ILL LEAVE ST. JOHN

ST. JOHN, N. B., SATURDAY, JULY 4, 1896.

Before the Syned and in a Fair Way to Be Settled.

The differences which have hitherto existed between Rev. Mr. Little of Trinity church, Sussex and his loving flock are in a fir way to be settled and the care which had one time excited so much interest is liable to become a thing of the past.

Probably every person in New Brunswick knows something of Rev. Mr. Little's variegated career and the circumstances leading up to the final crisis which at one time threatened to deprive him of a con-gregation, but which may now be smoothed in a manner satisfactory to both es. Rev. Mr. Little came to Canada parties. Rev. Mr. Little came to Canada from the old country some ten years ago and obtained the pastorate of Trinity church, Sussex. He was a handsome man

and an eloquent preacher and soon found favor in the eyes of his flock.

Soon after his induction into the new charge, stories about his financial standing commenced to circulate and in a very short

but the question that is vexing some persons is "why did not the bishop give official notice of Rev. Mr. Little's reinstatement before instead of waiting until the present time. At any rate the action of the synod will probably throw the case out of the ecclesiastical courts altogether and the public will hear no more of the differences existing

It is a most charming home, the gardens and grounds are laid out in true English style and are perfect in their way. Mr. and Mrs. Bradnes and their daughter have only resided in St. Stephen a tew years but have made hoats of friends who will have pleasant memories of the hospality dispensed at "West Wolde" by its genual master and mistress. It is the general hope that a purchaser will be speedily tound for this lovely home, so its hospitable doors will not be long closed.

A story is to'd by Ex-Alderman Dennis at his own expense as a feature of Sat-urday's Halifax Herald, which was urday's Halifax Herald, which was largely devoted to the conference. A month ago Mr. Dennis heard that Rev. John Johnson of Newport was Ekely to be elected president of the conference, an occurence which, indeed, in due time, took place. Accordingly Mr. Dennis wrote to Rev. Mr. Johnson asking for his photograph that an engraving for the Herald might be made. At the same time he wrote Rev. William Brown of Morden King's Co., making a request that he also send his picture for a like purpose.

This whole duestion of Mr. Kinney and his flock was a serious one for the conference and they spent sitting after session on its consideration in secret "ministerial session." The resolution to admit was practically unanimous at the last, only six ministers voting against it. Any of those has the right of appeal to the court of appeals, but it is believed that step will not be taken.

even to vote, it seems that the partizan office-holding political worker is more of a man than his self-centred fellow employee.

A number of civil service men could be named who were equally active, almost with any campaigner in the city on behalf of the government, and two men at least employed pro-

The insurance man on his side says the treasurer was a reckless and spendthriit sort of a trustce and he only did his duty in causing his removal from that position and that the county treasurer has carried for fifteen years that old grudge and always scowls crieers at him when in theat:e church, office or street.

The case ended in the treasurer paying four dollars and the insurance man still remaining the "viper" to the county treasurers way of thinking.

IN F. AR A: D TEEMBLING.

HALIFAX, July 2 -There is quaking of pails of ditty water at each other.

Of course there are ridiculous and humborous cases before the magistrate, such as Michael Sullivan or Mickey Huff being summoned for stretching a clothealine across a public street and claiming the right to do so, as both are free men; and Mrs. M. Goldrick of Water street having the humbord fixed treating his position no mixter what his Mrs. M. Goldrick of Water street having her hust and fined twenty dollars for assulting her; but immediately upon the fine being imposed, to pay it herself out of her hard earnings which she was saving to pay the house r. nt with.

Then there are cases, such as the one them. First and obief, Professor Russell, the successful liberal cradible reading to the successful liberal cradible reading the successful liberal cradibl Magistrate Ritchie had to listen to on Friday a week ago when two well known citizens faced each other in the court room and told tales of each other that were and the is too kind-hearted and too condrift of which showed that there was no love lost between the two.

That these two citizens are prominent, can be readily understood when it is known that one holds the office of County Treasurer and the other conducts the agency of the Liverpool London and Globe Insurance company.

The in urance man is known as a prominent churchman. The county treasurer attends church but does not put much stress upon his goodness.

Another reason why tory office-holders need fear nothing is, that eighteen years ago the conservative administration, when it assumed office, retained all liberal breach of the peace and the law was a little disturbed. It so happened that there was a general election held a week ago last Tuesday, and the seats for St. John were contested and the fight between liberal and conservative was a hot one.

The interval was conservative was a hot one. the cause for ordering his exit was sufficient or not, it was not because he was a political Ross was never a satisfactory collector, and he was relieved of his duties, estensibly at least because of a grave mistake in his

> by the government by appointing liberals to effices varated by expelled tory employees, at the same time the dismissals would make deadly enemies of the men supplanted and would alienate many of their (riends who otherwise might simply be passive voters. 'One more fact which may reassure trembling office holders, especially those who are known to have taken part on behair of the conservatives in the election campaign, is that men employed by the liberal local government took of their coats and worked with might and main for the opposition, and helped to secure the election of one member of the liberal ticket. It was a game that two sides played. If there are any dismissals it may be be cause of incompetence or other good rea-sons like that.

This leads to the consideration of another phase of this question. There were Dominion civil servants who openly and avowedly did their beat to secure the if baptism is to be administered Mr. Kinney will secure the services of some brother minister to perform the rite. He will be kept on the move this year and thus any possibility of trouble will be avoided. Rev. Mr Higgins, a well known methodist minister will be stationed over Mr. Kinney's congregations of reformed baptists.

He will enclose them securely into the language and treasurer to apologise for the language and treasurer will be stationed over Mr. Kinney's between the two.

The court endeavored to get the county treasurer should be restored a good deal in working for the government candidates. Their duty, doubtless, was were other tory office-holders, who for lady, who visited St. John for the first time in 28 years. Mr. Cox learned the printing or tain concessions from the congregation for so doing. When the report was read natives of this city. Their party was but one of the merry ores among the excursionists, but it is not possible in limited space to make other than general remarks.

Some one remarked at another stage of the bishop as getting the proceedings that the bishop was getting is the proceedings that the bishop was getting the synod down to a fine point when he told them, that he had not yet tried the Rontgen X rays to see whether the members had bearing or not to enable them to compare with the tory, who was a fraid one or the proceedings that the bishop was getting is treatment of the proceedings that the bishop was getting the synod down to a fine point when he told them, that he had not yet tried the Rontgen X rays to see whether the members had bearing or not to enable them to compare with the tory, who was a fraid over the bearing of the bishop and the bishop was getting in the proceedings that the bishop was getting the proceedings that the bishop was getting is treatment of the proceedings that the bishop was getting the proceedings that the bishop was getting is treatment or the proceedings that the bishop was getting the proceedings that the bishop was getting the proceedings that the bishop was getting is treatment or the proceedings that the bishop was getting the proceedings that

When the court expressed its surprise at two such dignified citizens as the gentlemen before him appeared to be battling and showing such hatred of each other, the following interesting story come out. The county treasurer said the ill feeling existing between himself and the insurance man was not a new thing, in short it began over fifteen years ago when the insurance man by prying into an estate business had caused a rupture in the treasurers family and lost him his position.

The treasurer said he was one of the trustees of a large estate some fifteen years ago and the insurance, man with a covert some of the insurance man with a covert some of the insu
