ASTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

It cures Croup, Whooping Cough, Sore Throat, Hoarseness, and all the ailments of the throat and lungs. It is a most valuable remedy for all the ailments of the throat and lungs.

It is a most valuable remedy for all the ailments of the throat and lungs. It is a most valuable remedy for all the ailments of the throat and lungs. It is a most valuable remedy for all the ailments of the throat and lungs.

A RAP FOR BORDEN

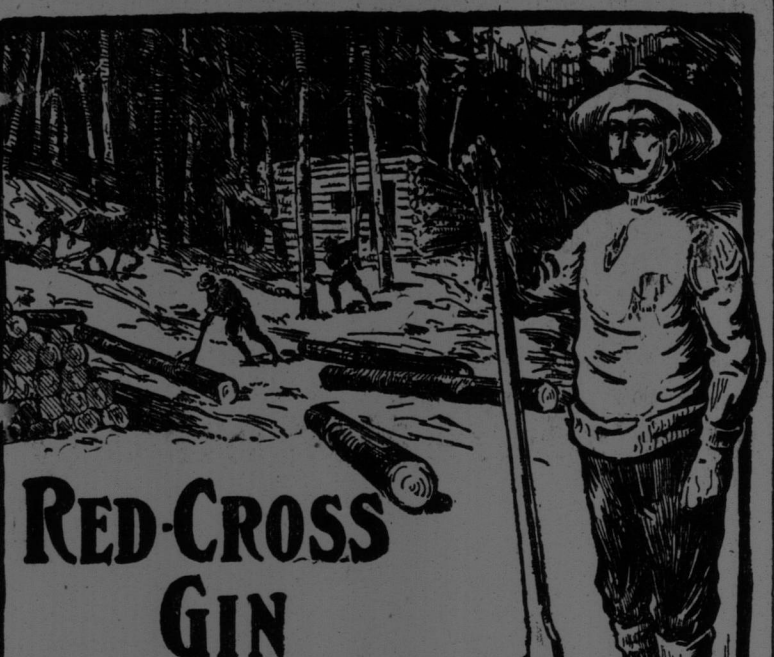

Halifax Chronicle:—That good old rap, the Halifax Chronicle, has been a hard rap to Premier Borden. Sir Hugh Graham and the whole of ultra-imperialists who would make the constitution of the British Empire along hard and fast lines when says: "Mr. Herbert Samuel speaking London on his return from a visit to Canada expressed the opinion that it would be unwise to press for any change in the relations of the colony with the mother country before the time is ripe. This attitude, Mr. Samuel is right in saying, is a most valuable remedy for all the ailments of the throat and lungs. It is a most valuable remedy for all the ailments of the throat and lungs. It is a most valuable remedy for all the ailments of the throat and lungs."

NOT A NOVA SCOTIAN

Halifax Chronicle:—Investigation into the history of the Nova Scotia sailing ship Marborough, believed to be the one discovered recently on the Patagonian coast after having been missing for many years, has proved that the belief is unfounded. The ship Marborough was discovered on the Patagonian coast in the same vessel as the Marborough of 1840. The latter vessel, it has been found, was reported wrecked on the coast of the North Atlantic, April 4, 1888, and it is understood her loss was subsequently found on the Newfoundland coast.

New Army

Saskatoon, Sask., Nov. 18.—"The whole district is growing phenomenally," said Col. S. B. Steele, who visited here in connection with the securing of a site for the new army. "Five years ago, I added, there were only eight corporations, while today there are forty. Next year, we expect there will be about 100 men at the new camp. Just where the new army will be located has not yet been announced."

RED-CROSS GIN

LUMBERING

is an "all-the-year-round" outside job requiring great strength and vitality to withstand the severe conditions to which the "lumber jack" is often exposed. Cold damp mornings and raw chilly days will soon sap the strength of the strong and sturdy. In just such cases the famous

RED CROSS GIN

is a helpful and stimulating beverage to the man engaged in hard outdoor work.

The Official Stamp of the Canadian Government is on every bottle of RED CROSS GIN. It is a satisfactory sign.

YOUR LAST COAL BILL

Coals Alike in Appearance Only—

Vary Greatly in Value

When you paid your last coal bill how much of it went for ash and clinkers? No two coals are alike. They may vary as much as 10 per cent in the amount of ash they contain. Ten per cent means 200 pounds to the ton and the way coal sells nowadays, this is equal to a dollar almost, on each ton of coal. This is a vital reason why you should buy only the best coal, the special grade of American anthracite which the Consumers' Coal Company are handling. It is bought and sold on a quality basis. The small amount of ash and absence of clinkers are convincing evidence of its value. While it is a special coal it is sold at regular hard coal prices. A ton of it will give a full ton of satisfaction. Consumers Coal Company, Limited, 881 Charlotte street (opposite Broad street), Phone M-2070. 11-21.

THE BEST QUALITY AT A REASONABLE PRICE

Gifts of Jewelry For Men

It's time now to be making your selections of gifts for Christmas. The useful gift is the one that appeals most to a man. Let your selection be something that he can use and your gift will be what pleases him most.

The articles of Jewelry that a man wears are limited, and that limitation makes it necessary that good taste and conscience with custom should rule in the selection.

You will find among our Watches, Gold Links, Scarf Pins, Fobs, Charms, Vest Chains and Rings, ample opportunity to choose according to your own taste and with the assurance that each article is correct and fashionable. You will find here only the best qualities of Jewelry at moderate prices.

LOCAL NEWS

At a meeting of the Provincial Federation of Labor in the Oddfellows hall yesterday afternoon a resolution was passed urging an investigation into the cause of the present state of affairs on Vancouver Island, as the federation is of the opinion that justice was not dealt out to the miners of X Nansimo who recently received severe sentences from Justice Howe. Copies of this resolution will be sent to Premier Borden, Hon. C. J. Doherty, minister of Justice and Premier McBride of British Columbia.

Delectable photos at \$2 and \$2.50 dozen—Lugrin Studio, 88 Charlotte street.

COLD WEATHER COMING Look out now, there are unmistakable signs that the weather man is about to drop a large chunk of cold, stormy weather right down in this vicinity. Better crawl into something warm—ones of Gilmore's big, loose overcoats in latest styles and new styles in large varieties of materials. They are the warmest, newest and best values out.

EXPLANATION CONCERNING MARY The title of the "Who Will Mary?" chapter being shown at the Imperial tonight and all day tomorrow, is "A Proposal from the Don" and not the sculptor as advertised. Misleading information caused this error, which, however, is unimportant, as the sculptor chapter is the third of the series, arriving in a fortnight's time. Today's Mary instalment is absolutely a fever heat of excitement, dealing with a runaway train, a fatal mixup in which the mysterious Captain Bradford takes a hand, and other incidents which set watchers tingling for the next chapter.

"LOYAL" TONNES BUYING CO. L. IN UNITED STATES

Have Just Purchased 25,000 Tons At Higher Price For the L. C. R.

Montreal, Nov. 18.—The Borden government which made "No truck or trade with the Yankees" its war cry in 1911, has given another exhibition of its shrewdness and humbug. It has been buying private cars for its joy-riding ministers in the United States, and now it transpires that it is buying coal for the Intercolonial Railway in the United States.

The railway department has just purchased 25,000 tons of American coal which is to be delivered at Drummondville at a higher price than the L. C. R. is paying for coal from Nova Scotia mines. Thus a large sum of public money is sent out of the country and is sent to home workmen and home industries.

RECENT WEDDINGS

On Monday afternoon in the Methodist parsonage, Fredericton, John C. Wall, formerly of Kent county, Eng., now of Sheffield, was united in marriage to Miss Nellie Camp, daughter of Doctor and Mrs. Camp, of Sheffield. They will reside in Sheffield.

In the George street Baptist parsonage, Fredericton, on Monday evening, Howard Smith, formerly of Moncton, and now engaged on the Valley Railway, was united in marriage to Miss Gladys Lohme, formerly of Lunenburg, N. S., but who has lately been residing in Fredericton.

A very pretty wedding was celebrated at St. Anne's church in Douglstown on Monday morning, when Miss Estelle Taylor, of Rosebank, became the wife of James W. Pittman, of Douglstown. They will reside in Douglstown.

In St. Mary's R. C. church, Newcastle, on Monday afternoon, Rev. P. W. Dixon united in marriage, Stanislaus S. Dyan, of Derby, and Miss Dora Wedden, of Curleton.

HOW YARMOUTH GETS BOOZE

Yarmouth Times:—Scott Act Inspector Durland, with officer Babine, visited the D. A. R. freight shed and took possession of quite a large quantity of booze. There were eight large barrels, one large packing case and two small boxes. These contained whiskey, rum and bottled beer. "E. J. Slatery" leads in quantity addressed to him with "F. S. Finn," a close second. "Frank Carter" has only one barrel and "R. Munford" and "P. Rovine" similar quantities. This is the first liquor seizure made at railway station in Yarmouth. The whole consignment was hauled to the police office and will remain there until the authorities decide as to its disposal. The parties to whom the liquor is addressed are unknown in Yarmouth.

Digby Shipping News

Digby, N. S., Nov. 18.—Schr. Arthur J. Parker, Captain Smith, has finished loading her cargo of lumber at Digby for Boston and is now anchored in the stream ready to proceed.

Steamer Centerville, Captain Graham, has discharged a quantity of pickled fish in the Racquette from the wrecked schooner Theodore Roosevelt, for reshipment on board the schooner. The schooner Effie M. Morrissey, loading fish at this port for Gloucester, sailed this afternoon with wrecking gear from Bear River to be used in raising the Roosevelt for the benefit of her owners.

Principal Provisions of Ontario's New Workmen's Compensation Law

(Toronto World)

Compensation for injuries lasts as long as the disability. Railway companies will not contribute to the accident fund.

Industrial diseases are put on the same footing as accidents. Employers must contribute towards the expense of administration.

Employers are not unduly burdened by the provisions of the bill. The provincial government will make a substantial contribution to the compensation fund.

A board will be appointed by the crown to take charge of the administration of the new law.

Contributory negligence is no bar to compensation, but shall be taken into account in the settlement.

The crown is not included in the bill, but will call on the board in case of accidents to government employees.

Willful or serious conduct will mean that no compensation be paid unless death or serious disability results.

Highly paid managers will not profit unwarrantably under the new law, as their compensation is limited to \$2,000 a year.

No hard and fast rule is laid down regarding the reserve fund for compensation, this being left to the board to determine.

The bill, as drafted by Sir William Meredith, is founded on the German law and is said to be the most up to date in the world.

The common law, by which an employee takes upon himself risks incidental to his employment, is classed as unfair and is abrogated.

Telephone and navigation companies must commute weekly or periodically payments to their employees, and keep their workmen insured against accidents.

Farming, wholesale and retail establishments, and domestic service are not included in the bill, but provision is made to bring them in when the board sees fit.

The new law defends workmen against unscrupulous employers. No litigation will be necessary in order that an injured man receive compensation. The board's decision will be final, but the crown may state a case for an opinion from the appellate court.

ASHAMED OF THE PIMPLES

Pimples and disfiguring skin diseases are particularly distressing to young ladies and gentlemen. The embarrassment is so great that you feel ashamed to appear among your young friends in society.

Fortunately, there is a cure for such annoying skin diseases by the use of Dr. Chase's Ointment. So much is heard of this great, soothing, healing ointment as a cure for eczema and the more serious diseases of the skin that many overlook it when bothered by pimples, blackheads, roughness of the skin and skin irritations.

It is surprising what Dr. Chase's Ointment will accomplish in a few days when applied frequently. Instead of merely covering up the disfigurement, and further aggravating the inflammation, it soothes and heals the skin, and leaves it soft, smooth and velvety.

PIMPLES AND BLACKHEADS

Miss Carrie Altwater, Bittern Lake, Alta., writes:—"I was entirely cured of pimples and blackheads some months ago by using Dr. Chase's Ointment. As I have also found this ointment a splendid treatment for sunburn and chapped hands, I would not be without it in the house. It is the best I ever used."

Dr. Chase's Ointment, 60 cents a box, all dealers. Sample box mailed free, if you mention this paper. Edmondson, Bates & Co., Limited, Toronto.

Dr. Chase's Ointment
