GAVE TWO SONS FOR THE EMPIRE

Third Son of Perth Man
Severely Wounded at the
Front.

Perth, July 22.—Neville Nevins, son
of Hardy F. Nevins, has been killed
in action. He was the second son of
the family to give his life for the
Empire, and a third has been severely
wounded.

LUMBER EMBARGO CONTINUES.

Paraworth & Jardine's Liverpool
timber circular says:
Business last month was unevent-
ful; supplies all round were meagre,
and with fair quantities moving into
consumption the previously light
stocks are further reduced, and now
stand at quantities inadequate for re-
quirements. Values generally are
very high. Licences to import are
practically unobtainable, and until
granted more freely and the conces-
sions recently given to Scandinavian
countries are extended to other sour-
ces of supply advantage cannot be
taken of the limited neutral tonnage
offering, consequently forward trans-
actions are entirely held up.

CHICAGO PRODUCE.

Chicago, July 21.—Wheat, No. 2, red,
nominal; No. 3 red, nominal; No. 2
hard, nominal; No. 2 hard, nominal.
Barley—1.25 to 1.60.

North End Arrest.

One lone drunk was accommodated
at the North End police station last
evening.

SAFETY FIRST!

This is the safe store to get
your ammunition before
you start. Preparedness
makes success.

The whole pleasure and ad-
vantages of your trip may
hinge on such a little thing
as your personal appear-
ance.

For the journey, nothing so
good as our gray tweed
(\$20), because it fails to
show the dust. And how
about a raincoat at \$12.50?

A Series of "BUY IN ST. JOHN" Editorials — No. 7

A COMMUNITY SERMON

Every true citizen of St. John should realize that the one big thing most desired, as affecting our community, is the growth and development of St. John. Our city is one of the best in the Dominion---it has a wonderful future---if we, each of us, do our little share toward its development.

Has YOUR neighborhood that atmosphere that makes it livable and lovable---are you doing what you can to bring about that condition?

We want people to come and settle among us, to bring their brains and enterprise and join us in developing a bigger and bet-
ter city.

But we shall never realize our ambitions until we learn the secret by which those sudden cities in the WEST have sprung
into life and being.

It is that sense of common ownership, common lore and common loyalty among all citizens, new and old, which develops the
splendid "pull-together" spirit—the spirit of strength and unity which makes a town both "great" and GREATER.

When the outside world begins to realize that the people of St. John are one and all LOYAL TO THE HOME INTER-
ESTS—that we trade only with local firms—then, and not until that time, will our city be looked upon as a place "worth while to settle
in" and a place where one can safely invest his money.

Consider it your privilege, as well as your duty, to assist in the work of developing your home town.
