JOHNSTON'S
FLUID BEEF

has been pronounced by leading scientists and physicians everywhere to be the most perfect form of concentrating nourishment at present known.

It is rapidly superseding Tea and Coffee in the colder European countries, and is served hot on draught in the fashionable Saloons and Restaurants.

As a Winter Beverage it is simply perfection, supplying heat in its natural state; stimulant in a thoroughly innocuous form; concentrated nourishment, rendering languid reaction impossible; and, above all, furnishing tone to the nerves, and substantial food for brain, bone and muscle.
