MINSTREL MAIDS AT THE OPERA HOUSE THURSDAY

What is announced as the latest vogue in popular period amusement will be heard at the Opera House this week, beginning Thursday. Three shows daily, matinee three o'clock, seventhirty and nine o'clock in the evening.

NORTH END OFFICES. Owing to the demand for office room and the scarcity of the same, it is removed that F. S. Thomas will turn the upper part of his building in Main street into suitable office suites, giving about eight light and airy offices, suitable for law, real estate, or insurance business. This will be another example of the awakening in that part of the city, as there has never been accommodation of this kind before. The building, which should make acceptable office room, owing to its close proximity to the I. C. R. terminals and the C. P. R. B. on Main street, is the only artery through which all North End business must enter or leave that large section of the city, serving as it does, Fairville, Milford and other outlying districts.

To Remedy Eye Strain

You can't remedy eye strain by going into a store and buying a pair of glasses as you would a pair of shoes.

It is first necessary to have a thorough examination to determine the nature of the trouble in your eyes. Then a pair of lenses can be ground to correct it.

Come in early in the morning while your eyes are rested from the night's sleep and we will examine them for you and tell you just what they need.
