Easy & Practical Home Dress Making Lesson's

Prepared Especially For This Newspaper by Pictorial Review

THE CUTWORK BORDER.

of the shield and finished with a ruffic An attractive costume for misses and small women, built up of olive green ratine trimmed with cutwork and a girdle of dark pansy purple satin.

from the cotton fabrics with cutwork rders. Ratine is used for the dress shown here, a lovely shade of olive green being used. The girdle is of very dark pansy purple satin. The dress is made without a lining, and it is possi-ble to get the designs with border all prepared for a reasonable sum—say from \$2.98 upward.

If the tunic is omitted there will still remain a pretty skirt with full hips, but in most of the pattern dresses shown provision is made for a tunic or some kind of drapery. It will be necessary to lay the ma-

terial open, if it is 44 inches wide or less, for the cutting of the skirt. One No. 5600. Sizes 14, 16, 18 and 20 may, however, get out of the remaining years. Fill in this blank and mail it with price of pattern, 15c

Order by number only. Remit in stamps or currency. The Evening Times Pattern Department, St. John, N. B.

Patterns published in this series may be obtained by sending price of pattern in cash or stamps to The Evening Times, Pattern Department, 23 Canterbury street, St. John. As a rule it takes about one week to deliver the pattern to the buyer. Those sending money must be careful (1) to write the number of the pattern plainly, (2) to write their name and Post Office address clearly, and (3) to enclose the price.

The neck is pretty left entirely bar

istry gives. The teeth are in greatest danger, scientific dentists have discovered, before the age of twenty. teeth,—A. M. Nodine, D. D. S., in Woman's World fr June.

The world-old adage, "an ounce of prevention is worth a pound of cure," finds no more forceful application than in the new dentistry of the twentieth century.

Isn't the question frequently in the minds of thoughtful people, "How can I keep my teeth sound until I need them no more?" "Keep your teeth clean and prevent them from decaying," is the answer the new twentieth century dentistry gives. The teeth are in greatest The teeth of the average young man or twenty-five to twenty-five downtant to twenty-five twenty-five death of the average young man or woman of twenty to twenty-five doors such as that of onions, cod oil, etc., mix a little ground dry cavities in one or two bicuspids (the teeth in front of the large grinders) in the upper jaw; third, the nerves or pulps destroyed by decay in two or three of the molars or bicuspids; fourth, cavities in one or two or three from the upper jaw; there of the molars or bicuspids; fourth, cavities in one or two or three from the upper jaw; there of the molars or bicuspids; fourth, cavities in one or two or three from the upper jaw; there is no prevent them from decaying," is the answer the new twentieth century dentities in one or two or three from the upper jaw; there is no prevent them from decaying, is the answer the new twentieth century dentities in one or two or three from odors by the same meth of the average young man or twenty-five twenty-five doors such as that of onions, cod oil, etc., mix a little ground dry in the dry water with the upper jaw; the doors such as that of onions, cod oil, etc., mix a little ground dry in the dry water with the treath water with warm water and water with warm water and water with warm water and with same with the proving the doors such as that of onions, cod oil, etc., mix a little ground dry ond, excities in one or two bicuspids for the teeth in both the upper jaw; the doors such as that of onions, cod oil, etc., mix a little ground dry ond, excite in the average young man or twenty-five and the proving the doors such as that

Hints for the Cook

Brown Bread Pudding

Scald one pint of milk and pour over one cup of brown bread. Let it cool, then add half a cup of sugar, two eggs, beaten, piece of butter size of a walnut, half a cup of raisins, a little nutmeg. Bake half an hour or until it seems firm. It may be served with whipped cream or eaten plain.

Orange Sponge Cake

You can half this recipe for a mediumsize cake; it is delicious. Rind of 2 oranges, with 2 cups sugar; add yolks of 6 eggs and beat all well; 2 heaping powder, juice of 2 oranges, with enough water to make 1 full cup (it may not need the water) Mix well and then add stiffly beaten whites of 4 eggs and beat all until you are tired. Frosting—One pound powdered sugar, it may take more; beaten whites of 2 eggs and juice and rind of 1 orange. Beat all together until stiff enough to pread on cake.

KITCHEN KINKS

Should the inkpot be accidentally upset on the tablecloth or carpet, pour a little cold water over it at once. The ink will float on the water, and when the cloth or carpet is rubbed dry no stain will show. To remove coffee stains, mix equal

parts of yolk of egg and glycerine, apply to the stain, and allow to dry on. For a light silk garment the glycerine should be mixed with water instead of To make meat cooked in a gas oven

juicy, place a jam-jar half filled with cold water at the bottom of the oven. The steam rising from the water makes the air in the oven moist and prevents the meat from getting hard. To clear a house of beetles, put 1 lb. of powdered borax into a tin with a perforated lid. Dust the borax lightly over the floor, or the walls, and in the cupboards; in fact, every place where the pests are found. They will soon disappear.

Beauty," with John C. Fisher's Musical Comedy Success, "The Red Rose." performed a return engagement of four performances beginning Thursday, May 14th. It has been the reigning success.

hands well with it. The saucers of scales or vessels used in cooking can be freed from odors by the same method

HALIFAX BOARD OF CONTROL

The Halifax Mail of Monday says "Dr. J. D. Maher appeared before the board of control today, asking for permission to put up a standard near his premises at the corner of Barrington and Buckingham streets. Doctor Maher also ocomplained about the unsightly condition of so many posts used for the carrying of wires planted near his premises. His intention is to put up a standard carrying five lights with his name on it. He considered it would be in keeping with the general rolley of the site for with the general policy of the city for a better lighted city.

"Doctor Maher was informed that it was against the regulations to use the streets for advertising purposes.
"Controller O'Connor thought that under the circumstances the city could be made more attractive by the placing f such a standard. "It was decided to refer the matter

HINT FROM PARIS Doctor Maher in regard to the matter. Later the permission asked for wa

STARVED NERVES

The Cause of Neuralgia — It Must

be Treated Through the Blood. Neuralgia is a cry of the nerves for more and better blood. It literally means that the nerves are being starved. Like every other part of the body the nerves receive their nourishment through the blood. There is therefore no doubt that Dr. Williams' Pink Pills will cure the worst cases of neuralgia. They actually make new, rich blood, carrying to the starved nerves the elements they need, thus driving away the sharp, tor-turing pains which nearly drives the sufferer wild. So many cases of neur-algia have yielded to treatment through Dr. Williams' Pink Pills that every suf-ferer from this dreaded trouble should lose no time in giving the Pills a fair trial. Mrs. Sophia H. Johnson, Mozan, Sask., says: "For upwards of ten years I was a periodical sufferer from neuralgia. It located in the side of my face and in the jaw, which would actually click every time I opened or closed my mouth. At times the pains would be almost unendurable, and as time went on, my whole nervous system seemed to be affected. I was constantly doctoring, but the doctor did not seem to be able to give me permanent relief, and at last I decided to try Dr. Williams' Pink Pills. I got a half dozen boxes, and before they were half gone I felt much better, and by the time I had used them all every symptom of the trouble had gone, and I was enjoying a comfort I had not known for years. I have since remained in the best of health, and can only say I owe the joy of living without pain to Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine

RED ROSE THIS WEEK

Rich in color, gorgeously mounted, el aborately cast with a wealth of good music and dancing, "The Red Rose," John C. Fisher's musical comedy suc
