Hon. W.L.Mackenzie King,
Minister of Labour,
In care High Commissioner for Canada,
17 Victoria Street, S.W.
London, England.

My dear Mr. King:-

In your favor of August 15th. you ask me to say whether any members of the family are likely to be abroad this Summer. My daughter Susan (Mrs. Jay) and her husband are now with us on a visit, they having finished their tour of duty in Japan, having been transferred to Cairo, where Mr. Jay has been appointed Diplomatic Agent and Consul General. They went direct from Japan by way of the Red Sea to Cairo, and settled themselves there before taking their leave of absence. They expect to leave here about September 15th. via London and Paris for Cairo, and Martha will return with them for a few months visit in Egypt. In case you are in London or Paris about the first of October or later you can hear at our Embassy whether the Jays or Martha are in London or Paris, and I hope if you are there you will look them up.

Mr. and Mrs. Morgan (Caroline) are with us at Seabright, and we are greatly enjoying the family re-union. I do hope your official business may shape itself, so that you can see some of the
