## LET NOTHING Keep You Away

.....FROM THE.....  
**Money-Saving Sale of  
BOOTS and SHOES**  
.....NOW IN PROGRESS AT OUR.....  
**UNION STREET STORE.**

Chances like this occur but seldom. With flour, meat, potatoes and other necessities growing dearer day by day, it is incumbent on the thrifty housekeeper to take advantage of such opportunities as this. A manufacturer with 18,000 pairs of Boots and Shoes on hand, desiring to make room for goods in process of manufacture, accepted our offer for the entire lot. We got them cheap, and following our custom, determined on giving the people a chance to save some money. The sale started on Friday morning last, and the attendance of buyers exceeded our anticipations. That the goods are being sold at extremely low prices is evidenced by the fact that customers bought freely and heavily.

### THE BOSTON AND MAINE MERGER

Many Private and Political Interests Arranged Before Committee at Yesterday's Hearing

BOSTON, June 10.—Numerous private, business and political interests were arrayed before the legislative committee on railroads today in opposition to the proposed merging of the Boston and Maine railroad with the New York, New Haven and Hartford railroad. The committee held two sessions and heard seventeen witnesses, sixteen of which spoke either in opposition or urged legislation to guard Massachusetts interests. Both sides, however, decided to hold back their heaviest guns until tomorrow, when it is expected that the position of the New Haven road will be laid before the committee by its chief executive, President Charles S. Mellen, while the committee may ask for the opinion on the question from the officials of the Boston and Maine railroad. Only two witnesses, L. D. Brandeis of Boston and Representative Robert Luce of Somerville came forward with definite propositions in the way of bills. Mr. Luce's measure provides for a controller of railroad accounts and seeks to give publicity to the financial conditions of Massachusetts railroads. On the other hand the bill of Mr. Brandeis is one of the most drastic measures that has been presented to the legislature for many years. Mr. Brandeis is laying the bill before the committee stating his conviction that the proposed merger could be stopped, and in this he was supported by several speakers who followed him.

AN AUTOMOBILE ACCIDENT.

LONDON, June 11.—The victim of the motor car accident at Banbury, it was learned today, is H. C. Johnson, an attorney of Berkeley, Calif. Johnson's companion, Mr. Blake, of Philadelphia, who, with his wife, was seriously injured in the accident, is still alive today, but he passed a bad night. Mrs. Blake's condition is reported as comfortable today.

One of the very best recommendations Harners' Dyspepsia Cure can have is the increased sale right here in the city of St. John, where it is made and dispensed by the Dr. Scott White Lintiment Co. That some of St. John's best known citizens take it regularly for stomach irregularities, and find it never-failing in good results is another fact of its efficacy. 55c. and \$1.00 at all good druggists.

### FOUND ANOTHER BOMB FACTORY

Murder of a Boy Led the Police to an Important Discovery

ST. PETERSBURG, June 11.—The body of a youth found today in a wood in the suburbs of St. Petersburg with his throat cut and face unrecognizably mutilated, has led to the discovery of an open air bomb factory with a large quantity of explosives nearby. It is supposed that the young man was executed by fellow terrorists as a spy.

STOLE TRAIN AND BROUGHT IT BACK IN A HURRY

BELLINGHAM, Wash., June 11.—The Great Northern-Seattle-Bellingham local train was last night stolen from the depot where it was left for a few minutes, while the crew went to lunch, by Barkley McCutcheon. Jumping into the cab McCutcheon threw open the throttle and away the train shot, going north at terrific speed. The train crew rushed for a "speeder," and followed until it was discovered that the man at the valve had reversed the train and was returning north. The crew was barely able to get off the track in time to avoid being run down. McCutcheon was arrested.

ANOTHER HOLD-UP GAME.

DETROIT, Mich., June 11.—The 2,300 members of the local street railway men's union today voted to give the Detroit United Railway 48 hours in which to either grant their recent demand for 23 cents per hour or submit the question to arbitration. Failure to meet this demand will probably result in a strike.

## WONDERING IF ADAMS WILL SUPPORT ORCHARD'S STORY

BOISE, Idaho, June 11.—There is much speculation as to whether Steve Adams will say when placed on the stand as a witness for the State against Wm. D. Haywood, Orchard has said that Adams was his partner in many of his most desperate undertakings such as the blowing up of the Independence Depot, Adams, who came to Boise yesterday from Shoshone County, where he is awaiting trial for murder, is said to be in a sullen mood and not likely to answer any of the questions. It is known that his repudiated confession is in the hands of counsel for the prosecution of Haywood, but it is doubtful if this confession can be brought within the cognizance of the jury unless Adams himself consents. Mrs. Annie Adams, who has been in Boise since the trial began and who is in daily attendance at the courtroom, saw her husband at the county jail last night. Mrs. Adams is credited with much influence over her husband. It was at her solicitation, it is said, that he repudiated the confession he made last year. He went so far after the confession as to travel to Colorado with General Bulkeley Wells and report has it under the direction of Adams, evidence was discovered that cleared up the mystery of the several disappearances. Skeletons of non-human miners who were believed to have been killed, but the proof of whose death had never been found, were discovered. It is said that should Adams be acquitted of the murder for which he is yet to stand trial, the Colorado authorities will request the governor of

Idaho and will charge him with the murder of Collins. There is some belief that Adams may repeat his alleged confession. Counsel for the prosecution say they are not depending upon Adams to confirm Orchard's testimony, but they have sufficient corroborative testimony. Harry Orchard goes on for his fourth day of cross-examination. He shows not the slightest sign of fatigue. On the contrary, he grows apparently stronger, clearer and more unshakable every minute. Even counsel for the defense admit he is a marvel. Today he will complete his story of the attempt to kill Fred Bradley, former manager and now president of the Bunker Hill Mine, which was blown up by the striking miners in 1888. As in the rest of his cross-examination, Orchard under the fire of questions, has only strengthened his direct testimony as to the San Francisco story. He is going into the most minute details and has given the names of a dozen people who can confirm or deny. For instance, he has said where he bought the strychnine for the milk, where he bought the gunpowder, how and where he got the money from Pettibone, and the names of the servants. He took the cook to the theatre, he said, in order to find out from her the habits of the household, and as the climax of his dramatic rehearsal of how he placed strychnine in the milk, that by his own admission might have poisoned a baby, the mother, three women servants and Fred Bradley.

## LABOR EXCITEMENT IN FRANCE

PARIS, June 11.—Up to a late hour last night no change has been recorded in the situation growing out of the government on the part of the wine growers, and the news received from the South shows that a number of mayors are trying out their resolve to resign with calmness and determination. No disorders, however, have been reported. In the preliminary of deputies yesterday the preliminary of the government's bill for the prevention of the adulteration of wine were discussed. NARBONNE, France, June 11.—In the presence of an enormous crowd last night the mayor of this town announced publicly that a civil strike had begun and pulled down the flag of France from the town hall, which was with a long crane streamer. The mayor when he did this, was surrounded by the municipal council. At the same time the Zouave rang out from every church steeple, and then the crowd paraded through the principal streets of the town. There were no disorders. The discontent caused among the wine-growers and the consequent movement to the barracks for the last five Sundays on account of the wine growers' manifestations was brought to a head last night by a dispute between the private and non-communist officers, who tried to pull down men from a wall where they were cheering passing trains loaded with wine-growers going to Montpellier. The soldiers informed their colonel that they absolutely refused to march against the wine-growers and relatives. The colonel succeeded in temporarily calming the men by promising to investigate the matter and to replace the military authorities considered that the spirit of the troops is bad, all the soldiers being in sympathy with the movement of the wine-growers. MONTPELLIER, France, June 11.—After the announcement of the resignation of the municipal council here yesterday evening, in accordance with the wine-growers' programme, the rest of a youth for carrying a banner bearing the inscription "March on Paris, Long Live the Revolution," led the wine-growers to the barracks for the last five Sundays on account of the wine growers' manifestations was brought to a head last night by a dispute between the private and non-communist officers, who tried to pull down men from a wall where they were cheering passing trains loaded with wine-growers going to Montpellier. ## AMBASSADOR AOKI REFUSES TO DISCUSS DIFFERENCES

WASHINGTON, June 10.—Continuing his policy of adding nothing in the way of comment or facts to the discussion of Japanese-American incidents, Viscount Aoki, the Japanese ambassador today, as usual, denies himself to newspaper men and proclaims against any statement emanating from the embassy, relative to the reported development of strength in the opposition party in Japan. Ambassador Aoki is understood to take the view that there are no matters of difference between the United States and Japan which are not capable of re-adjustment if allowed to be considered on their merits.

At the State Department it was said that there were no developments in the situation and in fact some surprise was expressed that any should be expected in the near future. The report of District Attorney Devlin, of San Francisco, upon the mobbing of the Japanese restaurant and baths, is expected to reach this city within a day or two.

It is pointed out also, to correct what the officials regard as an erroneous impression, to the effect that the Japanese have made much more of this San Francisco incident than was warranted by the facts, that actually the conduct of the Japanese government in the matter has been extremely modest. It is true that what is regarded as the "wine-growers' program," the resignation of the municipal council here yesterday evening, in accordance with the wine-growers' programme, the rest of a youth for carrying a banner bearing the inscription "March on Paris, Long Live the Revolution," led the wine-growers to the barracks for the last five Sundays on account of the wine growers' manifestations was brought to a head last night by a dispute between the private and non-communist officers, who tried to pull down men from a wall where they were cheering passing trains loaded with wine-growers going to Montpellier. WILL HAVE NO WAR  
WITH JAPAN SAYS TAFT

MILWAUKEE, Wis., June 11.—U. S. Secretary of War Taft, in an interview last night, said that there would be no war between the United States and Japan. He said that the United States and Japan would continue their way along most peacefully together. The secretary said: "Never mind the news that keeps coming. It does not always mean all that it says. We will have no war with Japan."

CABRERA IS ALL RIGHT.

NEW YORK, June 11.—Dr. Ramon Bengochas, Consul General of Guatemala at New York, received a cable despatch from President Cabrera of Guatemala today, reading that the president is "all right." The Consul General also received a private despatch from Guatemala saying that there was no truth in the reports of President Cabrera's assassination.

GIBBS LANDING, La., June 11.—James Gibbs, a 22 year old negro, was shot to death and his body burned here Saturday night for attempted criminal assault upon the daughter of a planter.

The United States question is likely to afford the most popular platform for the Progressive and other opposition parties that are preparing for the general election next spring.

WASHINGTON, D. C., June 10.—Thousands of dollars are being raised by the Japanese of the Pacific coast to carry out their provisions. Its support enforcement last year occurred soon after the return of Mayor Schmitt from Germany, where he had an audience with Emperor William. Consequently some are inclined to attribute the mayor's anti-Japanese attitude to the influence of the Kaiser.

"Another report is to the effect that the Hawaiian sugar interests have paid the anti-Japanese and anti-Korean organizations in San Francisco \$30,000 for preventing Japanese from going to California."

The Hochi prints a report from Washington stating that the Japanese in America are allied with the Progressive party here in an attempt to overthrow the cabinet on account of the American question, but little credence is placed in this assertion. It is true, however, that the Progressive party is the only political organization that has publicly taken up the question.
