AFTER HARD FIGHT IN GREATER NEW YORK

Tammany Candidate For District Attorney Defeated-Hearst Will Carry Mayoralty Contest to Courts.

New York, Nov. S .- Election day New York, Nov. 8.—Election day came to a close with a dramatic scene at the Hoffman House, where Wm. R. Hearst gathered his friends and advisers around him for the preparations of his legal contest of the returns which indicated the success of his Democratic opponent, Geo. B. McClelland. As the late vote coming in showed McClelland only a few thousand ahead and it was

Will Go to Court. New York, Nov. 8.—This city yesterday elected Geo. B. McClellan, the candidate

of the Democratic party, mayor by a plurality of 3,455 over Wm. H. Hearst he nominee of the Municipal Ownership Mr. Hearst refuses to admit McClel lan's election, and will make a contest in the courts. Hearst received 225,166

votes and Wm. M. Ivans, the Republican candidate, 137,049. Wm. Travers Jerome, Independent candidate for district attorney, was apparently elected. With 46 electoral dis tricts to be reported to-day he had a lead of 3,525 votes over James W. Osborne, the Tammany candidate.

Hearst left his headquarters in the Hoffman house for his residence following a conference with his campaign managers and the heads of the Municipal Ownership League. Mr. Hearst himself would make no statement; and referred all questions to Max F. Ihmsen. The latter said that Mr. Hearst claimed his election as mayor by a good majority. That a fraudulent vote of at least 40,000 has been cast in Greater New York was the claim of the Hearst managers. had been decided, Mr. Ihmsen said, to demand a recount of the entire ticket if after the 194 missing ballot boxes had been located and counted it was found that Mr. Hearst still lacked sufficient

votes to elect him.

"It must have been that those boxes contained many Hearst votes," Mr. Ihmsen declared, "otherwise they would not be missing. Certain it is they would not carry away boxes containing a majority of McClellan votes. But one thing is certain, Mr. Hearst will demand a proper recount, even should the vote in these missing boxes elect him. It is also certain that we will carry this matter to the courts as a last resort if necessary. Mr. Hearst feels that he has been elected, and that a majority of the citizens of New York have cast votes for him, and he proposes to have these votes honestly counted as well as the many ousands of illegal votes thrown out. We have evidence of many thousands of these

It was said that a Liberal government would be a danger to the empire because day night the Liberals were opposed to the importation of Chinese labor into the Transvaal, and they were also opposed to the putting of taxes upon food. Sir Edward said the next Liberal government would take its stand in opposition to both these things. What was not true was that the empire was founded either upon Chinese labor or food taxes. He said that he had heard that the prime minister would have liked a few months ago to take the issue of the next election on Chinese labor. Sudden Move By Defeated Candidate Followed Report That Boxes Were to Be Stuffed.

New York, Nov. 9 .- Sensational developments followed rapidly this morning in the fight of Wm. R. Hearst to contest the mayoralty election of Geo. B. Mc-Clellan. Having secured last night an order from Justice Gaynor, in Brooklyn, directing the police department to deliver the ballot boxes to the board of elections forthwith, the Hearst men lost no time in dispatching fifty automobiles carrying men armed with the court's order to the various police stations where they demanded the ballot boxes. INSURANCE INQUIRY.

Legislative Committee Has Resumed Its

Investigations at New York. New York, Nov. 8 .- The legislative ommittee to-day resumed its investigation of the methods of life insurance companies. A member of the investigation committee said to-day that the defeat of Assemblyman McKeen, who yesterday failed of re-election, would not affect the constitutionality of the pro ceedings of the committee. He said that Mr. McKeen's terms did not expire until the end of this year, by which time it was hoped the hearings would be ended.

In the testimony of John R. Hegeman,

president of the Metropolitan Life Insurance Company, before the legislative committee, it was brought out that in-dustrial insurance was considerably more expensive than other forms of life insurance; and Mr. Hegeman, after class ing industrial insurance as retail and ordinary life as wholesale, illustrated the fact by an example, in which, for a stated age, it was shown that for a \$1,000 policy of ordinary life the Metro-politan charged \$16.50 annually; while for \$984, the nearest amount for stated age for the industrial plan, \$31.20 was charged. To show that industrial business was more expensive than ordinary business, Mr. Hegeman said that a pr mium of \$65 on an old-line plan is paid once, twice, or at the outside four times a year; in the industrial field the average premium is 10 cents a week, and for the same money 650 persons have to be called upon, and this has to be done 52 times a year. Mr. Hegtman was on the stand the greater part of the afternoon, and his testimony dwelt upon the amount of the company's increase in business. At the morning session Emery Mc-Clintock, actuary of the Mutual Life

Insurance Company, who had been examined in part at previous sessions, was called and continued his testimony on the technical insurance. It was announced to-day that Stuyve-sant Fish, president of the Illinois Central Railroad, has consented to serve on a committee of three trustees of the Mutual Life Insurance Company to investigate the affairs of that company. The other members of the committee are W. H. Truesdale and John Auchincloss.
