

INTERNATIONAL STUDENTS

KNOW HOW IMMIGRATION LAWS AFFECT YOU

Under Canada's new Immigration Act, international students wishing to study in Canada must, in most cases, obtain visas and authorizations abroad before coming to Canada.* And they must also have an acceptance from a university, college or other institute of learning and be able to prove that they have enough money to support themselves in Canada while studying.

Once in Canada international students may not change schools or courses without first applying for an amended authorization. And although visiting students and their dependents may apply for work in Canada, they must obtain an employment authorization before accepting employment.

Students whose studies will continue beyond their authorized period must apply for an extension before their original authorization expires.

Any violation of these requirements could result in your having to leave Canada.

So if your course of study runs longer than the time specified, or you plan to change your course or institution, or you want to accept employment of any kind, contact your nearest Canada Immigration Centre without delay.

In Edmonton your Immigration Centre is located at 10506 Jasper Avenue, telephone 425-7865.

*Citizens and permanent residents of the United States and permanent residents of Greenland, St. Pierre and Miquelon may apply for authorizations at a Canadian port of entry, providing they already have a letter of acceptance from a Canadian school. However, because of the complexity of their cases, students from these four regions who will be staying in Canada for more than one year are advised to apply for authorizations at a Canadian government office in the country where they live rather than at a port of entry.

urbanism architecture environmental design

Professional careers as architect, city & regional planner, environmental scientist, urban policy analyst, architectural programmer, wildlife manager, urban designer, parks manager, building scientist, project manager.
