

HON. J. A. MURRAY MAKES FORCEFUL AND CONVINCING ADDRESS ON THE BUDGET

(Continued from page 1)
(From Official Reports.)
Special to The Standard,
Fredericton, June 15.—The House met at 2.30.

Mr. Hetherington gave notice of inquiry as to the amount advanced on account of expenses to Hon. J. A. Murray in November, 1911.

Mr. Messersau inquired as to advances made to J. B. Dagget, late secretary of agriculture.

Hon. Mr. Murray (Kings) inquired as to the names of the directors and secretary of the St. John and Quebec railway to travelling expenses which had been paid, and how much to each.

Hon. Mr. Tweeddale introduced a bill to enable the cities, towns and municipalities of the province to borrow money for the purpose of purchasing food and other necessaries for the purpose of assisting the inhabitants of such city, town or municipality in supplying themselves with such articles during the continuance of the war.

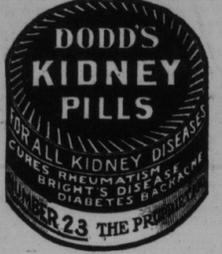

Hon. Mr. Foster introduced a bill respecting the St. John and Quebec Railway Company, which he explained was intended to extend the time of the completion of the road, to authorize the reduction of the directors to three to enable a further sum of \$1,000,000 to be borrowed if need be for the completion of the work and to enable the cancellation, if need be, of any contract for the construction of the road or any part of it.

Hon. Mr. Smith (minister of lands and mines) introduced a bill to permit of settlers on lands belonging to the New Brunswick Railway Company having a further period of two years in which to pay their purchase money.

Hon. Mr. Byrne introduced a bill relating to executions upon judgments issued out of inferior courts. This bill would permit an execution issued by a justice of the peace in one county to be levied upon goods and chattels of a debtor resident in another county, but will not permit the taking of the body.

Budget Debate Renewed.

On the order of the day being called Hon. Mr. Murray (Kings) rose to resume the debate on the budget. He said that he realized that the de-

that statement in introducing the budget. In the year 1908, when the late government came into power, the auditor-general was an official of the government and not independent, and as the result of that when they came into power they found conditions that were impossible at the present time.

The Grafting Days.

No check whatever was kept on accounts paid by the province, many of which the receiver-general knew nothing about. Each department issued its separate cheque under the hand of the deputy minister with the result that over drafts and suspense accounts were to be found everywhere. The crown land department was in a state of chaos, the territorial revenue was uncontrolled and drafts and notes were to be found in abundance, many of them used for the accommodation of members of the government and officials. Money was paid to road supervisors before the work was ever begun and the department of agriculture was a department in name only. Through the bungling and general mismanagement of the outgoing government the credit of the province had gone. That is what the late government found when they came into office, and he sincerely hoped a similar condition of affairs would never be found again.

The amendment of Hon. Mr. Murray (Kings) was then put and lost in the following division:

Yeas—Young, Tilley, Murray (Kings), Baxter, Smith (Carleton), Campbell, Potts, Fox, Smith (Albert), Venton, Messrs. Magee, Burchill, McGraith, Allain, Loblan, Leger (Gloucester), Swaine, Leger (West), Robichaud, Borden, Melanson, Hetherington, King—23.

The motion that the House go into committee of supply was carried.

As being convinced and knock-kneed. He could assure them that his remarks had been directed at the government with which his friends had been connected. At the present time he could see no spavin except that there might be on the celebrated horse which one hon. member opposite had purchased for his late government. The speech which had been delivered by the hon. leader of the opposition with so much energy and eloquence made it quite clear that he had at last found his proper place and it would be a shame if he should ever be removed from it.

Fine Promises.

He would say to his hon. friends that the government recognised its responsibility to the people of this province and would not hesitate to take such action as was deemed necessary to meet the situation. They could be round that the late government had done in 1908 that is bond the over expenditure but they did not propose to adopt that course. It was their intention to provide legislation for the purpose of reducing the sum of two hundred thousand dollars and they hoped to reduce the deficit by practising economy. He was confident that as the years rolled by the government would be able to keep the expenditure within the income.

Young Men's Suits Ready Tailored

It takes expert tailoring and cutting to mold suits to fit young men as they want to be fitted nowadays. There must be lots of snappy style and the fit must be perfection.

All this the makers of our young men's suits, overcoats and trousers have accomplished.

We recommend the \$20, \$22.10 and \$25 lines though we have them priced as low as \$12.50 and as high as \$32.

ment, on their banking account. They paid five per cent. on all overdrafts, but on the other hand, were paid three per cent. on current account balances.

When the late government came into power, they found that their predecessors had annually paid thousands of dollars in interest on overdrafts. This item amounted in the years 1902 to 1907 to no less than \$108,647. Under the more prudent system by the late government when they came into power, they paid into interest overdrafts in their nine years of office \$17,635 only but as against this they received from the banks from interest on current accounts \$27,644 or \$10,000 more than they paid.

That was the difference between the system adopted by the late government as compared with the incompetence and criminal negligence of their predecessor.

Changed His Opinion.

His hon. friend from Moncton had included in the provincial liabilities the \$550,000 provided for permanent bridges which was still in hand and had almost lost hope of getting better. It was asked to do Williams' Pink Pills, and it was not long until it could feel that they were helping me, and after taking them for a couple of months I was completely cured. I now never fail to recommend these pills to anyone needing a blood builder.

You can get these pills through any dealer in medicine or by mail postpaid at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WOMEN'S AILMENTS

Come From The Heart And Nerves.

Young girls budding into womanhood who suffer with pains and headaches, and whose face is pale and blood watery, will find Milburn's Heart and Nerve Pills their help.

Women, between the ages of 40 and 50, who are nervous, subject to hot flashes, feeling of pins and needles, smothering feeling, shortness of breath, palpitation of the heart, etc., are fitted over this trying time of their life by the use of this remedy.

Milburn's Heart and Nerve Pills have a wonderful effect on a woman's system, making pains and aches vanish, bringing color to the pale cheek and sparkle to the eye.

The old, worn out, tired out, languid feelings give place to strength and vitality, and life again seems like living.

Mrs. Alfred Winter, Centar, Alta. writes: "I would like every woman who is suffering from nerves or heart trouble to know how much Milburn's Heart and Nerve Pills have helped me. For two years I kept a hired girl, and was doctoring all the time. After having taken four boxes of your pills I am able to do all my own work. I would especially recommend these pills to women between 40 and 50, as at that time they are more liable to be far from well. One of my neighbors knows how they helped me, and she is now using them."

Milburn's Heart and Nerve Pills are 50c. or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by THE T. MILBURN CO., LIMITED, Toronto, Ont.

Fugitive Calls at Those in Charge and the Protest

In an unguarded moment Walker's grocery at the King and Northworth streets in a careless manner indifferent to the conditions imposed for the capture of Walker took and lost it. He is not the son to have accented Fox's name. There was only a boy in the apartment he is not the only many experiences in the outside of this town who were faced in his grasp it away through a desire who I am—to "make sure."

I was on my way up the street making a few calls on one further east, when a grocery attracted my attention was an ordinariness and not out of that prompted me to the moment to walk in.

First I noticed one of the slimmest of some sort seemed to be making his way in the place. When I stopped counter the salesman I had served came from behind merchandise and asked question.

He was a stoutly built I believe wears a grizzled mustache. I took it for was facing Mr. Walker, that appears over the door much do you charge for I asked. I think he replied cents a pound. "How much quart of onions cost me?" I tried to reply and looked foolishly, as though I had asked a question I pressed the fact that the suspicion I aroused not up to this point entered.

I was thinking that I had unusual question. "Or don't you sell onions?" I asked.

Still no reply to my question. I still lie on the counter and, without any showing indications in his expression my inquiries to obtain a reply I thought I would explain.

"If the onions are what we desire to buy a quantity to get them cheaper than by the pound.

That evoked no reply. "You see, we want to do in pickles."

"Usually onions are not of this time of the year." He with a broad smile coming face.

I at once saw that my business with him was being and I hoped to explain and, without any showing indications in his expression my inquiries to obtain a reply I thought I would explain.
