

FUR NOTICE

We have just completed the alterations to our Fur Showrooms, and it is now completely stocked with new garments in superb designs for fall 1908 and winter 1909.

Our factory is working at present at a low pressure, and it would pay us to keep all our old hands busy for the summer.

So the point is that you should send in your fur garments to-day to be altered and repaired. It's only three short months before you'll want them again, and it will enable us to make the necessary alterations in a leisurely manner and at low prices.
