

EATON'S PRICE SURPRISES IN MISSES' WASH DRESSES AND JUMPER SUITS

Every young lady can take satisfaction, pleasure and profit out of wearing **EATON'S** wash dresses. They look stylish, fit perfectly, have the correct cut, and the material used presents a decidedly smart appearance. There are several good, common sense reasons why we can give you these exceptional values; and among others we may say that our turn over is of such enormous proportions that we can afford to take small profits on our quick, cash sales. In addition to this we do our own manufacturing thereby eliminating the profits of the manufacturer and the manufacturer's agent. In other words we offer you these handsome dresses at the bare cost of production plus the one small **EATON** profit only. In the event of your ordering one of these dresses and it not coming up to your expectations, send it back at once and we will exchange it for you, or refund your money in full and pay transportation charges both ways.
