The Standard Travel Club Now About Organized--Members Are Commencing Their Work This Week

Since the first announcement of The Standard Travel Club on April 17th, much of the time has been spent in enrolling the names of members in different parts of the Province and in preparing the material with which they are to carry on their work. This list of members included at one time a very large number of names, but as it is the desire of The Standard to give everyone the best possible opportunity it was our wish to eliminate from this work those who would only dip into it as a side line and who would thus interfere with the better directed efforts of others. Because of this desire we have found it necessary to cancel from our list of nominations many of those who did not display that enthusiasm which conditions warranted. As a result we have now throughout New Brunswick a comparatively small number of members but all of them interested to a very large extent and anxious to win the western trip or the optional prizes which we are offering.

It has taken all this time to get things into shape and no one has as yet done anything worth while in the way of work. All members of the club are starting on an even basis. They begin work this week and continue until June 24th when the club ends. While the list of members is reasonably large there are some sections of the Province not yet represented. Nominations from these sections may be received in the course of a few days and naturally a day or two's delay in an undertaking which lasts for eight weeks will not be at all detrimental to the interests of those who may be late. There is still room in our list for members from

We will be pleased to receive any nominations of persons in these districts who are at all interested, for in these localities the opportunities are good.

The names of members of the club will be published a week from today and during that week there will be announcements of interest to all.

Send in your nomination at once so that we may get you started. The prizes are to be won by somebody and chances for them are still as good as when the first announcement was made.
