CANADA WINS KOLAPORE CUP

WISLEY, Eng., July 16.—The Cana-
dian team, after their great exhibition
in the Mackinnon cup yesterday, was
expected to win the Kolapore cup to-
day, and lived up to expectations. They
did not, however, have as easy a thing
as in the Mackinnon, the margin over
Transvaal being only ten points. At
that Canada lead at every one of the
three ranges, though Transvaal did
equally well at the 600. All of the
members of the team, with the excep-
tion of Lieut. Smith, used the Ross
rifle. The scores were as follows:

| BISLEY SCORE. | | | |
|-------------------|------|------|------|
| | 300. | 500. | 600. |
| Canada | 253 | 292 | 246 |
| Transvaal | 253 | 257 | 246 |
| Natal | 254 | 251 | 245 |
| Guernsey | 254 | 254 | 239 |
| South Rhodesia | 248 | 254 | 238 |
| India | 247 | 252 | 226 |
| African Protector | | | |

FAVORS IMPROVEMENTS TO LOCAL POSTOFFICE

General Superintendent of
Postoffices Here on Tour
of Inspection

George Ross, general superintendent
of post offices, was in the city yester-
day on his annual tour of inspection.
Mr. Ross conferred with Postmaster
Sears in the matter of improvements
to the building and stated that he
heartily concurred in the recommenda-
tion recently made by Mr. Sears. Nothing
is to be done in the matter, it is
learned, however, until the return of
Dr. Pugsley, when it is thought that
something definitely will be decided
upon.
Mr. Ross left yesterday afternoon for
Moncton.

Monday Commences Another Week of Quick Summer Business!

Time is Short. Many Excellent Lines Cut in Price.

THOUGHT CRIES JOKE, LET GIRLS DROWN

Residents Near Ottawa Fooled
by Former Jokes

Row Boat Turned Over—Occupants Cling
for Hours But Help Came Too Late
to Save Two of Them.

OTTAWA, July 17.—About eleven
o'clock last night some of the resi-
dents at the summer resort near Ay-
mer heard prolonged cries for help
coming across the water at Lake Des-
chênes, a wide stretch of water on the
Ottawa river about nine miles above
the capital.

No attention was paid to them, how-
ever, as faint cries were still heard,
some members of the Victoria Yacht
Club put off to the rescue and a steam
launch went out from Echo Beach.

Some distance away they found an
overturned boat with two young men,
L. Loyer and E. Guertin, of Aymer,
clinging to it, and just ready to let go
from exhaustion.

Two others unable to cling longer to
the boat had let go an hour or so be-
fore and going down in the water had
not resurfaced. They were Dorothy
Green, aged eighteen, and her sister,
Jennie, aged thirty-two, both employ-
ed at the Hotel Victoria, Aymer.

The party had left Aymer in the
evening and crossed to the Ontario
shore. Returning about eleven o'clock
they had begun to look rapidly, and
filling with water, capsized.

Loyer, who is a good swimmer, suc-
ceeded in temporarily rescuing both of
the girls, and the whole four, shouting
for help, clung to the boat for a
couple of hours.

The girls then completely exhausted,
gave up the struggle and sank.
This morning the police are investi-
gating the circumstances of the tra-
gedy.

It appears that before Loyer and
Guertin left Aymer with the two girls
last evening they had some trouble
with two other young men named
Greville and Dixon, who, it is said,
wanted the girls to go with them.

Greville and Dixon followed the party
later in a boat, and it is further stated
all were somewhat under the influ-
ence of liquor.

CAR FERRY SERVICE
A BOOM TO QUEBEC

Successful Inauguration of Freight Car
Transportation From Lévis—Will
Replace Bridge.

QUEBEC, July 17.—The new car
ferry service of the Quebec and Lévis
Ferry Company was auspiciously in-
augurated yesterday afternoon, when
three loaded freight cars were brought
across the river from Lévis on the
car ferry steamer, and successfully
landed on the Pointe A. Carey pier,
whence they were sent on to different
slidings to be unloaded. One of the
cars was from the Quebec Central
Railway, and was loaded with sugar
from Beauveville and consigned to D.
Rattray and Sons, while the other
two cars came from the Grand Trunk
Pacific and were loaded with coal.

SOVEREIGN BANK MAY MEET DEMANDS

No Likelihood of Call on the
Shareholders

Liabilities Much Reduced—Satisfactory
Report Presented at the Annual
Meeting.

TORONTO, July 17.—It was made
reasonably clear at the annual meet-
ing of the shareholders of the Sover-
eign Bank that it will not be neces-
sary to have recourse to the double liability,
and that if the liquidation turns out as
well as expected there may be a small
amount for distribution amongst the
shareholders. It is too early yet to
predict just what the assets of the de-
funct bank will realize, but the out-
look as presented was regarded as
bright. There were only 40 sharehold-
ers present at the meeting, and all ex-
pressed appreciation at the manner in
which the affairs of the institution
had been handled. The liquidation of
the assets during the year were quite
heavy, with the result that the amount
owing to other banks and other sources
has been reduced from \$9,068,000 to \$4,
600,000. The liabilities are now placed
at \$4,842,750 less than at the last an-
nual meeting. While \$1,157,111 was
written off or allowed for losses on as-
sets during the year, there is left a
nominal surplus of \$1,812,883. The staff
of the bank has been reduced from 29
to 3.

THE NET RESULT.
In the report of the directors it is
pointed out:
"The net result is that by the liqui-
dation of assets we have paid off over

a million dollars, which on 31st May
of last year was due to correspondents,
and have reduced our liabilities to
other banks from \$8,023,000 to \$4,688,000.
In addition to this we have paid off
\$15,000 of deposits and \$181,000 of cir-
culation. The deposits which we now
hold are left for special reasons, and
the greater part of them will probably
be paid off within the next few months.
Notwithstanding the fact that we have
ceased to issue the bank's notes nearly
a year and a half ago, we had on the
31st of May nearly \$80,000 outstanding.
The notes are still coming in for re-
demption regularly, but very slowly,
the present rate being about \$4,000 a
month.

"The point of most importance to the
shareholders is doubtless the value
which can be placed upon their remain-
ing assets, but this unfortunately can-
not at the moment be estimated. We
explained last year that no valuation
could possibly be placed upon certain
large assets, and while some of these
particular assets have since been liqui-
dated without loss, the greater portion
is still in an uncertain position, and
for some months to come it will not
be possible to place an intelligent valua-
tion on them. A large part are ac-
quired by collateral, the value of which
depends on the results of the reorgan-
ization of railway enterprises now in
the hands of receivers.

If the results of these reorganiza-
tions are as favorable as is possible,
then the returns will be fairly good,
but if they are not carried through
successfully, the recoveries will be very
small. Certain other assets depend for
their value upon the outcome of law-
suits, and while we have every reason
to believe that the result of these suits
will be entirely in our favor, you will
readily understand that no valuation
can be made of assets in such a posi-
tion. All we can say about these un-
valued assets is that everything pos-
sible is being done to bring them to a
satisfactory conclusion at as early a
date as possible.

ASSETS VALUED CLOSELY.
With regard to the rest of the as-
sets, it is possible to value them fairly
closely. During the last two or three

REVENUE SHOWS GOOD INCREASE

OTTAWA, July 16.—For the month
of June the revenue of the Dominion
was \$7,578,800, an increase of \$1,034,441
as compared with June of last year. For
the first quarter of the current fiscal
year the revenue was \$21,952,372, an in-
crease of \$2,754,033 as compared with
the first three months of last year.
The customs revenue for the three
months was \$13,921,407, an increase of
\$3,133,188.

Hon. Rodolphe Lemieux left today for
a fortnight's holidays at Murray Bay.
Mr. Lemieux may go to London in Sep-
tember to confer with the Imperial au-
thorities in respect to the proposed
state owned Atlantic cable and the
question of cheaper cable rates between
the mother country and the overseas
dominions. The question is one which
has been engaging the attention of the
government for a year or more.
