MEAT DEALERS
GET IN COURT

Two Cases Under Pure Food Act Before Judge Ritchie—O'Neil Brothers and F. E. Williams Co.

Two cases of violation of the pure food law were dealt with this morning in the police court before Judge Ritchie, one against Frank E. Williams & Co. and the other against O'Neil Bros. of the city market. Daniel J. O'Neil and Charles F. O'Neil, on behalf of the latter firm, pleaded guilty, while there was no one present to represent Mr. Williams, although E. H. McAlpine, who appeared for the prosecution, said that he understood a plea of guilty was to be entered in this case also.

The charges against O'Neil Bros. are that they shipped to the West Indies on June 7 last five barrels of pork and four half barrels, without their being inspected, and also that on the same lot they placed government legends or stamps bearing the passmark, "Canada Approves." In the case of Mr. Williams it is charged that he shipped to the West Indies a quantity of pork, and labeled it "fish," the pork not having passed an inspection.

The cases were brought to court through Reginald E. Murray, of Coastville, Ont., travelling inspector appointed by the Dominion government under the meats and canned foods act, in connection with the pure food law. Mr. Murray was in court this morning and said that when the regulation came into force a few years ago copies of the act were distributed broadcast, and he thought every dealer was familiar with it. Although there was no inspector here, it cost nothing to have the matter attended to if application was made in the right way. He asked that a fine be struck.

The full amount of the fine in the charge of shipping without an inspection is \$300, and in the case of selling that wrongfully, \$100. His Honor said he would look into the matter, and the case against Messrs O'Neil was allowed to stand until Monday next at 2 o'clock, while that against Mr. Williams will be heard on Thursday at 9:30 a. m.

HELPED IN CELEBRATION
OF GOLDEN WEDDING

Large Gathering and Presentations at Home of Mr. and Mrs. Colwell in Paradise Row

The golden wedding anniversary of Mr. and Mrs. W. H. Colwell, of 89 Paradise row, was celebrated yesterday in a fittingly celebrated last evening when in addition to the members of the family, who had gathered here for the occasion, about eighty-five friends of the couple called upon them and presented to them gifts of various kinds, and an address.

The gathering was a complete surprise and followed after the family reunion which was held in the early evening. All the members of the family who could get here for the occasion, assembled at the dinner table where place cards in the form of photographs of the honored couple were found. About 8 o'clock the larger crowd invaded the home and effected a complete surprise.

After each one had personally congratulated the couple, the youngest grandchild present was called upon to present to them a bouquet of fifty christening cards, on behalf of the gathering. W. C. Cross then read an address of congratulation, and good wishes, and presented to each a gold-plated umbrella and several pieces of cut glass. Mr. Colwell made a suitable response, on behalf of Mrs. Colwell and himself, and after more congratulations and reminiscent talk, refreshments were served, and the evening was most pleasantly spent.

Mr. and Mrs. Colwell also received from other friends and relatives a substantial sum of money in gold, as well as other gifts, including a great quantity of flowers.

A SHAMEFUL ACT.
About 12 o'clock today a Hebrew teamster was hit in the face by a large stone while he was driving down Main street, near Cong's drug store. The stone was thrown down from Rockland Road. The injuries proved very painful and the man appeared to suffer a great deal. Quite a large crowd collected. There is a dangerous practice that a number of the school boys who live in the Fort Howe district indulge in daily—throwing down of missiles at pedestrians and teams going along Main street.

You Can Take The Glenwood Ranges All Apart and Put Them Together Again

That is one reason that the Glenwood Ranges have become so popular, for you can remove the grate without disturbing the linings. The nickel trimmings are not bolted but fasten on with a patent spring. The oven bottom can be removed without sending your range back to the foundry. The centres are interchangeable. The damper is simple and sure, giving you direct draft to start your fire, and everything about the Glenwood Range has been made with care and thought for the convenience of those who use a stove for cooking. Every Glenwood Range you buy is made in St. John, right at your own door. Ask those who use Glenwood Ranges what they know about them. Made and sold by
