The BISSELL DISK HARROW, because built right

Sizes for
2, 3 and 4
Horses.

Does its work right. In a word—The Bissell Disk has the capacity. So many other disk harrows are lacking, and are a failure. The Bissell will loosen up the fall-plowed land ready for seeding. Will make a garden of a sod field, whether fall or spring plowed. Will prepare root, corn, rape or bean ground. Will work up the summer fallows. Will make a seedbed for fall wheat. Will work the hardest stubble ground after harvest and start an after-growth.

Nor are these all—but the special construction of this Disk insures all the work being more thoroughly accomplished, with less horse power than any other.

None genuine without the name "BISSELL."

Your inquiries by letter or post card promptly answered.

Manufactured only by

T. E. BISSELL, Elora, Ont.
