# PEMBER'S POMPADOUR AND DEMI- POMPADOUR

Are all the rage—as worn in London, New York and Paris—and are lighter and more natural than any other style ever produced.

**MADE ON A COMB**, and can be made to suit all the different features. Wear one of our bangs, and save curling or waving your own hair. In Switches, we give better value than any other firm, but every lady does not

require the same weight of switch. We manufacture our goods to suit our customers and the public generally, and not the eccentric ideas of others in the same business. Ladies, compare these prices, and you will not have any difficulty in deciding which is the best place to buy real Human Hair Switches:
