WHY NOT SAVE some of the money that is slipping through your fingers. In times of prosperity prepare for times when you will not have money coming in from all sides. Garden land at \$50 or \$100 an acre is better than putting your money in the bank, and a thousand times better than buying pianos and gramophones. If you do not understand anything about land yourself, bring some one along that does; we will pay his fare and yours to the property; show you what neighbors have grown on the same kind of land. It matters not whether you are working in an office or a factory, you are looking forward to the time when you will have a place of your own. Three dollars and twenty-five cents a month will pay interest and principal on 5 acres of land. LIVERPOOL MARKETS.

WINNIPEG GRAIN MARKET,

Winnipeg, Jan. 10.—Wheat closed 44%c lower for May and 4%c down for July. Oats lost %c in May and %c in July. Barley was unchanged. Flax dropped 17%c in May.

The tracing in July was slower than in May, but the spread between the two months was a little wider than on Tuesday. Owing to the late break the fluctuations for the day were large. The market displayed considerable stubbornness today, until the last hour of the session approached, bringing weak American markets.

The cash market showed a fair demand for contract grades, but poor for the low grades, which were nearly unsaleable. Oats were firm; barley and flax dull.
