**COMMITTED FOR TRIAL**

Clifford Humphrey, who was charged before Magistrate P. W. F. Brewster, in Hamilton last Saturday, with assaulting Treva Quigley, aged thirteen, daughter of Mr. and Mrs. William Quigley of Glenora, was committed for trial yesterday to be tried at the next session of the county court, which sits next Tuesday, October 7. Dr. G. O. Baxter gave evidence at the preliminary hearing yesterday afternoon.

**RED CROSS MEETING**

The annual meeting of the local Red Cross Society is to be held this afternoon, but it is expected that a motion to adjourn will be made almost at once until early in November, when the annual report will be submitted. **NO SUFFERING AT OROMOCTO**

In a long-distance communication with T. H. Estabrooks, who was at his farm near Oromocto this morning, he said that the work of relief for the people who had lost their homes by fire there this week was going on well. There was no suffering, as those whose homes had not been destroyed had taken in those who had lost homes for the time being. The people of Fredericton had been generous in their aid, he said. Regarding a relief fund, Mr. Estabrooks said it might be advisable to wait a day or two to determine what amount might be required.

**"WILL SHOOT TO KILL"**

Residents in the neighborhood of Sandy Point road are much agitated over what is looked upon as an attempted renewal of the robberies and damaging of property there last year. One of the citizens last night was awakened by a noise in his barn and getting up saw two men making off at a run. He fired his gun at them but did not hit either, as they got from view too quickly. But because of the experience they had with "hoodlums" last year the residents of the neighborhood all threaten this year to "shoot to kill" any marauders—and they all have guns on hand to carry out their threat.

**THORNE-SMITH**

Several friends were in the depot last evening on the arrival of the C. P. R. train to greet Mr. and Mrs. Harry W. Thorne, who passed through the city from Springfield, N. S., on their way to Montreal on their honeymoon trip. They were married yesterday at the home of the bride's parents, Mr. and Mrs. James R. Smith, in Springfield, N. S., by Rev. Mr. Sweetman. The bride was Miss Minnie Winona Smith. She was dressed in brown traveling suits with hat to correspond, and carried a bouquet of Ophelia roses. Miss Purdy, organist of the Baptist church there, played the wedding march. Following the ceremony, they left for Montreal, on their return from where they will reside in Fredericton, where the groom is engaged with Chestnut & Co. He is a former St. John boy's son of John Thorne, 209 Duke street, and both he and his bride will enjoy best wishes from numerous friends for future happiness.

**DEFER ACTION ON WATER EXTENSION**

Water and Sewerage Facilities for Mount Pleasant Court Would Cost \$2,000

The matter of the extension of the water and sewerage from Mount Pleasant avenue was taken up this morning at a committee meeting of the common council. It was decided to refer the matter to council before any action would be taken. The mayor presided and there were also present Commissioners Bullock, Fisher and Jones.

Mr. Jones reported that he had an application from Armstrong & Bruce for an extension of water and sewerage to start two houses this fall and two more next spring. The engineer had made a report that the cost of putting in a nine-inch tile sewer, with a 3-inch galvanized water pipe, part of the way and cost \$2,000. Mr. Jones moved that this work be authorized at a cost of \$2,000. Armstrong & Bruce guarantee ten per cent of the cost, the cost to be taken from maintenance. On motion the matter was referred to council. Mr. Jones said that the owners intend to convert a large house there into a two-family dwelling in addition to erecting the other buildings.

**STOLE COAT FROM POLICE STATION**

**He Was Given Shelter But He Took the Coat—Magistrate Explains Matter of Deposits in Liquor Cases**

In the police court this morning the case against Charles A. Paddock, charged with allowing his premises to be used for illegal purposes and also the case against Fred Paddock, charged with having liquor in his possession, were resumed but were postponed again until tomorrow afternoon at 2 o'clock. J. Barry appeared for the prosecution and E. S. Ritchie acted for the defence. Fred Paddock, who was allowed out on a deposit of \$200, was called but did not appear in court either yesterday morning or today. The magistrate said, when postponing the case, that it was not because he was being lenient with the accused but because he thought by having the man appear before him it would be for the better administration of justice. If a person is charged with an offence under the intoxicating liquor act of 1916 he is allowed out on deposit and forfeits the deposit if it is not a fine and he is still liable for that offence and can be brought into court and tried. Another reason is that if a deposit is forfeited it does not count against a person as a conviction would. This explanation made it clear that the magistrate was not being lenient with the accused.

The magistrate also said that a deposit was only accepted so that a man would not have to await his trial in jail and if the person did not appear the case could be postponed from time to time according to the disposition of the magistrate. In speaking of deposits under the prohibition act he concluded by saying: "St. John is supposed to be a 'dry town' but that is a violent supposition."

Harry Kemp was charged with having liquor in his possession other than in his private dwelling. He pleaded not guilty and the case was postponed until tomorrow afternoon. The defendant was allowed out on a deposit.

Charles Boudreau came to the central police station last night for protection and was given an overcoat to put over him. On leaving early this morning he took the coat with him but before getting far he was arrested. He was brought before the magistrate this morning charged with stealing a coat. He was remanded to jail.

**URGENT NEED FOR CHEAPER POWER**

Manufacturers Agree That This Must Precede Development of Industries in The Lower Provinces

At a joint meeting of the executive council of the Manufacturers' Association and the maritime branch, which was held in the board of trade rooms this morning, a subject of intense interest to every manufacturer, business man and citizen in the provinces was discussed, namely, the necessity of developing cheaper power. R. H. MacKay, vice-president of the maritime branch, presided and a large number of officers and members were in attendance.

The chief topic under discussion was the development of cheaper power. It was pointed out that unless cheaper power could be secured it would be impossible to attract industries to the province. Members of both the executive council and those of the maritime branch participated in the discussion. All were unanimous in a decision that without it would be almost impossible to attract new industries or branches from upper Canada. Members of the executive council told of the advantages they enjoyed in upper Canada as a result of cheap power and quoted prices which were compared with those charged in the maritime provinces to the disadvantage of the latter.

On motion, it was decided to appoint committees in New Brunswick and Nova Scotia to keep in touch with the governments along this line and to urge the necessity of endeavoring to overcome this obstacle which is proving to be detrimental to the provinces.

Matters of general interest were then discussed, after which the meeting adjourned and all motored to the Manor House where a bounteous luncheon was awaiting them.

**CUSTOMS FIGURES FOR LAST SIX MONTHS SHOW A GREAT INCREASE**

Customs receipts for September this year amounted to \$600,888.92, as compared with \$231,480.42 for the same month last year, an increase of nearly 170 per cent. This was the biggest month in the history of the Customs House.

For the six months ending September 30 the total customs duties collected were \$3,278,492.98, only \$604,892 less than for the whole fiscal year ending March 31, 1919. Up to the present there have been 1,392 more entries made at the St. John customs house than for the same period last year. A great deal of the increase in revenue is said to be from the importation of raw sugar.

**CHILDREN'S GOOD WORK**

A nice donation of \$40 for the Protestant Orphans' Home is the result of the efforts of five little girls of North End who have already established quite a name for themselves by patriotic endeavors during the war which netted different funds in tidy amounts. The youngsters are Margaret and Dorothy Crockett, Vickers McLaughlin, Roberta Scott and Lillian Morrell. On Saturday last they conducted a bazaar at 68 High street in which they were very successful, realizing the sum mentioned by the sale of various goods made or collected by themselves.
