### ST. JOHN STAR.

ST. JOHN, N. B., SEPT. 24, 1902.

### THE BOYS.

It may be remembered in connection with the recent exposure of youthful depravity in this city that the boys are not alone to blame. In all that has been said along the line of reformation the speakers have decided that whatever good might be accomplished by an organization, the main part of the work must rest with the parents. This is open to doubt. It may be, and recent events have certainly shown, that the parents themselves, or at least some of them, stand in need of reformation. The boys who composed the tanyard gang, those who were members of the Opera House crowd, and others belonging to the many different aggregations in the city are not all orphans. Most of them have fathers and mothers and most of these fathers and mothers know where their boys are and something of what they are doing. If they do not know this they ought to, and those who do not know require to be reformed just as much as the boys themselves. There is not a parent in the city who has not some knowledge of what his or her boy is doing. They know whether he is in good company or bad. If the former, nothing more need be done; but if the latter they should take at least some steps in the matter. Neglect of this is not only neglect of duty, but it is criminal. While the boys are certainly much to blame, it cannot be denied that if there were more judicious parents in the city there would be fewer bad boys, and the parents being older and more sensible should be the first to reform.

The Star desires once more to emphasize the fact that the community as such owes a duty to its boys. There are no playgrounds in this city, there is no large gymnasium—nothing but the tanyard, the street corner, or other lurking place; and no organized effort is made to provide the youth with means of recreation, physical exercise and amusement. They are here, thrown largely upon their own resources, and many of them without proper parental guidance even in the home. Does anybody suppose they will develop into a splendid manhood under such conditions? Some will unquestionably rise superior to their surroundings, and make their mark in the world; but many will not. When some boys turn out badly despite the most loving care and training, what must be expected of those who are permitted to run wild?

### WISE COUNSEL.

Some observations made by Mr. R. L. Borden in Victoria, last week, may well be pondered by the young men of New Brunswick, in view of the provincial elections which are expected soon to be held. Mr. Borden said:—

"Especially to the young men of Canada do I appeal to take an interest in public affairs. Do not assume that one side is as good as the other, as far as your interests are concerned and that it is merely a question of which side is in and which is out. If there are public men who have no higher purpose than to be in, then our young men should fall in line and turn them out. Our material prosperity is a matter of moment, but continued prosperity cannot be maintained unless there are high standards of public life. We want the young men to help to create and raise the standards; I would rather see a young man in active alliance with the liberal party, to which I am opposed, than see him stand apathetically by doing nothing. To the young men the destinies of this country will shortly be confided, and those destinies will never have their proper result unless the young men actively exert themselves in public affairs, and give their best efforts and their best intelligence to the carrying on of the business of the state."

Mr. Mullin, in his address to the jury, paid his respects with great impartiality to the crown counsel, the police and the press. It is at least gratifying to know that the attorney general, who gets somebody else to attend to crown business, exactly fills the learned counsel's idea of what's what.

At the recent Methodist conference in Winnipeg the sociological committee, after reviewing many current problems, enunciated the principles of a living wage for workmen, compulsory arbitration in industrial disputes, and public ownership of public utilities. The report was adopted.

From May 1st to Sept. 20th, this year, the export of cheese from Montreal was 1,387,761 packages, compared with 1,266,509 and 1,540,806 packages in the corresponding period in 1901 and 1900 respectively. The export of butter was 333,273 packages, compared with 276,535 and 305,761 in the two preceding years.

Sir Charles Tupper, who has returned from England, states, says the Montreal Witness, that he does not blame the Hon. Mr. Tarte for his advocacy of protectionism, seeing that such advocacy supports conservative policy, but the spectacle presented was such as could not be seen in any other country under constitutional rule. In England, if there was such difference of opinion, there would be instant resignation.

ACADIA COAL AND COKE CO. Have Received a Big Offer for Their Property in Ohio.

The directors of the Acadia Coal and Coke Company, Ltd., which owns and manages a large property in Ohio, called together in this city last night the shareholders at the office of W. H. Trueman, the secretary of the company, asking authority to accept an offer which had been received for the purchase of the property at a large figure. The price has not yet been announced, but the owners of the property claim that it is not excessive considering the extent and value of the same. There was present of the directors: Hon. H. R. Emmerson, M. P., of Dorchester, the president; Wm. Hall of Springhill, N. S., the vice-president and manager; J. Lowe of Aylesford, N. S., Mark Curry of Amherst, G. R. Sangster of Moncton, W. T. Whitehead, M. P., of Fredericton, the treasurer, and of the shareholders Senator Thompson, R. F. Randolph and Frank I. Morrison of Fredericton, W. H. Bannaby, F. P. Robertson, Capt. Chas. Brannan and J. V. McLellan of St. John, Crofton H. McLeod of Brookfield, N. S., was present on behalf of certain New York capitalists who had made the offer of purchase.

Authority was given the directors to accept and carry out the offer, and the shareholders have got a handsome return for their investment. The directors refused to tell what the sum offered for the purchase of the property was.

### JESSIE MACLACHLAN'S CONCERTS.

HALIFAX, N. S., Sept. 23.—The second Jessie MacLachlan concert in the Academy tonight was a repetition of last night's remarkable success. Again the S. R. O. sign was out and from the opening number until the concluding strain of the Last Rose of Summer, with which the great MacLachlan closed the programme, the applause indicated the enthusiasm of the audience. Harry MacLachlan, the St. John tenor, divided the honors with the prima donna, and strengthened the fine impression of last evening. This series of concerts has been voted the most successful ever given in Halifax. The singers appear in Truro tomorrow evening.

### HON. SYDNEY FISHER DENOUNCED.

MONTREAL, Sept. 23.—The Patriote, organ of the I. L. T. U., publishes a strong article tonight denouncing Hon. Sydney Fisher and his liberal organs for their attitude towards Mr. Tarte on the tariff question. Patrie says Hon. Mr. Fisher is only a theorist and that his theories do not represent the views of the country. Patrie further declares that despite the campaign undertaken by Messrs. Fisher and Sifton, the tariff will be revised and duties increased and that the revision promised by Mr. Fielding on behalf of the government will be carried out.

### I. C. R. CHANGES.

MONTREAL, N. B., Sept. 23.—J. E. Muhfeld, I. C. R. superintendent of machinery and rolling stock, has resigned his position for a better one on the Baltimore and Ohio railway, with a salary of six thousand a year. Mr. Muhfeld has refused to be guided by the political management of the road and has contemplated resignation for some time.

The schooner business between St. John and United States ports is extremely small, owing to the coal strike. E. O. Excell, the great St. John school singer, will attend the provincial S. S. convention in this city in October.

The regular meeting of the St. John Teamsters' Protective Union last night was well attended. It was addressed by Victor Du Breuil, fair wage officer of the department of labor, Ottawa. The government officers are soliciting subscriptions for the Labor Gazette, in all the unions he visits. He is a good speaker and an energetic labor advocate.

In the Basilica, Quebec, on Saturday, Archbishop Egan received the following as students for the priesthood: Thomas Nugent, Thomas McLaughlin, David O'Keefe, Francis Lochery and William Dake, of this city. Walter Holland received the minor order.

Enoch B. Colwell has made an assignment to W. H. Thorne. There are but few creditors and the liabilities are much more. Financial difficulty is not the reason for Mr. Colwell's assignment. He has for some years conducted an extensive fish business, but for some time has been in poor health.

### GENERAL.

Owing to a slight bruise which he received in the recent toll accident in Pittsfield, Mass., President Roosevelt had to submit to a slight operation on his leg at Indianapolis yesterday and abandon his trip to the south. He left last night for Washington. The trouble is not at all serious, but he must remain quiet for a few days.

It is stated that potatoes will be scarce in New England this winter, owing to a damaged crop.

Arthur White, an American, has contributed \$100,000 in aid of destitute Boers.

Order is now preserved in the Pennsylvania mining regions by troops under command of General Gobin.

### TREMENDOUS RUSH FOR SEATS.

The sale of seats for the big musical festival at Victoria Rink on the 29th and 30th inst. opened at Gray's bookstore yesterday with a rush, which indication proves that the concerts will be liberally patronized. People are making no mistake in securing seats for the big musical events of Monday and Tuesday next. The aggregation of artists surpasses anything of the kind ever before attempted in St. John. Miss Howe, the gifted soprano, is at the head of her profession in America. She is a young and beautiful lady of excellent physique, with a voice probably of natural excellence and abnormal extension in its upper register, which has been cultivated with clever artifice and assiduous care. Miss Isabelle Bouton, already a great favorite here, comes fresh from the metropolitan musical world with new laurels added to her abundant supply. Miss Margaret Fry, a gifted young soprano of marked musical ability, has a dramatic voice that is sweet, effective and true. Francis Archambault, basso; Kans Kronold, violinist; Gwilym Miles, baritone, and Edward P. Johnson, tenor, together with the famous Chapman Festival Orchestra.
