Raymondale Holstein-Friesians

A herd sire of our breeding will improve your herd. We have sons of our present sire, Pontiac Korndyke of Het Loo (sire of \$12,750 Het Loo Pieterje), and also sons of our former sire, Avondale Pontiac Echo. Several of these are of serviceable age, and all are from good record dams. Quality considered, our prices are lower than anywhere else on the continent. Their youngsters should not remain long. Write to-day.

Canada.

BY WM. REVINGTON.

A verse in praise of Canada
Our own dear Native Land,
Of all Great Britain's Colonies,
No other is so grand.

It grows the finest fields of grain,
And the choicest fruits and flowers,
There is not in this universe,
A fairer land than ours.

The Province of Ontario,
It seems to be the best.
Where can you find its equal,
On the prairies of the West.

It has all the great inventions,
And everything to please,
They have even maple syrup,
If they tap the maple trees.

Here the Shamrock and the Heather,
And the rose trees faunest flowers,
Can all grow up together,
In this Canada of ours.

HOLSTEIN HERD AVERAGES 18,812 LBS. MILK

A herd of 13 pure-bred Holsteins last year averaged 18,812 lbs. milk and 638.57 lbs. fat. Do you realize the money there is in such cows? It is estimated that the average annual yield of all cows in this country is under 4,000 lbs. These 13 cows produce as much milk as 62 cows of the 4,000-lb. class.

Why feed, milk and shelter any more cows than you need to produce the milk you require? If interested in HOLSTEIN CATTLE send for booklet—valuable information they contain much

Nova Scotia Agricultural Short Course.

We are informed by Prof. M. Cumming that the first week of the Short Course at the Agricultural College has been completed. The unique feature of the course was that it was divided into two parts, there being a four days' preliminary course with a very full program suited to the needs of the farmer who could not spend more than that time away from his farm, to be followed by a continuation course of six days for those who were in a position to remain for a longer period.

Despite the high cost of railway fare and local boarding house rates that were almost as high as hotels used to be, 146 farmers enrolled in this preliminary course. In addition there were some 50 returned soldiers making in all 196. The preliminary course was successful from beginning to end and the interest unabated. The continuation course has an enrolment of 30 in addition to the returned soldiers already referred to.

I read in your paper how many years "The Farmer's Advocate" has been coming to one home. It has been coming here since it was first founded in 1866. We had one of the first issues. It came to my grandfather, then to my father, and now to myself.
