

CANADA CLUB 126618

109 Seventh Avenue East

CALGARY, ALTA.....193.....

The following letter, copies of which were sent to all Service Clubs and prominent business and professional men in Calgary, will explain the objects of the Canada Club of Calgary. The replies which we have received show that we have a considerable body of opinion behind us in our endeavours to work out a constructive policy.

We have, in the Canada Club, the nucleus of the organization needed for the carrying out of our proposals which are keeping with the objects of the Club. The Canada Club of Calgary makes no "demands". We are working entirely along constructive lines for the re-establishment of the unemployed.
