BRITISH PEOPLE AWAITING NEWS OF BOMBARDMENT

German Fleet off Dunkirk Has Caused Some Excitement.

By Special Wire to the Courier.

London, April 30.—The east coast of England again has been subjected to an aerial attack, accompanied by the usual infliction of material damage, but without casualties of any sort. Like former raids, this one of last night is marked by differences of opinion as to the type of air machines used by the Germans, but most people agree that a Zeppelin carried the raiders, who arrived in the small hours of the morning and spent a brief time over Ipswich and Bury St. Edmunds.

Another item of news of striking interest was the presence, reported officially from Paris, of a German fleet off the coast of Belgium and the shelling of Dunkirk with the loss of 20 lives. Further news of this marine activity on the part of Germany is awaited anxiously in England.

It is a fact, however, that the air raid, the fighting along the Dardanelles and the report of German war-

ships off Belgium, were compelled to forego the limelight in favor of the question of liquor regulation in Great Britain and the Government, for the first time since the beginning of the war, has had to meet a division in the House of Commons. The attitude of the House probably reflects the opinion of the country, which is sharply divided on the question of the necessity of regulating the consumption of alcoholic beverages. Even the Church of England, which made its first official pronouncement at the York convocation, resolved to view with uneasiness any action suggesting total prohibition.

BIG OPPOSITION

But the strongest opposition comes from Ireland. Some idea of the strength of this opposition to the proposals of the government is indicated by the London correspondent of The Manchester Guardian, a leading government organ, who declares that the measure proposed by Chancellor of the Exchequer Lloyd George will not pass the House.

Official quarters still remain reticent concerning the military operations on the Dardanelles, but the London papers this morning contain a number of special despatches from that region in which the claims are made that the allies are steadily advancing under cover of the fire of the fleet, but not without meeting an opposition which is causing them heavy losses.

OCCUPY PENINSULA

British troops are reported in occupation of the narrow tongue of the peninsula to the north of the town of Gallipoli. Athens predicts that this campaign will last a long time, as the Turks occupy exceptionally well prepared defensive positions.

The fighting in the western arena of hostilities still centres around Steenstraete. This position occupied by the Germans forms an irritating wedge in the allied line.

In the east there has been some revival of activity along the line in Russian Poland, where improvement in weather conditions has led the Germans to make a number of isolated attacks. These, however, according to

Petrograd advices, have been repulsed. In the Carpathians and Bukowina preparations evidently are under way for a resumption of operations on a large scale, but as yet there has been no pronounced change in the relative positions of the contending forces in these localities.

Mr. Plyley preached a very inspiring sermon on "The Parable of the Sower," after which Miss Myrtle Norrie sang "His Eye Is on the Sparrow," very acceptably. Rev.
