Belgian Guards Enter Their Capital Today

Brussels Free of Huns for First Time Since August, 1914. PANIC IN MUNICH

Disorder and Fighting for Two Days—Threat of Famine Forced Acceptance of Armistice, Says Von Rindenburg—Hun Officers Must Pay for Crimes

Paris, Nov. 16—By the Associated Press—Belgian advanced guards entered Brussels Sunday morning. The German troops, in accordance with the armistice, began moving out of the Belgian capital Friday, and are now nine miles away, according to the correspondent of the Midia, on the Belgian front.

GREAT BRITAIN'S PLANS FOR WORK ON PEACE BASIS

Miners and Men for Practical Industries First to be Demobilized—Allowances During Unemployment

London, Nov. 15—(Canadian Press despatch from Reuters' Limited)—Plans for demobilization now include the following: Money grants to civilians and ex-soldiers who are unemployed owing to peace, ranging from twenty-four shillings weekly in the case of ex-soldiers to ten shillings in the case of girls and allowances for dependent children. The maximum duration of these grants is thirteen weeks in the case of workers and twenty-six in the case of ex-soldiers. The privy industries and miners will be the first to be demobilized, then the other trades in accordance with the national needs. Married men will get the preference. Each soldier gets twenty-eight days' furlough on full pay and allowances. The government has accepted the principle that for a year after the war permanent appointments to the civil service should be reserved to ex-officers and ex-soldiers. A scheme is being worked out to give ex-soldiers special facilities to secure land. Repatriation to the dominions of workmen engaged on war work in Great Britain will be expedited. The ministry of supply replaces the ministry of munitions and will have the control of the disposal of war stores to the value of £200,000,000 sterling. A scheme is being worked out for stimulating the production of materials needed in the building trade. Iron and steel will be released from control forthwith, and other metals within six months.

This map, timely now in view of the cessation of hostilities, presents a guess at the future of Europe. 1.—Alsace Lorraine to be restored to France; 2.—Luxembourg to be freed or joined to Belgium; 3.—German Poland to be incorporated with (4) Russian Poland and (5) Austrian Poland into a new Polish state; 6.—District of Cholm, disputed by Ukraine and Poland, ultimate fate doubtful; 7, 8, 9, 10, 11, Estonia, Livonia, Courland, Lithuania, and Finland, each of which may be independent or part of a federated republic; 12.—Nurman coast, in dispute between Russia and Finland; 13.—Russia, fate in doubt; 14.—Ukraine, now separated from Russia, may remain independent or form part of a new Russia; this is true also of (15) the Caucasus; 16.—Armenia, to be definitely freed from Turkish control either as an independent or autonomous state; 17.—Romania proper, which will doubtless form part of a greater Romania including (18) Bessarabia and (19) Transylvania; 20.—Czechoslovakia, to be formed as an independent state out of Bohemia and Moravia, parts of Austria-Hungary; 21.—Hungary, which may be either free or remain joined to Austria; 22.—Jugoslav lands of Austria-Hungary, to form part of a great Jugoslav nation; 23.—Italy Irredenta, to go to Italy; 24.—Serbia, as she was prior to 1913 to be incorporated with (25) Macedonia, (27), an outlet to the Adriatic doubtful; 26.—Bulgaria, as she was before the war, and as she may be, through the hopes for accession from what is now Turkey; 28.—Bulgaria, as she was before the war, and as she may be, through the hopes for accession from what is now Turkey; 31.—European Turkey; 32.—The region about Drama, Saes and Kavala, to be restored to Greece by Bulgaria.

Government Acts to Prevent Unemployment

THREE MILLION TONS OF SHIPPING BUILT LAST YEAR

British Yards Show Remarkable Output—Beat the Submarines in Two Ways—A Million More for Mercantile Marine Next Year

London, Nov. 15—(British Wireless Service)—The parliamentary secretary of the ministry of shipping speaking in the House of Commons yesterday gave a resume of the shipbuilding operations in Great Britain during the period of the war. In 1915, he said, the record figure of 1,900,000 tons was reached. In 1914, when the war broke out, the output fell to 1,700,000 tons. In 1916, it decreased to 650,000 tons; in 1917, to about 540,000 tons and in 1918 rose to a little under 1,200,000. During the twelve months ending October 31, 1918, the total output approximated 1,800,000 tons.

Dominion Policy to be Laid Down Next Week

OTTAWA CONFERENCE

Provinces will Maintain Exchanges and Co-operate with Dominion Bureau in Ottawa and Winnipeg—To Systematize Employment

Ottawa, Nov. 16—A general governmental policy for handling unemployment will be laid down at a series of conferences to be held here next week, concurrently with the gathering of Dominion and provincial ministers. The unemployment conference will be attended by officers of the various employment exchanges in each province and by officers of the two federal employment exchanges now in process of formation. The labor sub-committee of the cabinet will be in touch with the proceedings throughout. Among the subjects for determination are: 1. Creation of advisory committees, representative of employer and employed, in all the principal centers. 2. Preparation, as far as possible, of full lists of the various Dominion, provincial and municipal public works proposed for the coming year. 3. Adoption of a common basis of trade classification. The scheme is the outcome of legislation passed last session. Provision was then made for an expenditure by the Dominion of \$50,000 in the first year, \$100,000 in the second, and \$150,000 in the third. Federal Clearing Houses. The Dominion government establishes the two federal clearing houses—one for the west at Winnipeg; the other for the east at Ottawa. The Dominion government, with assistance from the Dominion, maintain their own employment exchanges and work in close co-operation with the two federal exchanges. It is expected that when the scheme gets well under way, additional expenditure will be required on the part of both Dominion and provincial governments.

FOR TRANSFER OF GERMAN FLEET

British and German Naval Authorities in Conference in Scottish Port—No Hitch in Arrangements Expected

London, Nov. 15—Preliminary discussions concerning the handing over of the German fleet were held tonight at Holyhead, on the Pirth of Forth, Scotland, between Admiral Sir David Beatty and delegates from the German sailors and sailors council and the German vice-admiral, Mowser. When the cruiser Koenigsberg, which brought the German delegates, was fifty miles off the Isle of May, on the Scottish coast, this afternoon, it was met by British vessels, which escorted it to Rosyth. The preliminaries so far have been carried out without a hitch and it is not expected the Germans will quibble over details. The discussions probably may end at Saturday's meeting of the delegation.

Fell From St. David's Church to His Death

Patrick J. McCullough, of Exmouth Street, Weakened by Recent Illness, Meets Tragic Fate

Patrick J. McCullough, a highly respected resident of Exmouth street, a stone mason and bricklayer by trade, fell from a staging on the rear wall of the new St. David's church, Sydney street, this forenoon and lived but a few moments later. Mr. McCullough underwent a serious illness in the early part of the summer when he was admitted to hospital. It seems one of the immutable mysteries of Providence that he should recover then to meet a violent death a few weeks later. For the last three weeks Mr. McCullough has been engaged with Contractor Money on the St. David's church job. His excellent workmanship and intelligent co-operation made him a valuable workman and in spite of protests from his family, plunged into the activities of his trade with the vigor of his younger days. This morning he complained of a pain in his side and remarked that he would apply poultices after work tonight. Towards noon men working on top of the old tower noticed him leaning against a muffled exclamation and expired. Mr. McCullough fell about twenty-seven feet, alighting among masonry debris and boards. The body was conveyed to the stricken home, No. 9 Exmouth street, by an undertaker and family members assembled from their various employments. Naturally, the household is terribly saddened, as his wife and family of adult sons and daughters had been happy in the thought of the father's recent recovery from pneumonia, and this sudden blow is stunning to them. The Family. Mr. McCullough was a member of the Ancient Order of Hibernians; the Holy Name Society and the Masons and Bricklayer's Union. He was a citizen of sterling worth, quiet, staunch and true, and news of his untimely end caused great regret about town this morning. In politics Mr. McCullough was a Liberal. Corner F. I. Kenney, who viewed the scene of accident and the body, will, in all probability, hold an inquest. —BUY-VICTORY BONDS—

IN FAVOR OF EARLY MARRIAGE

As One Remedy for Undersirable Social Conditions—Authorities Should Aid, says Conference

Toronto, Nov. 15—At the concluding session today of the conference of Social Workers under the auspices of the advisory committee on venereal diseases for military district No. 2, the findings of the social hygiene conference held in New York were endorsed, indicating a single standard of morals for both sexes, and these findings added:—That early marriage is desirable, and that facilities should be provided for the gathering of young women and young men together under proper surroundings. The conference was strongly in favor of a Canadian national committee to combat disease and agreed that constructive efforts should be directed towards abolishing prostitution. The suggestion was made that the schools and churches could extensively assist in combating social diseases by throwing their doors open. Moving picture entertainment of an educational character could be held. The resolution of the conference declared in favor of national-wide prohibition. —BUY-VICTORY BONDS—

MUST NOT RESTORE PACIFIC COLONIES

Four Miles Already Completed a Magnificent Contribution to the County Conditions—Weather Brings Work to an End

Melbourne, Nov. 15—In the federal parliament today the minister moved the following resolution: "That it is essential to the future welfare of Australia that the captured German possessions in the Pacific now occupied by Australian and New Zealand troops should not in any circumstances be restored to Germany, and that in the consideration and determination of any proposals affecting the destiny of the islands, Australia should be consulted." The national federation has passed a resolution unanimously supporting the demand made by Premier Hughes, who now is in England for Australian representation in the peace conference. —BUY-VICTORY BONDS—

WEATHER REPORT

Enthusiastic Over THE KING'S MESSAGE

Melbourne, Nov. 15—Enthusiasm followed the reading today to the members of parliament of an address to King George pledging unswerving loyalty to the king and empire. The address congratulated the king on the steadfast sagacity and resolution of Great Britain's statesmen and rendered heartfelt thanks to the forces on land and sea and in the air for their victorious efforts and sacrifices. The address was presented by Governor-General Ferguson in the presence of an enormous crowd in front of Parliament House for transmission to the king. All the state parliaments of the Australian commonwealth have framed similar addresses which were carried unanimously. —BUY-VICTORY BONDS—

ROAD MAKING NEARLY OVER

Four Miles Already Completed a Magnificent Contribution to the County Conditions—Weather Brings Work to an End

The long season of roadmaking on the Great Marsh stretches is about over. The last bad spell of weather with its accompanying snow and sleet put the finishing touches on the work. The government has accomplished a splendid thing for St. John and vicinity in re-making this important part of highway. Already more than four miles of absolutely first-class roadbed have been constructed and it would be difficult to find its superior on the continent, excepting perhaps solid concrete construction or some of the millionaire thoroughfares along the Hudson or like exclusive places. This work on the Marsh road, which has been only part of a big scheme of road-making throughout the province, has entailed much more labor and far-reaching effort than the casual observer might think. Gravel and sand had to be dredged from special locations in the Kennebecasis, conveyed in scoops and unloaded and again transferred to the job. Stone-crushing plants have been set up along the line of operation and tar-boiling and spreading apparatus has also been employed. People who have traveled the Marsh road much this season know how hard the government has striven to make this thoroughfare modern and lasting, as peoples living in other sections of the province also know about their localities. —BUY-VICTORY BONDS—

ROAD MAKING NEARLY OVER

Four Miles Already Completed a Magnificent Contribution to the County Conditions—Weather Brings Work to an End

Washington, Nov. 15—Complete agreement as to the union of the Jugo-Slav provinces of Austria with the kingdom of Serbia has been reached by Premier Puchich of Serbia, and the delegates of the national council of Agrani as representative of the Serbs, Croats and Slovenes of the former Austria-Hungarian empire, according to an official despatch received here today.

A PASTOR INDEED

Rev. J. C. B. Appel, secretary of the Evangelical Alliance and founder and pastor of the Douglas avenue Christian church, is one of the really busy clergymen of this community. Among his many duties, most of which are self-imposed, he is the spiritual advisor for the Protestant boys of the Industrial Home. Quite recently during the absence of the caretaker of this institution, who was visiting his home outside the city, the North End clergymen took charge and nursed the sick ones and did combination duty of various kinds. It was a heavy task to care for these four hundred lads but being a family man himself the clergymen applied just plain family treatment and saved the day. Naturally the boys think Mr. Appel is all right. During his ministrations at the Home the North End pastor had very serious trouble in his own household, a protracted illness of one of his children that is causing him the deepest distress of a parent's heart. COMING ON RAPIDLY. John A. Sinclair, chairman of the Workmen's Compensation Board, reports that about seven-tenths of the employees of labor in the province have filed statements of yearly wages, etc., as the first step in establishing the fund to be used in indemnifying injured work-people after January 1st next. The remaining percentage is expected in its entirety during the early part of the ensuing week.

FUNERALS

The funeral of Elizabeth Brushett took place this afternoon from her late residence, Exmouth street. Internment was made in Fernhill cemetery. The funeral of Robert Connelly took place this morning from his late residence, 67 Winter street. Services were conducted by Rev. J. J. Walsh, V. G. Internment was made in the new Catholic cemetery. The funeral of Pte. Noakes took place this morning at 10 o'clock. Services were conducted by Rev. F. H. Wentworth. Internment was made in the military plot in Fernhill cemetery. The funeral of Sarah A. Handen took place this afternoon from her residence in Water street at 4 o'clock. Services were conducted by Rev. H. A. Goodwin and internment was made in Fernhill cemetery. —BUY-VICTORY BONDS—

PAPER PRICE INQUIRY

Ottawa, Nov. 15—Friday's session of the paper control tribunal was brought to a close with the announcement that the tribunal will not hear further evidence or order further investigation into mills pending the hearing of argument in the newspaper appeals. Written briefs must be submitted to it by Dec. 13. Then, on Jan. 6, it will hear oral arguments, and if material points develop which require further discussion, a date will be free to secure such further evidence as it sees fit. —BUY-VICTORY BONDS—

BIRTHDAY TRIBUTE TO ALBERT OF BELGIUM

Washington, Nov. 15—President Wilson sent by cable today a message to King Albert of the Belgians felicitating him upon his birthday and paying tribute to Belgium's self-sacrifice which has won her a crown of glory, imperishable. —BUY-VICTORY BONDS—

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service. Synopsis—A disturbance, situated this morning in Kansas, is moving towards the Great Lakes with its energy increasing. The weather is showery over Lake Superior. Elsewhere in Canada it is fair. They and Upper St. Lawrence—Fair and mild today, showers on Sunday. Lower St. Lawrence, Gulf and North Shore—Fair today and for a part of Sunday, then increasing northeast to east winds and rain by night. Fair and Mild. Maritime—Moderate variable winds, fair and mild today and on Sunday, then likely becoming unsettled. —BUY-VICTORY BONDS—
