

We Will Buy

You a Bottle of Liquozone, and Give It to You to Try.

We make few claims of what Liquozone will do. And no testimonials are published to show what it has done. We prefer that each sick one should learn its power by a test. That is the quickest way to convince you.

So we offer to buy the first bottle and give it to you to try. Compare it with common remedies; see how much more it does. Don't cling to the old treatments blindly. The scores of diseases which are due to germs call for a germicide. Please learn what Liquozone can do.

What Liquozone Is.

The virtues of Liquozone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquozone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquozone is not only harmless, but helpful in the extreme. This is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquozone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to

Liquozone after thousands of tests had been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfil this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. To-day there are countless cured ones, scattered everywhere, to tell what Liquozone has done.

But so many others need it that this offer is published still. In late years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show those sick ones—at our cost—what Liquozone can do.

Where it Applies.

These are the diseases in which Liquozone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

|---------------------|---------------------|
| Asthma | Gout |
| Abscess—Anemia | Gonorrhoea—Gleet |
| Erysipelas | Hay Fever—Influenza |
| Blood Poison | La Grippe |
| Bowel Troubles | Leucorrhoea |
| Coughs—Colds | Malaria—Neuralgia |
| Consumption | Piles—Quinsy |
| Contagious Diseases | Rheumatism |
| Cancer—Cataract | Scrofula—Syphilis |
| Dysentery—Diarrhoea | Skin Diseases |
| Dyspepsia—Dandruff | Tuberculosis |
| Eosina—Erysipelas | Tumors—Ulcers |
| Fever—Gall Stones | Throat Troubles |

Also most forms of the following:
Kidney Troubles Liver Troubles
Stomach Troubles Women's Diseases
Fever, inflammation or catarrh—impure or poisoned blood—usually indicate a germ attack.
In nervous debility Liquozone acts as a vitalizer, accomplishing remarkable results.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it to-day, for it places you under no obligations whatever.
Liquozone costs 50c. and \$1.

CUT OUT THIS COUPON.

Fill it out and mail it to The Liquozone Company, 428-444 Wabash Ave., Chicago.

My disease is

If I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

W 414. Give full address—write plainly.

Note that this offer applies to new users only. Any physician or hospital not yet using Liquozone, will be gladly supplied for a test.

Shallow vs. Deep Plowing.

(Ottawa Correspondence.)

Much has been said regarding the advisability of shallow as opposed to deep plowing. The shallow system has had among its advocates some of the leading agriculturists of the country, including among the number some of the professors at a number of the prominent educational institutions. In connection with this question, the result of an experiment, conducted at the experimental farm this season, will be of interest. Two acres, which had been plowed five inches deep, yielded 24 tons 411 lbs., and 26 tons 160 lbs. of roots respectively. Another two acres, plowed seven inches deep, yielded 30 tons 740 lbs., and 29 tons 860 lbs. of roots respectively; that is, one acre yielded 30 tons 740 lbs., and the other 29 tons 860 lbs., or about five tons per acre more than the field that was shallow plowed. This experiment would seem to indicate that for roots at least, deep plowing is to be preferred.

A Good Year in Lincoln County.

The season of 1905 has been a very busy one for the farmers. All the crops have been good, and the tiller of the soil has been well repaid for his labor. Wheat, oats and barley have yielded splendidly in most parts of the country. The root crop is not up to former years. Potatoes in some parts of the country are almost a failure, while in some parts they are quite good. The continued wet weather has delayed some branches of work to a certain extent, but will be a help in other ways no doubt.

Fall plowing is about finished, and a great deal has been done. Farmers are raising more spring grains and less wheat than in former years, as they think wheat at the prices that it has been for a few years does not pay as well as spring grain. An effort is being put forth to improve all lines of live stock. Cattle and hogs are a fairly good price, and quite a number are raised. Sheep are in good demand. Common grade breeding ewes range from \$7.50 to \$8.50 each. The summer has been fine; no severe storms to speak of. Fall pasture is good, and stock is coming into winter quarters looking well. J. E. N.

Corn and Roots Yielded Well.

(Ottawa Correspondence.)

All the crops have been harvested at the Central Experimental Farm, and in all lines the yields were excellent. The total yield of roots was 848 tons 1,775 lbs. This crop was grown on about thirteen acres, or, in other words, the yield was over 25 tons per acre. The total yield of corn was 736 tons, grown on about 40 acres. The varieties grown were the Longfellow, Selected Leaning and Early Mastodon. On one ten-acre field that had grown a crop of grain in 1904, the yield of corn this year was 181 tons 1,840 pounds. On another ten-acre field, which was a meadow in 1904, the yield of corn this year was 199 tons 1,915 lbs. This would seem to indicate that corn does better on sod than on stubble.

Many farmers in Eastern Ontario are not growing as much corn as they were a few years ago, and in some cases silos have been abandoned. Intelligent agriculturists look upon this as a mistake, as they realize that corn is one of the most profitable crops that can be grown.

To ascertain whether a soil is deficient in lime, take a fair representative sample of the soil, dry and crush it. Then put a couple of ounces into a tumbler with a little water so that it forms a thin paste. To this add two ounces of hydrochloric acid, which can be bought cheaply at any chemist's. If the mixture effervesces quickly, it is an indication that lime is not deficient. If there is scarcely any effervescence, the soil may be characterized as poor in lime. If the result of the experiment is doubtful, send a sample of the soil to an agricultural chemist, who should give definite information for a small fee. To get a representative sample of soil, take samples from several parts of the field, but not near the edges, to a depth of 6 inches to 9 inches, and mix the different lots well together.

Cures from all over Canada

Weak Men in every County and Town throughout the Broad Dominion Restored to Robust Manhood by the use of Dr. McLaughlin's Electric Belt.

READ THE EXPRESSIONS OF GRATITUDE:

- J. C. JAMISON, of Elmside, Que.,** says: "I have not had a touch of Rheumatism after one week's use of your Belt. I am completely cured."
D. JANNISON, Steelton, Ont., writes: "I have been cured of weakness and varicocele, and feel like a different man; would not be without your Belt for any money."
C. H. McKAGUE, Roland, Man., has this to say: "After ten days' use of your Belt, the losses have stopped, my stomach is digesting its food, and the constipation is a thing of the past. You have my sincere thanks."

Men with small, flabby muscles, thin-chested, dull-eyed, short of breath, without endurance, courage, ambition, sand or grit in their make-up, are WEAK MEN. If they were not born weak, I can make physical giants of them.

HERE IS MORE PROOF OF MY CLAIMS.

- J. LARGESS, Box 53, Vankleek Hill, Ont.,** reports: "The lameness in my back is all gone, the varicocele is better, and I am getting better health generally, and have gained a good deal in weight."
JAS. HATT, Beech Hill, N.S., says: "The pains in my chest and back are all gone, and I have gained fifteen pounds in weight. It is a pleasure to say that I have at last found a remedy that would cure me of my aches and pains."

Where there is any physical constitution to work on my treatment will develop perfect manhood. I will take the slightest spark of manly vigor and fan it into a flame which will encompass the whole structure and charge every nerve and muscle in the body with the vigor of youth.

EVIDENCE THAT CANNOT BE DENIED.

- T. J. SWEENEY, care of Seaman's Inst., St. John, N.B.,** has this to say: "The pains in my back have gone, and the varicocele has disappeared, and it has done me much good otherwise. I will always recommend it."
JAS. S. BRYSON, Maple Creek, Assa., expresses his gratitude by saying: "Your Belt has done me a world of good. I would not be without it if it cost double the price which you ask."
W. H. EATON, 512 Cordova st., E. Vancouver, B.C., is thankful because after four days' use of his Belt he was cured of a very severe case of Rheumatism, and has not had a pain since.

MY BELT CURES Nervous Weakness, Pains in the Back and Limbs, Rheumatism, Kidney and Stomach Troubles, Varicocele, Loss of Strength, and all the effects of wasted force in Men and Women.
TO STAY CURED.

NOT A CENT UNTIL CURED.

That is my offer. You take my latest improved appliance and use it in my way for three months, and if it does not cure you, you need not pay me. My only condition is that you secure me so that I will get my money when you are cured.
