FINAL FIGHT FOR RIDING

Continued From Page 1.

folk County was to lose a member. It was impossible, he said, to devise a redistribution of seats that would be satisfactory to all parties. The government, by ignoring county boundaries, could have deprived the Conservatives of a great show in the vicinity of Norfolk. Having delivered himself of this argument in defence of the bill, John Haggart described the gerrymandering of 1882 as political assassination, perpetrated regardless of honesty and justice. The redistribution bill of 1903, on the other hand, was moderate, honest and just.

John Haggart said some harsh things about the redistribution bill. He denounced the redistribution and holly-consecrated its creators.

Mr. Haggart then moved an amendment to the effect that the bill should be sent back to the committee, and the redistribution of seats should be left to the committee. The amendment was carried by a vote of 11 to 10.

From C. Hyman came a stout defence of the work of the committee and an indictment of the motives which had been imputed to it. The member for London defended the bill on general grounds and then in detail. He would not admit that an injustice had been committed in a single instance. After a long discussion, the house divided on Mr. Haggart's amendment. The amendment was lost.

on a vote of 65 to 28. Mr. Blair voted with the government.

Mr. Hackett of Prince Edward Island moved that Prince Edward Island be given six instead of four members. Sir Wilfrid Laurier argued that the motion was out of order, the Supreme Court having held that the island was entitled to only four members.

The point was whether or not the amendment was in order or not the length. The speaker declined to rule on the responsibility of ruling it out of order. He wanted the House to determine the point. In the course of the debate the representatives of Prince Edward Island entered strong objections against the reduction of island representation to four members. The amendment was carried by a vote of 65 to 28.

Amendments Lost.

In replying to a query of East Prince Edward Island made an appeal on behalf of his province. Mr. Hackett's amendment was then declared lost. Mr. LeGorgey moved an amendment providing for a re-arrangement of the boundaries of the four Prince Edward Island constituencies. This amendment was also lost.

E. F. Clarke moved an amendment in which he asked for increased representation for the County of York, including Toronto, and the County of Middlesex, including London.

He quoted figures to show that York County and Toronto have been burdened with a comparison with other constituencies. Toronto, with one-twentieth of the population of Ontario, had only one-seventeenth of the representation. Toronto also had one-seventh of the assessment of the province. Archie Campbell argued that the City of Toronto was being unfairly treated. In 1891 the unit of representation was 11,000, now it is 42,000.

E. B. Osler declared that if there was any reason for increasing the number of seats for Toronto in Toronto there was just as much reason why the unit of representation should be increased in East York and West York. It was not fair that the unit of representation of the population of Ontario should be grouped in the amendment. He insisted that Toronto has received justice at the hands of the committee, especially in the light of what the redistribution of 1891 had done for the city.

The amendment was finally lost. Dr. Roche of Marquette followed, moving Mr. Borden's committee proposition regarding the representation in Manitoba. George Taylor moved that Lee and Grenville should have three members. Mr. Borden proposed that Cape Breton County by itself should have two members. Mr. Clancy moved the

Conservative proposition with regard to Kent, Ontario. Houghton Lennox moved the opposition amendment regarding Brant, by which Brantford City of itself would have one member. Mr. Rosamond moved for a re-arrangement in Lanark to more evenly apportion, as he claimed, the population between the north and south ridings. These were all voted down, and at 12 o'clock the measure passed its third reading.

Dropped a Bill.

Mr. Fisher's bill regarding the inspection of seeds was dropped.

Mr. Taylor pressed for an adjournment, which was reluctantly acceded to by Sir William Mulock. He would have preferred a little more progress to be made. E. F. Clarke alluded to the disastrous treatment accorded by American customs officials at Newport to two British delegates on their way home after attending the Congress of Chambers of Commerce of the empire in Montreal, and he suggested that the Canadian government should make representations to the United States authorities to prevent a recurrence of a like difficulty.

Mr. Fielding was not sure that anything could be done on our part, however much the government might regret the incident. However they would require.

In view of the Transcontinental Railway bill not being printed in its new form, the House on Monday will take up the bill regarding civil service salaries and other minor items on the paper with possibly some items of supply.

LONG FIGHT ENDED.

Ogdensburg, N.Y., Sept. 25.—The long fight of the Brockville, Westport and Sault Ste. Marie Railroad has ended, and the title of the New York syndicate has been obtained by an Act incorporating the Brockville, Westport and Northwestern Railway Company, to operate a road from the Thousand Islands to the Upper Lakes, with a bridge over the St. Lawrence River at Brockville. Construction and labor conditions of the old company, whose claims amount to about \$200,000, will receive 25 per cent. of their original claims, while the unsecured liability is revoked and earned by the new company. All actions to set aside the sale are dismissed.

ZETLAND'S CANADIAN NIGHT.

Three hundred persons attended the all-Canadian night of Zetland Masonic Lodge last night. A feature of the evening was the presentation to James Lumber of photos of himself and of his six sons, all members of the lodge. Rev. Dr. Clark and Hon. D. C. Fraser made eloquent speeches on the topic of "Canada, Our Country." The officers of the evening were all past masters and all Canadian born.

Farewell to Missionaries.

The China Inland Mission had a largely attended meeting in Guild Hall last night, when a farewell was given to Mr. and Mrs. C. H. Dwyer of Scotland, Pa., and Miss Mary Allen of Toronto and Edith Hildes of London, who are returning to their fields in China after an extended furlough spent in Toronto. Miss I. A. Robson of Brantford, who will return in November, was also present. The choir was composed by H. W. Frost, director of the mission.

Y.W.C.A. Rally.

The popularity of the physical and educational courses given by the Young Women's Christian Guild was amply evidenced by the hundreds of young women that attended the rally in Guild Hall last night. The secretaries were almost swamped with applications for membership, and a most pleasant evening was afterwards spent in the parlors, when the teachers and pupils discussed the plans for the coming season. Mrs. Somers has returned from a trip to Europe, and was met with many warm welcomes from the members of her class.

A Marital Tangle.

In the Police Court yesterday, June C. C. C. H. Dwyer of Scotland, Pa., and Miss Mary Allen of Toronto and Edith Hildes of London, who are returning to their fields in China after an extended furlough spent in Toronto. Miss I. A. Robson of Brantford, who will return in November, was also present. The choir was composed by H. W. Frost, director of the mission.

Sarnia's Clever Boxer.

Mike Ward, the well-known Sarnia boxer, is in the city for the races, staying with his old friend, Joe Wallace, at 17 Dorchester street. Mike leaves his home in Sarnia, who says the charge, knew Jane's relationship to Munson when he married her.

NEW LAWYERS.

The following were admitted to the degree of barrister-at-law and sworn in as solicitors of the Supreme Court of Ontario: H. F. Goodwin, B.A., Toronto; H. M. Sinclair, B.A., Toronto; H. C. Gillespie, St. Catharines.

George Hering, representing Mackie & Co., distillers, Glasgow, Scotland, is at the King Edward.

Munyon's
Witness.

"I have been afflicted with Rheumatism for sixteen years. My feet and ankles were affected, and they would pain me so severely that I have had to take to my bed for days at a time. I procured a trial vial of Munyon's Rheumatism Cure at the free distribution recently held at the News office, and I can now get around. I am greatly relieved, feel better than I have for years before, and I consider a permanent cure is not far off." C. D. Zimmerman, 47 Duke-street, Toronto.

Your druggist will recommend Munyon's Rheumatism Cure—ask him about it—only 25c a vial.

Men, Read What They Say

"Let every man know it."—"I will preach the merits of your wonderful treatment wherever I go."—"It has been worth its weight in gold to me, and I will never cease shouting its praise."

Such are the messages of gladness sent to me from patients restored to health and strength by my Electric Belt with its Electric Suspensory FREE with Belts for weak men. They come daily and nearly always after other treatments have failed.

I have to thank you very much for your Electric Belt. It has done me a large amount of good. This time last year I was not able to do any work on my large farm; now I am able to turn out and guide the men. I was so overcome with heart disease that I could not walk. I am seventy-five years of age, and you know at my time of life you cannot make me over again, but your Belt has worked a miracle on me. I had faith in your treatment from the first, and believed all you said about my case, and I assure you, sir, I will do my best to make known with pen and tongue the good quality of your treatment. If you like you can make use of my name before the public.—JAMES JOHNSTONE, J. P., Ottawa City Postoffice.

I tell you that ELECTRICITY is a remedy of to-day. It has been a grand remedy for the past few years. I have studied this subject more carefully than any physician has ever studied his text books, and can show results. I can cite you thousands of cases that have come to me asking my advice, some of them as a last resort, having spent thousands of dollars before they came to me, and the majority of these cases are the people who are praising my method to-day.

My success is not limited to any particular trouble. Any organ of the body, any part that lacks the necessary vitality to perform its natural function, can be restored by my method. It gives strength; it makes the blood rich and red and warm; it vitalizes the nerves; it puts life and vim into the brain and muscles.

READ WHAT THEY SAY:

I have not had a pain in my back since wearing your Belt and the varicose has disappeared. I would advise all sufferers to give it a trial, and they will not regret it.—JAMES MULRANEY, Ormstown, Que.

Your Electric Belt proved a complete success in my case. I would not part with it for double what it cost. It has been a pleasure to me to recommend your Belt to many inquiries, both by letter and those calling on me personally.—JAMES CAIRNS, Chelmsford, Ont.

I was bothered with my blood not circulating properly, causing my hands and feet to feel numb all the time. The first night I put on the belt, and after wearing it for two days, I found the circulation throughout my entire body and completely cured my nervous trouble.—DIXON, Fort Danousois, Ont.

I was so down with rheumatism that I could hardly do any work, but after wearing the Belt for three weeks I felt much better. I have not felt so free from lameness for two years. Your Belt is a God-send to any person with lame back. I have recommended your Belt to all my friends.—JOSEPH TUDOR, Oshawa, Man.

To those who still doubt there is any cure because they have been misled by false representations and want evidence of cure in their own case before paying, I say disregard my testimonials if you will, but be convinced by what I can do in your case before you pay. I am willing to take all the chances of curing any case of Rheumatism, Lameness, Lame Back, Sciatica, Varicose, Nervous Debility, Constipation, Lost Energy, resulting from exposure and excesses in middle-aged men. Give me reasonable security and you can

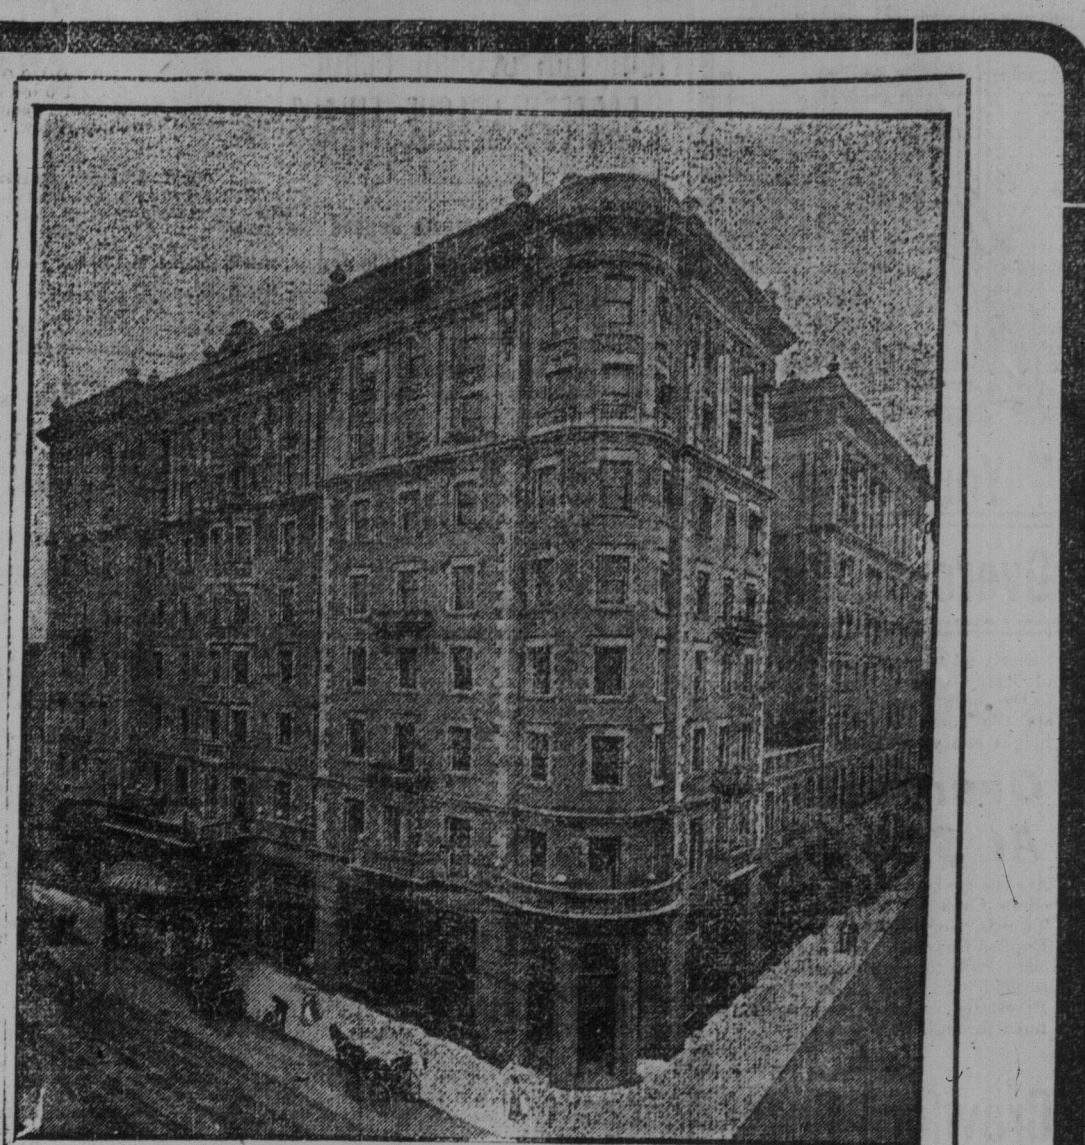

PAY WHEN CURED.

CAUTION—Beware of the schemers offering you a Belt for a dollar or two, or perhaps a free gift. Many who have been victimized by such offers lose faith in electricity. Those articles are made to sell, not to cure.

READ WITH CARE! Every patient wearing Dr. McLaughlin's Electric Belt receives FREE, until cured, the advice of a physician who understands his case. Agents or Drug Stores are not allowed to sell these goods.

FREE BOOK—If you cannot call, write for my beautiful descriptive book, showing how my Belt is used. It explains how my Belt cures you, how in men and women and gives prices. Send for it to-day. It is free for the asking.

A Mason & Risch
Art Creation
FOR THE KING EDWARD

The Parisian artist, Mr. E. Colonna, to whose talent much of the chaste and effective interior decoration and furnishing of the King Edward Hotel is due, has evidenced his skill once more in an original design of a Grand Piano for that hotel, the execution of which was left in the hands of our company.

The case of the instrument is in rich San Domingo mahogany, and in design it is of the Art Nouveau style, so much in vogue in Europe at the present time. Both in its beauty of design and in the skilful manner in which it has been executed, this instrument is sure to prove an additional factor in the many features that go towards making the King Edward Hotel so popular with its patrons.

The order given us by the management of the King Edward Hotel, we feel, but another evidence that when a piano is required (involving not only principles of construction that give it the highest degree of excellence in tonal quality, but also the carrying out of the ideas of a consummate artist such as Mr. Colonna), it is not necessary to go outside of Canada for such results.

Before going to its future home, this piano will be on exhibition for a few days at our warerooms, and as we know that there are very many who would like to hear and see the instrument we extend a very cordial invitation to such to call.

Close at Columbus.
Columbus, Sept. 25.—Favorites swept the card at the get-away day of the Grand Circuit Meeting, but Tom Keene was the only horse to win without a desperate struggle. The second race, won by Dan T., developed into the fastest trotting event of the year. Dan T. was a 7 to 1 favorite and went easily in the first heat, which was won by Rhythmic in 2:00, record-breaking time for the race. Rhythmic led in the second until overtaken by Dan T. in the stretch. The blind horse gave it up. Rhythmic by breaking pit himself and Dan T. out of the going in the third heat and Charley Herr, under the nose of Pereno, gave him a sweeping drive with Dan T. the stretch in the fourth heat and then the stretch in the fifth heat. Johnny Wiseman, the even-money choice for the 2:10 race, found Pony Cud and the contender, both horses took it easy in the first heat. In the next both were pushed hard and the Wisconsin horse cut his record to win. He did not stop the last two heats on factors. Walnut Hall was 6 to 1 favorite in the 2:10 trot. He did not get down to smooth going until the third heat, and then the others were too tired to withstand his rushes at the finish.

2:10 class, pacing, purse \$2000—Tom Keene, 1; Havana Wilkes, 2; Hal Chaffin, 3; Pick Wilson, 4; Direct, Fred H. Purdy and Ella Hall also started. Best time, 2:09.

2:10 class, trotting, purse \$1000—Dan T., 1; Rhythmic, 2; Charley Herr, 3; Pereno and Prince of Orange also started. Best time, 2:09.
