**20th Century Brand Tailor-made Clothing**

of which we are agents here—is acknowledged by candid clothiers as the best ready-to-wear clothing made in Canada. It has quality, style and character, and without exaggeration, surpasses most custom clothing in every respect. Our leading prices for suits are \$12, \$15 and \$18.

Ready-tailored suits are not cared for by all men, however, but our Spring Overcoats we can commend to any customer. Prices are \$10, \$12.75 to \$20. Rain Coats, too, from \$8.50 to \$20.

**A. GILMOUR, 68 King Street. Fine Tailoring. Tailor-Made Clothing.**

**MILLIONS VANISHING FROM THE TREASURY OF UNCLE SAM**

Vast Sums Appropriated for Which no Account has Been Made --- No Trace of \$20,000,000 Spent in the Year 1903.

WASHINGTON, D. C. May 30.—Nearly \$20,000,000 of government funds having been misapplied or otherwise taken, Congress is taking steps to ascertain what has become of this money and determine how much more appropriated by Congress has disappeared without an accounting.

The astonishing discovery has just been made that the fiscal year ending June 30, 1903, the enormous sum of \$19,887,800, 84 was expended in the various executive departments without a scratch of the pen in the way of bookkeeping to indicate how it was utilized. It is agreed that an equal or larger amount will be found to have melted away for the three following years. A total discrepancy of \$100,000,000 between the appropriations of Congress and the expenditures of the executive departments is not impossible.

The reports of the various department auditors show that for the fiscal year ending June 30, 1903, aggregate of \$114,025,407 was expended. This covers the nine executive departments, the Civil Service Commission, the Government printing office, the Smithsonian Institution and the Interstate Commerce Commission.

The Director of the Census, in compiling and reporting the Congressional appropriations for that year, finds an aggregate of \$133,912,983.04. The difference, for which there is no accounting is \$19,887,800.84.

The final completion of appropriations and expenditures usually runs about three years behind and this accounts for the \$20,000,000 difference in 1903, having just come to light. The data furnished by the Director of the Census was submitted in connection with the pending legislative executive and judicial appropriation bill and is incorporated in the report filed by the House Committee.

The general impression prevails among Senators and Representatives that the money was not stolen but used for some purpose other than that specified in the appropriation bill. An illustration is said to be found in the annual allowance of \$20,000 to be expended by the auditor for the War Department in repairing the rolls of the civil war. It is declared that not a cent of this yearly appropriation has been used to stay the ravages of decay in destroying the rolls, but was distributed among the specially employed clerks and changed up against the roll repair fund in a lump sum.

The totals given by the Director of the Census do not represent the entire Governmental appropriation. Those for the Army, Navy, Department of Agriculture, Post-Office and other departments are carried in separate bills, the sums all being designated for a special purpose. The figures given represent only the amounts carried in the legislative, executive and judicial appropriations, which cover the odds and ends in all the departments.

**WILL VISIT WATER WORKS**

Citizens Will Have Opportunity to Inspect the Work at Loch Lomond.

At a meeting of the water and sewerage board yesterday afternoon tenders were awarded for iron pipe and castings for the use of the department. The mayor was authorized to take a number of the leading citizens and the members of the board to see the water extension work.

The board deliberated in private on some claim connected with the water extension and the chairman was given authority to settle on certain lines.

The Simon Fraser board complained that the Clover Valley road had been flooded from the back fill on the water extension, obstructing the road and ditches. The matter was laid over until Engineer Hunter could be asked. Later in the meeting Mr. Hunter said that water had been put in and the road was now in good order.

It was decided to grant a reduction of \$2 in the water tax of I. E. Smith, of Carleton.

Chas. M. McLaughlin was recommended to act as assistant in preparing the annual assessment for water rates.

The tender of D. Y. Stewart & Co., of Glasgow, Scotland, for iron water pipe, was accepted. The figure was \$32 a ton for 8 inch, and \$38 a ton for 6 inch.

The Union Foundry tender of 250 cents a pound for iron castings was accepted.

It was decided to give Wm. Patterson, sewerage foreman, who has been an employee of the city for 50 years, three months' vacation.

A number of minor matters were dealt with.

**TORN BY A DOG**

Roy Campbell of West End Had Awful Experience Yesterday Afternoon.

Young Roy Campbell of the west end, narrowly escaped being torn to death by an infuriated bull dog, yesterday afternoon, and was only saved by the providential arrival of Shanklin Thompson and Daniel Fullerton.

Two stories are told of the affair. One is to the effect that the dog was provoked, and the other is that seeing the boy playing with his owner's children, he sprang at him, believing that he was harming them. The boy is seven years old, the son of Frederick Campbell who resides near the Old Fort and the dog was owned by Mrs. Daniel Robb who lives near the ferry house.

The boy's rescuers arrived just in time. The dog's clothing was torn and there were bad cuts and bruises about the legs and long scratches on the thighs. When discovered the animal had his deadly grip on the child's neck and had he attacked the throat the little fellow would probably have been killed.

When finally forced away the animal made a futile attempt to again leap upon the boy but was driven back, and ran into the bottom of a coal barge. He was finally captured, however, and destroyed.

The boy was taken home in a coach and Dr. Day dressed the wounds. He was suffering acutely last night. His mother is very anxious about his right ear which was opened upon only a month ago.

**FRESH FISH FOR FRIDAY**

Fresh Salmon, Shad, Gaspareux, Lobsters, Haddock, Finnan Haddies.

**SUDDEN DEATH**

Chatham, N. B., May 30.—A sudden death occurred at Tabusintac Saturday, Charles Palmer, a farmer, after attending to his usual morning duties at the barn entered the house in apparently his usual state of health, pulled off his boots and then cried to his wife, "I am dying." She with her daughter, Jessie, immediately ran to his assistance but before anything could be done for him he expired. The deceased was a native of Prince Edward Island, from which at an early age he came to Tabusintac.

**Van B. C. Keith, of the C. P. R. passenger department leaves for Quebec today where he will spend the summer.**

**Oak Hall Branch Clothing Store, 695 Main Street, North End.**

**Where Do You Buy Your Clothes?**

If you don't buy them of us, you are losing money—and we can prove it to your satisfaction if you will give us half a chance. What other store can afford to sell as cheap as Oak Hall? Is there another that shares our advantages as makers, wholesalers, retailers?

Your clothes will cost you at least 25 per cent. more anywhere else in town—and, at that, they won't be as well-tailored. Any cloth, any color, any pattern—gay or quiet.
