

ST. RAILWAY MATTERS
UP FOR DISCUSSIONNo. 1 Committee to Deal With
Report Today.

THE HOSPITAL TRUST

Estimate Will Be Submitted,
But Will Receive Attention
At Special Meeting.

Street railway matters may be on the order of the day when No. 1 committee of the city council meets this afternoon. The report of the Ontario railway and municipal board for the past year is likely to be submitted. Although it gives strong intimations that the board is desirous of continuing to operate the road for any great length of time, it is doubtful if the committee will recommend any action in connection with it.

Estimates from the hospital trust will be received, but likely will be laid over for a special meeting.

The special committee on gas will make a report, and final arrangements for opposing the company's bill now before the Legislature may be made.
