A "prevaricating " wasch, like a prevaricating man, is an abomination.

Our watches, both by heredity and training, are truth tellers—we have nothing to

A BOY'S WATCH—
not a toy watch by any means—men buy them, and use them, too, with the greatest of satisfaction. Open faced—gun metal case—very neat—very serviceable. This is the lowest priced watch upon which we put our name, but it really is good.

For A girl's WATCH.
We have one cheaper at \$3.90, but this is particularly good value. You may have it in either sterling silver or gun metal case at the same price—can be worneither in the pocket or on a chatelaine.

a perfect little beauty—
solid 14 karat gold case—perfectly plain—
very neat — but very substantial—may have monogram engraved on 15 without extra

All of the above watches are made to our special

order and carry our guaran-

Live Stock Men Cleaned Up Half the Prize Money and Poultry Breeders Made a Wonderful Showing.

The success which has attended the Canadian exhibits in all lines of live stock represented at the World's Exposition at St. gan. Yesterday four more cases were reported. In two of them the thieves got some valuable stuff.

Walter Anderson, 15 years of age, residing at 12 Sumach-street, was arrested last right, charged with till tapping.

Mrs. George Johnston, grocer, 142 Dukestreet, found the lad hiding under a counter. She tried to hold him, but the young fellow was too much for her, had not a fireman come for the street of the superistion at St. Louis, which closed last night, is unparalleled in the history of the fair. In horses, cattle, sheep and swine the Canadian exhibit was exceptionally good, while in poultry they practically swept the boards. Thruout the fair the Canadian was located the office of the superintendent of the Canadian exhibit, G. R. Cottrell of Milton, was thronged with visitors. A happy feature was the number of reception rooms for the Canadian exhibit.

COLLARS AND was untiring in his efforts to promote the interests of the exhibitors. In his report, to be submitted to the Dominion Depart-ment of Agriculture, Mr. Cottrell points out that in cattle and horses Canada won over haif the total prize money offered.

In sheep, with 17 exhibits, in nine classes, and with a total premium list of \$27, 644, Canada won \$12,446 cash, 23 diplomas and seven premium championships. In Leicesters, Lincolns, Suffolks, the Canadians win everything.

In swine, Canada had four exhibitors, competing in four classes, and from a prize list of \$12,451, got away with \$2903, three premier championships and six diplomas.

In view of the customs difficulties placed in the way of Canadian exhibitors, the Dominion Government promised to duplicate, dollar for dollar, the winnings of Canadian exhibitors, and this will be done as soon as the certificates from the \$1. I have lived and I have leved,
As I live, I'll love no more.
With a fancy, that has roved,
And a heart but little moved,
Love's attractions have I proved
By the score.

I am sick of billets-doux,
Which have nothing new to say.
And of tender verses too;
Woman, if you want to woo,
To refresh a blase, do
Find a way.

But I am embarrassed now,
And my brain in horror whirls.
There will surely be a row—
I have made the self-same vow
To I can't remember how
Many girls. If the gods but save my pate,
Periled in this awful mess,
Tho the fair may lie in wait,
I will leave them to their fate,
Being sworn to ceilbate
Happiness.
