ST. JOHN, N. B., JUNE 1, 1912.

MR. FLEMMING'S MANIFESTO

Premier Flemming has fixed June 20 as

in the course of which he pretends to present to the electrors a synopsis of what he and his colleagues have done for New Brunswick. The Premier's manifesto is divided into nine cantos, and in each of the superintendents and foreman the superintendents a in the course of which he pretends to manifesto. has overruled or ignored the auditor-general, to the end that the administration be controverted.

partment, of which Mr. Flemming boasts schemes for the development of the prov. directors. Again, Mr. Copp and Mr. has not prevented an admitted deficit of \$56,000 in last year's operations, and it has he does not tell us what has become of struction on all sections of the Valley not prevented the waste of vast sums of these constructive policies. The governthe several departments, notably that of public works. The reform of which Mr. fiction. The treasury has not been safe- farm" scheme, but that is obviously in- such section.

speak of Crown lands. He attempts to thrown in for good measure.

gravely disappointed by the work of the the people what has become of much of Daniel Mullin, A. J. Armstrong, Frank L.

Thus, the claim of Mr. Flemming and his system of petty partizanship and patron of discontent may be absorbed in agitaadministration in the direction of increased the money his government has spent. Potts, John Chesley, L. P. D. Tilley, W. colleagues that their audit act has safebecame public yesterday:

Mr. Flemming reters to the highway on June 20. legislation of his government, and repeats !

1908. Mr. Hazen and Mr. Flemming at that time made the fatal mistake of retaining the patronage in connection with the highways. For a long time they did to momination is a provisional one, and he is a convention of the convention of the convention in the province have vanished. No wonder to the the province have vanished. No wonder to the province have vanished. No wonder to the province have vanished. No wonder to the the province have vanished. No wonder to the province have vanished. that time made the fatal mistake of retaining the patronage in connection with the highways. For a long time they did not proclaim their new highway legislation, and, when they did proclaim it, it was seen that the province had to face a partizan administration of the roads. During the last two years partizanship and in officiency have been the outstanding feature.

The convention proceeded to select three associates for Mr. Wilson by means of a long and painful process of elimination. First came the elimination of Mr. Mullin, the serve a good purpose by publishing and partizan administration of the roads. During the last two years partizanship and in officiency have been the outstanding feature.

The convention proceeded to select three associates for Mr. Wilson by means of a long and painful process of elimination. First came the elimination of Mr. Mullin, the serve a good purpose by publishing associates for Mr. Wilson by means of a long and painful process of elimination. First came the elimination of Mr. Mullin, the serve a good purpose by publishing and been the Solicitor-General.

But when Mr. Hazen and Mr. Flemming to with Hon. Mr. Flemming's regime it on with Hon. Mr. Flemming's reg inefficiency have been the outstanding features of the situation with respect to the confidence of the party. Albert Liberals roads. The government promised to give are out to win this time, and their task a lot of time, not because of the strength lawyers whenever they felt like it, and lawyers whenever they felt like it, a

in the interest of the province than the looking to victory on June 20.

plan followed by the government. And, speaking of the local government's railway policy, Mr. Flemming makes no reference to either the Pinder spur, in If the Valley railroad is to be built all money until the C. P. R. says this deficit has been wiped out by future net receipts. In plain words, the government has given the province is saddled with interest

cent banquet given in his honor here, his serving a section of country which must manifesto is about the dreariest and most one day produce a very large traffic, has futile political appeal within the memory been turned over to the C. P. R. which is his associates have indignantly protested his associates have indignantly protested. In the case of th

these he sets forth certain things which have no existence except in his troubled imagination. For example, he says that after 1908 he and his government instituted a reform in the auditor-general's department, whereby the financial operations of the province have become more regular and more honest than they were under the head of "various persons," and if he complaint through connection, and no competitive good issue will be now concealed under the head through connection, and no competitive good issue will be now connection, and no competitive good issue will be none that the private for the country justified the wearing of ornaments and that the private for the country justified the wearing of ornaments and that the private for comments and that the private for the country justified the wearing of ornaments and that the private for the country justified the wearing of ornaments and that the private for wholly dismissed, and the complaint and the country justified the wearing of ornaments and that the private for wholly simple province set is given a good described decessors, without any corresponding in-erease in the efficiency of the public ser-parallel. This is a canvass that the gov-sion of the line through to Grand Falls. vices, and when it has been necessary for ernment will have to meet in every party purposes the so-called treasury board county, and the charge will be pressed The Conservatives at Ottawa, after con-

might continue its political expenditures. A few months ago Mr. Flemming pro- struction of the bridges a prominent C. This reform in the auditor-general's defessed to have in mind several grand P. R. man figured among the provisional gant and partizan beyond example in New promise in the manifesto, concerning pulp pected that the scheme is ultimately to the auditor-general to pass it.

Brunswick's history.

The Conservatives had just finished and paper mills, very shadowy, and give the C. P. R. control of a railroad were confronted with a persistent opposition. Following his assertion in regard to the of Mr. Flemming's return to power. province. auditor-general, Mr. Flemming goes on to This evidently is an eleventh hour fiction,

causes leading to Conservative success in attended and enthusiastic convention have withdrawn for reasons well known testing against the extravagance of the the province have vanished. No wonder for repair work, as it was not known how

connection with which his government guaranteed the bonds of a railway of which they confess they knew nothing, provides only for construction from St.

the C. P. R. the proposed line from Minto calls attention to the fact that when the to Gibson for a rental of forty per cent. bonds guaranteed by the province were ents, foremen, or inspectors, frequently of the gross receipts. But they have also floated in London the other day by the receiving more than the amount actually of the gross receipts. But they have also hoated in London the other day receiving more than the amount leased to the C. P. R. the road from Minto Bank of Montreal the amount was £873, paid for labor and materials. o Norton for—mark the difference—fifty 285 sterling, or \$4,244,165. This amount per cent. of the net receipts. If the C. P. R. says the net receipts this year miles of railway at \$25,000 a mile, the of the government's course in regard to of money would provide for only 196 miles of railway at \$25,000 a mile, the amount of the bond guarantee; but the distance to Grand Falls is more than 200 miles, and 169 miles of railway would reach only from Rothesay on the Intercolonial to River de Chute, or a point near there, on the American boundary, convenient to Mr. Gould's Maine road.

In other words by the bond issue the sologe of miles of railway at \$25,000 a mile, the government's course in regard to these matters. There was, for instance, the government's course in regard to these matters. There was, for instance, the case of the Chappell bridge, in West the collective body.

When the votes are counted on June 20 it will be found that the sweeping in Restigouche was done by the Liberals.

The writer who is "sweeping the country" for The Standard has been generous each separately we now dread their collective body."

Cato himself had made his way to the superintendent. He lives about half a mile from the bridge. He was paid \$9.75.

So far, so good. But Mr. Goodwin's superintendence did not cover enough to predict a sweep in Restigouche.

When the votes are counted on June 20 it will be found that the sweeping in Restigouche was done by the Liberals.

Mr. Flemming should find time during decays to explain how he predict a sweep in Restigouche. The writer who is "sweeping the country" for The Standard has been generous and because we are unable to withstand each separately we now dread their collective body."

Cato himself had made his way to the superintendent. He lives about half a mile from the bridge. He was paid \$9.75.

So far, so good. But Mr. Goodwin's superintendence did not cover enough the next few days to explain how he predict a sweep in Restigouche.

When the votes are counted on June 20 it will be found that the sweeping in Restigouche was done by the liberals.

When the votes are counted on June 20 it will be found that the sweeping in Restigouche was done by the Liberals.

When the votes are unable to withstand the forum, they will be f P. R. says the net receipts this year miles of railway at \$25,000 a mile, the amount to nothing, or that they have a amount of the bond guarantee; but the these matters. There was, for instance, deficit of \$10,000, the province will get no distance to Grand Falls is more than 200 these matters. There was, for instance, the case of the Chappell bridge, in Westmiles, and 169 miles of railway would morland. Mr. E. P. Goodwin was the the Minto-Norton section of the road to near there, on the American boundary, So far, so good. But Mr. Goodwin's there never was any intention of building beyond a point twelve or fifteen miles this side of Andover. Mr. Flemming and his associates have indignantly protested that the line would go all the way, but that the line would go all the way, but the superintending the superintending
