work on Monday. This part, north of Front street, is to cost in the neighborhood of \$60,000, and is expected to be completed by the end of the month.

## PETER RYAN'S FUNNY LETTER

He Will Close Up Unsanitary Houses on Victoria Street.

Dr. Sheard wrote to Peter Ryan, owner of some unsanitary houses on Victoria street as follows on March 9: Dear Sir, Upon an inspection being made of premises No. 168 to 176 Victoria street, it was found that the premises are not drained, and are in a very filthy and dilapidated condition. There is a quantity of water lodged under the houses, and the premises in their present condition are unfit for human habitation, and unless the premises be properly drained and put in proper sanitary condition within ten days from date of service of this notice, I shall feel it my duty to cause the premises to be closed up. The premises of No. 168 to 176 Victoria street, will be proceeded to close up these landmarks of Toronto. Permit me to say that I have looked for this notice ever since I became the owner of the property, and was 'many a time and oft' sorely tempted to complain that your letter had been driven from my door. The members thereof are endowed with exceeding lovable natures, and at times cling to each other with a tenacity truly touching, and their neighborly intercourse and choral services between Saturday and Sunday are said to resemble the loves of the angels. Doubtless they will, on being driven out, call this planet a 'cold, cruel world' and denounce Dr. Sheard as a 'bad old man' and it is more than likely that they will ask you to provide other quarters for them where they may live in that 'perfect peace' which has long been theirs, where they are, and where in like manner they may live on the plan of paying rent or not just as the devil feels inclined. I cannot say that your notice closed up my premises, but rather the reverse, and while we may love to feast our eyes on such 'banners of beauty' I have resolved to remove this one and erect on its site a factory or some other building of a vile commercial character. In a little while it seems to me that such central beauty spots will be things of the past."

## Manitoba Railway.

According to Mr. Mackenzie of Mackenzie & Mann, the Province of Manitoba is well served, as far as railroads are concerned. Mr. Mackenzie has just returned from Winnipeg, where he has been in connection with legislation concerning the completion of his firm's lines. He is of the opinion that, when the extensions and improvements are completed, no more railroads will be needed in that Province. The Grand View extension to Edmonton is being pushed on rapidly, and it is expected that the road will be ready in time to move next year's crop.

The theme, full of the fascination that pervades an historical mystery, is the

possibilities. To those who know the ability
